 Affiliated to the Savitribai Phule Pune University

ELIGIBILITY CRITERIA

The candidates seeking admission to M.ARCH must comply with the eligibility criteria of Council of Architecture and Competent Authority of Maharashtra state

ABOUT THE COURSE :

Architectural Conservation is a multi-disciplinary stream that aims at training architects in tackling conservation issues at the planning level, interpreting history in modern context, dealing with structural issues and documentation of cultural and built heritage.

Sinhgad College of Architecture offers two years full time Masters Course in Architectural Conservation. The Course train Architects in structural conservation, conservation planning, Art Conservation and the philosophical underpinnings of the discipline.

The Faculty consists of prominent professionals from multiple disciplines like Conservation, Archaeology, Sociology, Art History and Anthropology. The Department carries out extensive research and documentation of heritage and works on various types of heritage conservation projects.
