## III. FREQUENCY OF THE GOVERNING BODY MEETING AND COLLEGE DEVELOPMENT COMMITTEE

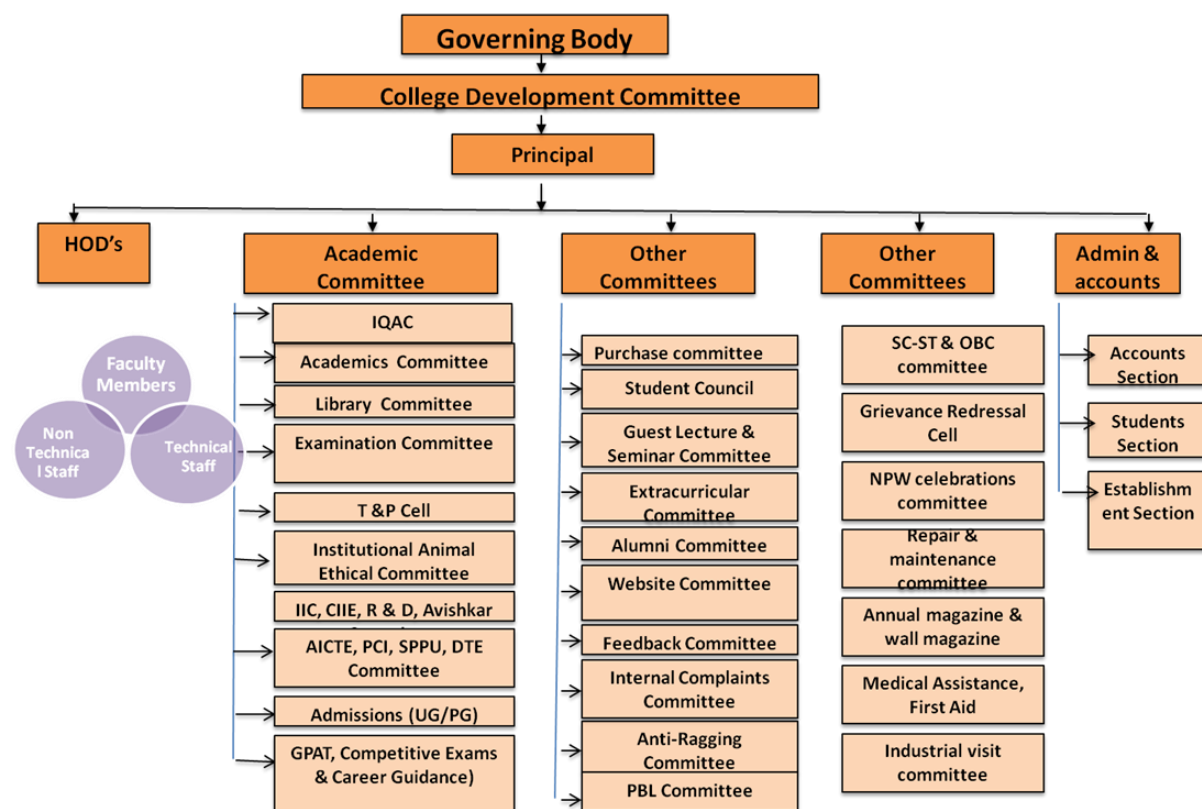

Normally the Governing Body meets minimum twice in a year & College Development Committee meets four times in a year, these bodies may conduct meetings as many times as required. Minutes are confirmed along with Action Taken Report (ATP) on decisions taken in the previous meetings. The Principal, being Member-Secretary of both bodies, communicates all correspondence in this regards.

### Date of last meeting:

Governing Body: 24/11/2021

College Development Committee: 24/11/2021

#### IV. ORGANIZATIONAL CHART AND PROCESS

The functioning/responsibilities/duties/accountability of all Bodies/Committees are within the scope of the Acts/laws governing the Sinhgad Technical Education Society and College i. e. the Society's Registration Act, 1961, The Bombay Public Charitable Trust Act, 1950, The AICTE Act, 1988, The Pharmacy Act 1945, Maharashtra Universities Act 1994, The Public Universities Act, 1994 and amendments made there under from time to time and directives of the State & Central Government.

#### V. NATURE AND EXTENT OF INVOLVEMENT OF FACULTY AND STUDENTS IN ACADEMIC AFFAIRS / IMPROVEMENTS.

The faculty is deeply involved through a system of governance and otherwise too in all academic affairs. Five members representing teaching staff on College Development Committee as per provision of Maharashtra Universities Act, 1994 and four sub-committees of Governing Body with one representation on each sub-committee clearly vouch for the teachers' involvement & significance in managing academic institution. Besides this, institute has established Students Counselling Cell headed by Principal and teaching staff as members to provide counselling on Career Planning, Academic Improvements and Personal Affairs. It has been established that it helps in building confidence in students that facilitates the learning process and develop excellent rapport between staff & students. The Student Council is also established as per the provisions of the Maharashtra Public Universities Act, 2016 helps in initiating various programmes of interest on academics, sports and profession of Pharmacy.

#### VI. MECHANISM / NORMS & PROCEDURE OF DEMOCRATIC / GOOD GOVERNANCE

The Maharashtra Universities Act, 1994 enacted by the State Government has made enough provisions for the selection, appointment, terms & conditions of service, types & number of leaves, age of superannuation, seniority criterion, job responsibilities / description, promotion policies, etc. and some are scrupulously followed.

The AICTE Sixth Pay Scale, and State Government allowances are being paid along with benefits of EPFO Scheme to eligible employees plus gratuity benefits, leave encashment are given to all employees thereby it helps in providing good system of democratic & good governance. The reservation policy of Government of Maharashtra is strictly implemented through university while appointing teaching staff of the College.

The Sinhgad Technical Education Society follows its own policy of promotion to the deserving staff who have made significant contribution to the cause of education as a reward to retain & attract the highly talented human resource.

The institute follows all systems of good governance as laid by the State, Central Govt. and various statutory bodies governing the institute.

## **VII. STUDENT FEEDBACK ON INSTITUTIONAL GOVERNANCE / FACULTY PERFORMANCE**

Students feedback on staff performance; a confidential activity carried by the principal provides very important data on strengths & limitations of every faculty. It ultimately helps in promoting right person in higher cadre, giving opportunity for staff for further improvement in teaching and if required supports a decision of removal of any non-performing staff. This feedback proforma covers all parameters of teaching- learning process and aimed at quantitative evaluation of teaching abilities and depth of involvement of staff in student's performance. It is one of the most reliable data generated every year about strengths, weakness of teaching staff. The same criterion is applied for assessment of institutional governance.

## **VIII. GRIEVANCE REDRESSAL MECHANISM FOR FACULTY, STAFF AND STUDENTS.**

The University Tribunal established as per the provisions of Maharashtra Universities Act, 1994 by the University of Pune, provides Grievance Redressal System for faculty & non-teaching. It is headed by the Justice of high court & is functioning from the premises of Pune University.

All matters of grievances, governing the services of teaching & non-teaching staff are heard and settled as per the legal procedures.

As an internal system of grievance redressal, the Sinhgad Technical Education Society has adopted open to all policy' to encourage and listen voices of all staff of the institute to keep openness & transparency in working. However, every person is given opportunity of equal & natural justice before taking decision on all matters concerning the service conditions.

## **IX. ESTABLISHMENT OF ANTI RAGGING COMMITTEE**

### **ANTIRAGGING CELL**

Ragging is totally prohibited in Universities, in its constituent units and affiliated colleges inside and/or outside the campus and anyone found guilty of ragging and/or abetting ragging whether actively or passively, or being a part of conspiracy to promote ragging, is liable to be punished in accordance with UGC (F.1-16/2007(CPP-II, dated 17/6/2009) and AICTE (F.No.37-3/Legal/AICTE/2009 dated 1/7/2009) regulations as well as under the provisions of any penal law for the time being in force. Institute ensures that the congenial and welcoming environment is given to the freshers.

To achieve this objective Anti-Ragging Committee is formed by the institute every year as per UGC and AICTE regulations.

**Education:**

B. Pharm. (1990): Shivaji University, Kolhapur

M. Pharm. (1992): University of Pune, Pune

Ph.D. (2002): University of Pune, Pune

**Professional Work Experience:**

- Principal and Professor, Pharmaceutical Chemistry: S.T.E.S.'s Smt. KashibaiNavale College of Pharmacy, Kondhwa, Pune – 48: 2005 Onwards.
- Principal and Professor, Pharmaceutical Chemistry: S.T.E.S.'sSinhgad Institute of Pharmaceutical Sciences, Lonavala: 2004-05.
- Professor & Principal: 2002-04; Assistant Professor & In-charge Principal: 1996-2000; Lecturer & In-charge Principal: (1991-96): PDEA's P.D.E.A.'s SGRS College of Pharmacy, Saswad, Pune.
- Chief Manager-R & D: Sanjivani Remedies Ltd, Pune: 2000-2002.
- Trainee Production Officer: Sterile Products Manufacturing, Abbott Laboratories (I) Ltd, Mumbai: June 1990-August 1990

**Professional affiliations:**

- Chancellor /Governor nominee & member, Board of Management, Yashwantrao Chavan Maharashtra Open University (YCMOU), Nasik (Oct 2007-Oct 2010).
- Chairman, Board of Studies in Pharmaceutical Chemistry, University of Pune (Aug 2005 to Aug 2010).
- Member, Academic Council, University of Pune (Aug 2005 to Aug 2010).
- Member, Faculty of Pharmaceutical Sciences, Research & Recognition Committee, BUTR, University of Pune (Aug 2005 to Aug 2010).
- Member, Faculty of Pharmaceutical Sciences, University of Pune (May 2011 onwards).
- President, Indian Pharmaceutical Association, Pune branch (Aug 2010-onwards). Vice-President, Indian Pharmaceutical Association, Pune branch (2008-2010).
- Secretary, Indian Pharmaceutical Association, Pune branch (2005-2008).
- Inspector, Pharmacy Council of India (PCI). Expert Committee Member of All India Council for Technical Education (AICTE) for evaluation of proposals for establishment & extension of approvals of pharmacy colleges in States of Gujarat & Maharashtra.
- Recognized Guide for Ph. D and PG in Pharmaceutical Chemistry of Pune University.
- Chairman & Member of Local Inquiry Committee (LIC) of University of Pune.
- Vice-Chancellor's Nominee & Subject Expert, University Staff Selection Committee.
- Chairman, Protocol Committee, Indian Pharmaceutical Congress, Pune (2002).

## 20. BEST PRACTICES:

1. Title of the Practice	<b>“Mentor Mentee” Scheme</b>
2. Goal	<p>“Mentor Mentee” scheme is for continuous academic monitoring of students for technical as well as soft skill enhancement which results in improved employability.</p> <p>Continuous monitoring of academic performance of students including their attendance and performance in internal exams as well as providing a support system to guide and motivate the students.</p> <p>To identify and solve personal and health related problems of the students</p>
3. The Context.	<p>“Mentor –Mentee” Scheme was introduced in the year 2009, with a view to advance the educational and personal growth of students. Each mentor teacher establishes a strong and caring bond with his/her mentee students.</p> <p>The institute has a “Mentor Mentee” Program for all the students <i>i.e</i> First, Second, Third and Final Year. Under this initiative, one teaching faculty, alumni &amp; Industry expert are appointed for every 20-25 students as their mentors. The role of the appointed faculty mentor is to continuously monitor the academic performance such as daily attendance of the these 20-25 students in lectures and practical, reporting the absentees of the students to their parents on a daily basis telephonically, monitoring their performance in internal examinations and conducting meetings with them regularly to discuss and address academic as well personal problems of the these 25 students. Role of alumni and industry mentor is to create awareness regarding current requisites of corporate industry and motivate students for skill upgradation. The details of the above work are maintained in a booklet by the respective Mentor.</p>
4. The Practice.	<ul style="list-style-type: none"><li>• Every student has his own strengths and weaknesses. Mentor is a guardian to his students and he/she knows and understands his students personally.</li><li>• In each class, weak students are identified by the mentor and reported to other faculty members teaching to that class and subsequently more efforts are taken to upgrade and improve these students.</li><li>• Parents are regularly updated about the performance of their ward by his/her mentor and thus they are also involved in this process.</li><li>• Mentor acknowledges and addresses the problems faced by the students like poor academic performance, problems related to infrastructural facilities, and personal problems. The Mentor and also motivate and guide the students.</li><li>• Knowing the student personally and communicating with him/her like a guardian develops a personal connect between the mentor and student which is the prime goal of this program. This in turn develops a sense of confidence, support and security in the students and they are in a better position to face the academic challenges.</li><li>• Effective communication with the students helps their respective mentors to understand their strengths and weaknesses. Hence they can mentor them in the</li></ul>

	<p>right direction. In some cases, counseling for time management, stress management etc. is also provided to the students by their Mentor.</p> <ul style="list-style-type: none"> <li>• All these activities undertaken by the mentor like daily call records to the parents, meetings, minutes of meetings, student performance etc. are recorded in a booklet which is maintained by each and every Mentor.</li> <li>• Due to outbreak of Corona Virus Pandemic there was transition to virtual mentoring to ensure physical distancing does not mean social disconnection.</li> </ul>
<b>5. Evidence of Success</b>	<p>This scheme has led to improvement in attendance of students and ultimately their performance in academics.</p> <p>This scheme helped to identify some students who required counseling and such students were counseled by psychiatrist who is appointed at Sinhgad Technical Education Society's urban health care centre.</p> <p>Many of the problems faced by the students have come up in the meetings with respective mentors and they have been addressed by the faculty members and management (if required).</p>
<b>6. Problems Encountered and Resources Required</b>	<p>Efforts have to be made to inculcate sense of guardianship in the faculty members for increased effectiveness of the "Mentor Mentee" Scheme. Making the students realize the importance of sharing their problems/issues with their respective mentors.</p> <p>Human resources:</p> <ol style="list-style-type: none"> <li>1. Mentor- Teacher</li> <li>2. Mentee-Students</li> </ol> <p>Material resources:</p> <ol style="list-style-type: none"> <li>1. Mentor-Mentee Booklet</li> </ol>

<b>1. Title of the Practice</b>	<b>LEARNING BY DOING</b>
<b>2. Goal</b>	<p>To provide formal platform to students to explore various dimensions of their personality. This will facilitate them to understand &amp; attain course objectives related to soft skills &amp; attitude building. “Learning by doing” is practiced to:</p> <ul style="list-style-type: none"> <li>• Promote student centric learning by encouraging them to participate in various events, competitions and activities held in college.</li> <li>• Experience and develop the basic skills like management, organizing, planning, relationship building etc. So they are ready to enter job market.</li> <li>• Boost the confidence of students of all background and help them come out of their shell.</li> <li>• Inculcate moral / ethical values.</li> </ul>
<b>3. The Context.</b>	<p>‘<b>Nothing for us without us</b>’ was the slogan by NAAC declared in the year 2006, the year of “Students participation in quality enhancement” in order to emphasize vital role of the students not only as the main stakeholders of any institution but also important participant in the improvement of quality of an institution. At Smt. KashibaiNavale College of Pharmacy, we believe that education today needs to be experiential for students to sharpen the practical skills which prepare them for future. We are continuously working on innovative programs, both academic and extra-curricular to provide transformational &amp; exceptional educational experience which helps our students to evolve as lifelong learners, professionals and global citizens.</p>
<b>4. The Practice.</b>	<p>Students’ council and committee members (students) are appointed for each event, activity or competition held at SKNCOP throughout the year. Students take ownership of their learning, set targets and perform the task/activity with the support of teachers. They become responsible and understand that their actions have impacts on others and on the environment. Learning by doing is practiced by the students not only by participation but also organization of the following events/activities/competitions on regular basis.</p> <p>Events: Seminars and Workshops, Teachers’ Day Celebration, Induction Program (Interaction with Juniors), Birth and death anniversaries of national identities, Fresher’s Party, Farewell function</p> <p>Competitions: SinhgadKarandak-a. Neon (Sinhgad idol, Fashion show, Stage Play, Dance, Mr. and Ms. Sinhgad), b. Tectonic (Bravura), c. Sports (10-15 different sports), Cultural Days Celebration, National Pharmacy week celebration (15 different competitions)</p> <p>Activities: Problem Based Learning (PBL), National Service Scheme (NSS), Annual Magazine – “Essence-Exploring Ideas”, Wall Magazine</p>
<b>5. Evidence of Success</b>	<p>SKNCOP facilitate different student attributes through “Learning by Doing” so the students possess knowledge, skills and values to enable them to cope with dynamic employment opportunities, but they must also understand, through the benefits and constraints of their disciplinary perspectives, who they are and how they might</p>

	<p>contribute positively to the heterogeneity they will encounter in their local, regional and global communities.</p> <p>Some common student attributes which are facilitated by following “Learning by doing” include:</p> <p>Personal attributes such as self-awareness, self-confidence, personal autonomy/self-reliance, flexibility and creativity; and personal values such as ethical, moral and social responsibility, integrity, and cross-cultural awareness.</p> <p>Professional attributes such as critical thinking skills, like intellectual curiosity, analytical reasoning, problem-solving and reflective judgment; effective communication; leadership and teamwork skills; research and inquiry skills; information literacy; digital literacy etc.</p> <p>Thus, Learning by Doing ensures holistic development of students which help them to acquire competence and excel in their personal and professional life.</p>
<b>6. Problems Encountered and Resources Required</b>	<p>Some students get carried away and lose focus on academics. Such students are identified and counselled by their mentors through Mentor-Mentee Scheme, for improvement of their academic performance</p> <p>Human resources:</p> <ol style="list-style-type: none"> <li>1.
