IV. Organizational chart and processes

V. Nature and Extent of involvement of Faculty and students in academic Affairs / improvements

➤ The Philosophy behind Faculty Student Involvement:

The focal point of our educational institute is “student” therefore all the activities are directed towards all round development of students, further every activity is evaluated through suitable mechanism which will express the result in terms of curricular and academic development of students on professional horizon. Sinhgad Institute of Pharmaceutical Sciences is an organization engaged in ‘Human Processing’ catering the need of professional education by academic development and training through academicians & professionals of competence. Thus the involvement of faculty members at each and every step is imperial and indispensable.

In SIPS, special emphasis has been placed on developing an environment highly conducive to building of a solid foundation of knowledge, personality development, confidence building, and pursuit of excellence, self-discipline and enhancement of creativity through motivation and drive, which helps to produce professionals who are well trained for the rigors of professional and social life. All Students are encouraged to participate in various research competitions to enhance their competitiveness and to make aware them about new techniques coming in Pharma market. We are having developed labs with required equipment and other facilities dedicated for specific area of specialization

➤ Concept of Faculty Involvement and Student Involvement

The faculty focuses on over all development of students and also involved in strengthening practical skill, team work, communication skills and preparing students for life-long learning. The faculty uses innovative techniques, interactive lectures, guided case studies, literature survey, regular assignments, project work and critical and creative thinking. The faculty stresses on learner centric, active and collaborative learning. Lab and Library are used for developing skills to use and apply various general professional competences. Our Institute lays down Mission, Vision and Objectives in shaping the profile of the graduates. These are discussed, validated and converted in curriculum and teaching practice to achieve the desired goals.

To motivate the students, faculty members always praise and encourage them for various extra and co-curricular activities. Advanced learners are encouraged to improve their skills, knowledge and overall performance by arranging various guest lectures, seminars, conferences and personality development programs. We encourage student to participate in various activities like poster presentation, seminars, quiz competition and Techtonic (Eureka, Simulation, 3D modeling and Ad-mad show), industrial training and visit etc. To develop research temperaments amongst the student faculty members assign mini research projects on current trends in pharmaceutical sciences. The advanced learners and rankers are appreciated by awarding certificates and medals Symposiums / Interactive Sessions / Seminars / Guest Lectures / Presentations are frequently organized; both in house and by inviting eminent external speakers to improve the quality of knowledge and skills. Students are encouraged to explore the environment through participation in professional /curricular / co-curricular activities outside the Institute.

System of student mentoring has been put in place. Feedback is analyzed at all levels as also during meetings of various forums to imbibe and include new and valid suggestions.

Faculty is encouraged for undertaking R&D projects and do research to upgrade their knowledge. Faculty is supported through financial incentives to attend conferences/ presentations / seminar sand submit the reports, which are shared in the department for mutual benefit and enhancement of knowledge.

Student over all development is achieved through annual cultural, technical fests, various events, parties, treks, outings, Industrial Visit and other spontaneous activities to maintain high levels of enthusiasm and team integration. Focusing on technical, literary, sports, and cultural competitive activities, apart from serving as a retreat from intense academic loads, these extracurricular activities presents with an opportunity this builds confidence, encourages teamwork and gives students a strong sense of achievement and belonging.

VI. Mechanism/ Norms and Procedure for democratic/ good Governance -

- **VISION:** -With lifelong learning as a primary objective, SIPS will design & offer short-term & long-term health-related courses & services to satisfy the needs of interested learners.
- **MISSION:** - "The holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing a unique value system, transparent work culture, excellent academic and physical environment conducive to learning, creativity & technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant Society."
- **QUALITY POLICY:** - We, at SIPS shall aim to achieve & sustain excellence in all our activities related to pharmacy education & research.

We shall train and create skilled and competent graduates in the field of pharmaceutical sciences.

We are committed to provide value-based education to our students to fulfill the technical and healthcare needs of pharmaceutical industries and society, through continuous up-gradation of our infrastructure, facility, and faculty for teaching, learning, and research.

We are further committed to the overall development of our students by inculcating them in the highest moral, ethical, and social values.

OBJECTIVES: -

- To implement an effective teaching-learning process so as to achieve excellent academic performance in the university examination.
- To build a personality equipped with exquisite technical and non-technical skills, which are globally at par.
- To make the students employable, introduce various skill development programs like Student Training Programs (STP) and Value Addition Programs (VAP).
- To provide the opportunity to the students to participate in various co-curricular and extra-curricular activities for their overall development.
- To encourage the students and faculties for participating in various research activities by facilitating them with various resources and by industry-institute interaction.
- To upgrade the staff qualification for the fulfillment of frequent changes in technology and the education system.
- To introduce various Faculty Development Programme (FDP) and provide them proper guidance related to the subjects by experts.
- To transform the students into efficient Pharmacists as well as good human beings.

GOVERNING COUNCIL –

The Governing Council is the highest policy-making body in matters of academic and administrative importance.

COLLEGE DEVELOPMENT COMMITTEE (CDC) –

Sets objectives in consonance with the quality policies and shares its vision. Creates an atmosphere that is fair, transparent, motivating, and conducive to faculty and staff to realize their potential.

ADMINISTRATION STRUCTURE –

The governance of the quality system is a reflection of the college mission and vision which is evident from the administrative hierarchy followed in all academic and administrative aspects and achievements made by all concerned. The President of the College Committee is the chairman of the Governing Council. The principal is entrusted with the responsibility of smooth and effective functioning of the institution. As a decentralization measure of general administrative responsibilities, various committees are formed for each and every activity of the college.

Heads of Departments are responsible for the academic and administrative matters of the corresponding department. Every faculty member in college is empowered to strengthen and support the Head of Departments in providing outcome-based education. Class teachers and teacher guardians are assigned for each class are empowered to monitor and counsel the students on academic and personal development. Other stakeholders such as alumni, employers, industry, and parents are given an opportunity and responsibility to further the progress of the institution wherever possible and suitable

The proof of good governance is reflected in academic excellence, Students placement, Research, and Development. Another evidence is the NAAC accreditation for UG programs with B++grade, conforming to our quest for achieving excellence in providing world-class quality education.

VII. Student Feedback on Institutional Governance/ Faculty performance

The feedback on curriculum from all stakeholders is considered to improve the quality of education.

Academic coordinator takes the regular feedback from the students on various issues related to Academic (topic and content of the syllabus delivered), Infrastructure, facility and support provided by institute for overall development of students. The periodical feedback system of the students helps to improve the quality of education with enhancement of learning outcomes.

Online Google form (with questionnaires) is circulated amongst students and they have been told to submit this form in given time.

Name of students is not disclosed to anyone and based on feedback necessary and required action is taken.

➤ Internal Continuous Evaluation System and place

The institute runs B. Pharmacy program affiliated to Savitribai Phule Pune University (SPPU). The institute follows and implements the norms lay down by University Examination Reform Committee with respect to assessment/evaluation from time to time. The main objective of reforms in Continuous Internal Evaluation (CIE) system at the institutional level is to enhance learning opportunities, ability to match learner’s scholastic needs and aspirations, improvement in educational quality and excellence, flexibility for learners to complete the program in specified period of time. Continuous internal evaluation has been extended for theory and practicals.

Scheme for awarding internal assessment: Continuous mode

Theory		
Criteria	Maximum Marks	
Attendance (Refer Table – XII)	4	2
Academic activities (Average of any 2 activities e.g. quiz, assignment, open book test, field work, group discussion and seminar)	4	03
Student – Teacher interaction	2	
Total	10	5
Practical		
Attendance (Refer Table – XII)	2	
Based on Practical Records, Regular viva voce, etc.	3	
Total	5	

In this pattern, continuous internal assessment (CIA) viz. Theory Internal Continuous Assessment (TICA) of 10 marks and sessional of 15 marks is conducted after requisite minimum teaching hours. For Practical Internal Continuous Assessment (PICA) of 5 marks and sessional of 10 marks is conducted. Non university end semester examinations are conducted for remedial courses mentioned in syllabus along with equivalence subjects for students from earlier pattern.

➤ Student’s assessment of Faculty, System in place

Alumni Feedback is taken from Alumni for the academic year. The analysis helped the institute in development of curriculum.

Feedback about Faculty is taken from students twice a semester. The various parameters on which teaching is assessed are: Communication Skills, Quality of Teaching/ Academic input, Subject Knowledge, Content and Method of Deliver, Readiness of teacher, An Institute level Parent Teacher meeting is conducted once every semester. During the meeting, parents are made aware about their wards attendance, academic performance for the semester as well as about the various learning processes conducted in the institute. Feedback about Institute is also taken from all students once in a year. This includes the feedback about the facilities and the infrastructure of the institute. Collected feedback is further processed and necessary action is taken, guidance is provided, staff is asked to participate various training programs to improve the performance of faculty as well as students

20. Best Practices adopted, if any- SDM

➤ **Title of the Practice:** Student Training Program (STP)

Objectives of the Practice: To enhance employability skills, prepare students for entrepreneurship, personality equipped with excellent technical and soft skills for higher education.

The Context: The advancement in technology has not only revolutionized the scope of Pharmacy education but also redefined the expectations from Pharma graduates. The aim of the program is to enhance the quality of the students by empowering them with skills.

The Practice: The duration of STP was one week which included different modules viz. Career Goal Setting, SWOT Analysis, writing an effective resume, Report Writing, Letter & Cover letter Writing, Active Listening, Developing Good Presentation Skills. The modules aimed at all-round development of students. The overall content of STP was delivered by trained faculties and experts.

Evidence of success: STP showed improvement in understanding and confidence about core concepts among students, helped in achieving skills required for the professional practice. Implementation of STP has shown remarkable effect on placement activity & helped to build up entrepreneur qualities, inculcated approach of problem solving.

Problems encountered and Resources required: Improved confidence, positive attitude, resume writing & presentation skills amongst the students. Resources required are LCD projectors and laptops to deliver power point presentations, good network connectivity.

- **Title of the Practice:** Adoption of new Techniques and Pedagogical methods for smooth conduct of curriculum.

Objective of the Practice: To modernize and integrate Education processes and systems and to provide better services to faculty, students, and staff, Excel performance of students.

The Context: Considering the pandemic situation for smooth functioning of academic's institute started conducting online classes on Microsoft teams platform for students which has lectures recording facility helping to access whenever and wherever.

The Practice: Microsoft teams user id & password is distributed to individual students for login. Notification for the lectures is automatically reflected into the students account on teams. Assignments, Sessional exams, Quizzes, Notes, e-contents, e-books can be uploaded on the teams. Exam can be scheduled at respective date and time with locking mechanism.

Evidence of success: Smooth functioning of the academics was achieved on this platform. Each and every record of examination is maintained online that can be easily accessed by students and teachers acting as online repository. Webinars, Guest lecturers can be conducted on this platform.

Problems encountered and Resources required: Due to poor network issues there is difficult to retain attention and good strength during online classes. It is challenge for teachers to retain attention and keep the students engaged. Resources required are good network connectivity.
