**RMD Sinhgad School of Management Studies Campus, Warje, Pune**

Dear Students,

New batch of MBA students is arriving. At the same time, senior batch is getting ready for their placement. I welcome you all in this new academic year which is going to bring positive changes and excitement

all over! This change is going to happen in your academic and professional life as well.

Most of you have finished with your SIP and must have been reporting to your respective Project Guides in institute. You can start preparing your project reports now because later you may not get time. We have many plans for you all!

3rd semester will be starting with STP – Student Training Program. It is a package of developing communication, GD, PI, Aptitude, General Knowledge and all other required Managerial skills. Complete program have already been chalked out. There is going to be a periodic review of your progress. You will be guided on various aspects of improving your skills. There will be expert trainers coming in at different point of time before commencing your placement season.

Along with that, there will be various HBSP case studies that will help you in improving your analytical and decision making skills. These case studies are already identified and discussed among faculty members. There will be specialization wise case studies and will give you right perspective of situational decision making.

We are also venturing into forming MOU (Memorandum of Association) with versatile industries. This is with the view of increasing Industry – Institute Partnership. There will be various industrialists across dimensions associated with us to guide students and give their valuable suggestions.

We are also forming Industry Board. There will be experts from industry coming in and giving their inputs to bridge the gap between industry and academia.

We will also be offering value added sessions / modules / courses such as Lean, Kaizen, Six Sigma etc. useful for all specializations. You should take advantage of such offering.

New batch of MBA course will be commencing from 1<sup>st</sup> week of August. Seniors need to be a part of their induction program. Ultimately, you will be executing it. Prepare well to offer them warm welcome!

Start checking your registered email ID. There will be regular emails coming to you asking for your updated profile, SIP details, and registrations for various companies visiting to campus etc. Remain up to date and respond well in time.

As soon as possible, complete your SIP and 2<sup>nd</sup> year admission process and get on board. Next 3 months are going to be full of work and all-round development!

**Prof R K Singh**  
Placement Coordinator

Dear Students, Greetings from RMDSSOMS Placement Cell to one and all.

It gives me immense pleasure to inform all that this year we had 1000 plus companies visiting campus and the overall placement scenario has been very good. We at RMDSSOMS placed 150+ students out of 240 with the cumulative efforts of CPC and all our faculty members.

The ongoing efforts put in for the same were continuous Mock Aptitude Tests, Group Discussions, personal interviews, Domain Knowledge Tests, Personal Grooming sessions, Guest Lectures by Industry experts, live projects, industrial visits, Summer & Winter Projects, regular presentations, management games.

All these efforts put together were very helpful in providing a distinct advantage to our students. Students got ample interview opportunities and the highest CTC from our campus was 5.2lacs.

We look forward to add another 500 companies this year who will be interested to take our groomed students.

### Some of our Best Placements

Pratap Naik  
**EINS Dducation**

Ravindra Puranik  
**Markets & Markets**

Sarabjit Singh  
**Capital Via**

Shrikant Waghulkar

प्रिय गुरुजी,

सगळीच माणसे न्यायप्रिय नसतात,  
नसतात सगळीच सत्यनिष्ठ,  
हे शिकेलच माझा मुलगा कधी ना कधी.  
मात्र त्याला हे देखील शिकवा,  
जगात प्रत्येक बदमाशागणिक  
असतो एक साधूचरित , पुरुषोत्तमही  
स्वार्थी राजकारणी असतात जगात,  
तसे असतात अवघं आयुष्य समर्पित करणारे नेतेही.  
असतात टपलेले वैरी , तसे जपणारे मित्रही,  
मला माहित आहे !  
सगळ्या गोष्टी झटपट नाही शिकवता येत.....  
तरीही जमलं तर त्यांच्या मनावर ठसवा,  
घाम गाळून कमावलेला एकच छदाम,  
आयत्या मिळालेल्या घबाडापेक्षा मौल्यवान आहे.  
हार कशी स्वीकारावी ते त्याला शिकवा  
आणि शिकवा विजयाचा आनंद संयमाने घ्यायला ,  
तुमच्यात शक्ती असती तर .....  
त्याला द्वेष मत्सरापासून दूर रहायला शिकवा  
आणि शिकवा त्याला आपला हर्ष संयमाने व्यक्त करायला.  
गुंडांना भीत जावू नको म्हणावं,  
त्यांना नमविणे सर्वात सोपं असतं.  
जमेल तेवढं दाखवित चला त्याला ,  
ग्रंथ भांडाराच अदभूत वैभव.

मात्र त्याबरोबरच ,  
मिळू दे त्याच्या मनाला निवांतपणा,  
सृष्टीचं शाश्वत सौंदर्य अनुभवायला ,  
पाहू दे त्याला , पक्षांची अस्मान भरारी .....  
सोनेरी उन्हात भिरभिरणारे भ्रमर .....  
आणि हिरव्यागार डोंगर उतारावर डुलणारी चिमुकली फुलं.....  
शाळेत त्याला हा धडा मिळू दे ,  
फसवून मिळालेल्या यशापेक्षा ,  
सरळ आलेल अपयश श्रेयस्कर आहे .  
आपल्या कल्पना, आपले विचार ,  
यांच्यावर दृढ विश्वास ठेवायला हवा त्याने ,  
बेहतर आहे सर्वांनी त्याला चूक ठरवलं तरी ,  
त्याला सांगा .....  
भल्याशी भलायीन वागावं,  
आणि टग्यांना अहल घडवावी .  
माझ्या मुलाला हे पटवता आल तर पहा .....  
जिकडे सरशी तिकडे धावत सुटणार्या भारूगदीत,  
सामील न होण्याची ताकद त्यान कमवायला हवी ,  
पुढे हेही सांगा त्याला ,  
ऐकावं जनाच अगदी सर्वांच .....  
पण गाळून घ्यावं ते सत्याच्या चाळणीतून ,  
आणि फोलपट टाकून निव्वळ सत्व तेवढं स्वीकाराव.  
जमलं तर त्याच्या मनावर बिंबवा,  
हसत रहावं उरातल दुख्ख दावून ,  
आणि म्हणावं त्याला  
आसवांची लाज वाटू देऊ नको.

त्याला शिकवा .....  
तुच्छतावाधाना तुच्छ मानायला ,  
अन चाटुगिरीपासून सावध रहायला .  
त्याला हे पुरेपूर समजवा की ,  
करावी कमाल कमाई त्याने, ताकद आणि अक्कल विकून,  
पण कधीही विक्रय करू नये, हृदयाचा आणि आत्म्याचा.  
धिकार करणार्यांच्या झुंडी आल्या तर,  
कानाडोळा करायला शिकवा त्याला.  
आणि ठसवा त्याच्या मनावर,  
जे सत्य आणि न्याय वाटते,  
त्याच्यासाठी पाय रोवून लढत रहा.  
त्याला ममतेन वागवा,  
पण, लाडावून ठेवू नका.  
आगीत तावून सुलाखून निघाल्याशिवाय  
लोखंडाच कणखर पोलाद होत नसतं,  
त्याच्या अंगी वाणवा अधीर व्हायचं धैर्य,  
अन धरला पाहिजे धीर त्याने,  
जर गाजवायच असेल शौर्य .  
आणखीही एक सांगत रहा त्याला .....  
आपला दृढ विश्वास पाहिजे आपल्यावर,  
तरच जडेल उदात्त श्रद्धा मानवजातीवर,  
माफ करा गुरुजी,  
मी फार बोललो आहे \_  
खूप काही मागतो आहे.....  
पण पहा.....  
जमेल तेवढ अवश्य कराच,  
माझा मुलगा, भलताच गोड छोकरा आहे हो तो.

Lincoln was the 16th president of the United States and one of the great American leaders

### Flash Flood Safety

- Flash floods are the #1 thunderstorm-related killer
- Most flash flood deaths occur in vehicles
- Moving water 1-2 feet deep will carry away most vehicles
- Keep children away from creeks and washes when heavy rain is in the area
- Be especially careful at night when water depth and road conditions are harder to see

*Turn Around, Don't Drown!*

### Downburst Winds

- Thunderstorms frequently produce strong downward rushes of air, called microbursts
- These winds can gust in excess of 100 mph, and cause extensive property damage
- Downbursts may generate areas of dense blowing dust
- If downbursts approach move inside a sturdy building and stay away from windows

*Pull Aside – Stay Alive!*

### Lightning Safety

- No place outside is safe from lightning during a thunderstorm
- Lightning can strike up to 10 miles away from a storm
- If you hear thunder, lightning is close enough to strike you
- Move inside a strong building or an enclosed hardtop vehicle
- Avoid contacting inside wiring and plumbing during a thunderstorm; this includes appliances and corded phones
- Stay in shelter for 30 minutes after the last thunder
- If someone is struck by lightning, call for help immediately

*When Thunder Roars, Go Indoors!*

### Thunderstorms and Dust Storms

- Thunderstorms frequently produce strong downward rushes of air, called microbursts that spread out along the ground that spread dense blowing dust or haboobs
- DO NOT drive in a dust storm
- If you do get caught up in a dust storm while driving, avoid running into another vehicle and make your vehicle less likely to be hit:
  1. Pull off the road and put the vehicle in park
  2. Turn off the lights
  3. Take your foot off the brake pedal

*Pull Aside – Stay Alive!*
