

<b><i>Title of the Research Project</i></b>	Behavior of concrete column confined with fiber composites	
<b><i>Period of Research</i></b>	2011 to 2013	
<b><i>Funding Agency</i></b>	Savitribai Phule Pune University	
<b><i>Reference Number</i></b>	BCUD/OSD/512 Dated- 15/2/2011	
<b><i>Name of the Principal Investigator</i></b>	Mr. P. B. Kodag	
<b><i>Name of the Co-Investigator</i></b>	NA	
<b><i>Grant Received (Rs.)</i></b>	2, 00, 000/-	
<b><i>Objectives of the project</i></b>	<ul style="list-style-type: none"> <li>• To study parameters of FRP and its effect on performance of FRP Wrapped members.</li> <li>• To test the data for verification of previous study carried out.</li> <li>• To evaluate contribution of FRP to Load Carrying Capacity of the structural elements.</li> </ul>	
<b><i>Number of UG/PG Project Groups</i></b>	1 project group of Final Year Civil Engineering students have been oriented to work on performance of FRP Wrapped members.	
<b><i>Publications out of this Research (if any)</i></b>	Nil	
<b><i>Photograph of Equipment Fabricated / Instruments purchased</i></b>	<ul style="list-style-type: none"> <li>• Mechanical Strain Gauge 100 mm</li> <li>• Mechanical Strain Gauge 200 mm</li> </ul>	
<b><i>Any other information</i></b>	Nil
