PROPOSAL FOR SEED CAMPUS CONNECT

Memorandum of Understanding

To bridge the gap between industry and colleges SEED INFOTECH LIMITED (SEED Infotech) has come up with an initiative of "Campus Connect" under which Sinhgad Academy of Engineering, E&TC Dept. Can avail below services from SEED Infotech, which will help students to gain knowledge and prepare themselves for IT opportunity as per latest industry requirements: -

Free Services under SEED Campus Connect: -

- 4 Seminars on any technology to help students know about newer technologies and to improve their employability skills
- 2 workshops of 2 to 4 hours
- Faculty Development Program (FDP) - Advanced Technology 2hrs. Workshop.
- SEED IT IDOL. (Affiliated with University of Pune)

As there is a need of different technology knowledge for technical graduates, we deliver seminars on technologies which are demanding in IT sector.

As in-depth knowledge is required for few technologies the college can avail paid workshop of 10 hours at very nominal cost.

Willing to do Job, SEED can shortlist the final year students willing to do Job through Campus Recruitment Drive.

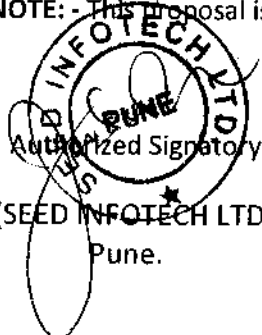

To prepare students to clear interviews, college can avail our Interview skill session of 4 hours, which is designed as per current industry demand.

FDP will be based on advanced technology.

With all these, extracurricular activity is also required for students which help them to put those activities on their resume, so we come up with SEED IT IDOL in collaboration with Pune University where every student will be awarded with a certificate.

College will support us to do our pool campus and other academic activity in form of Infra and resources if required.

NOTE: - This proposal is valid from 16th Jan 2019 to 15th Jan 2020.
