

Criterion 1.1 Curricular Planning and Implementation

Additional Information

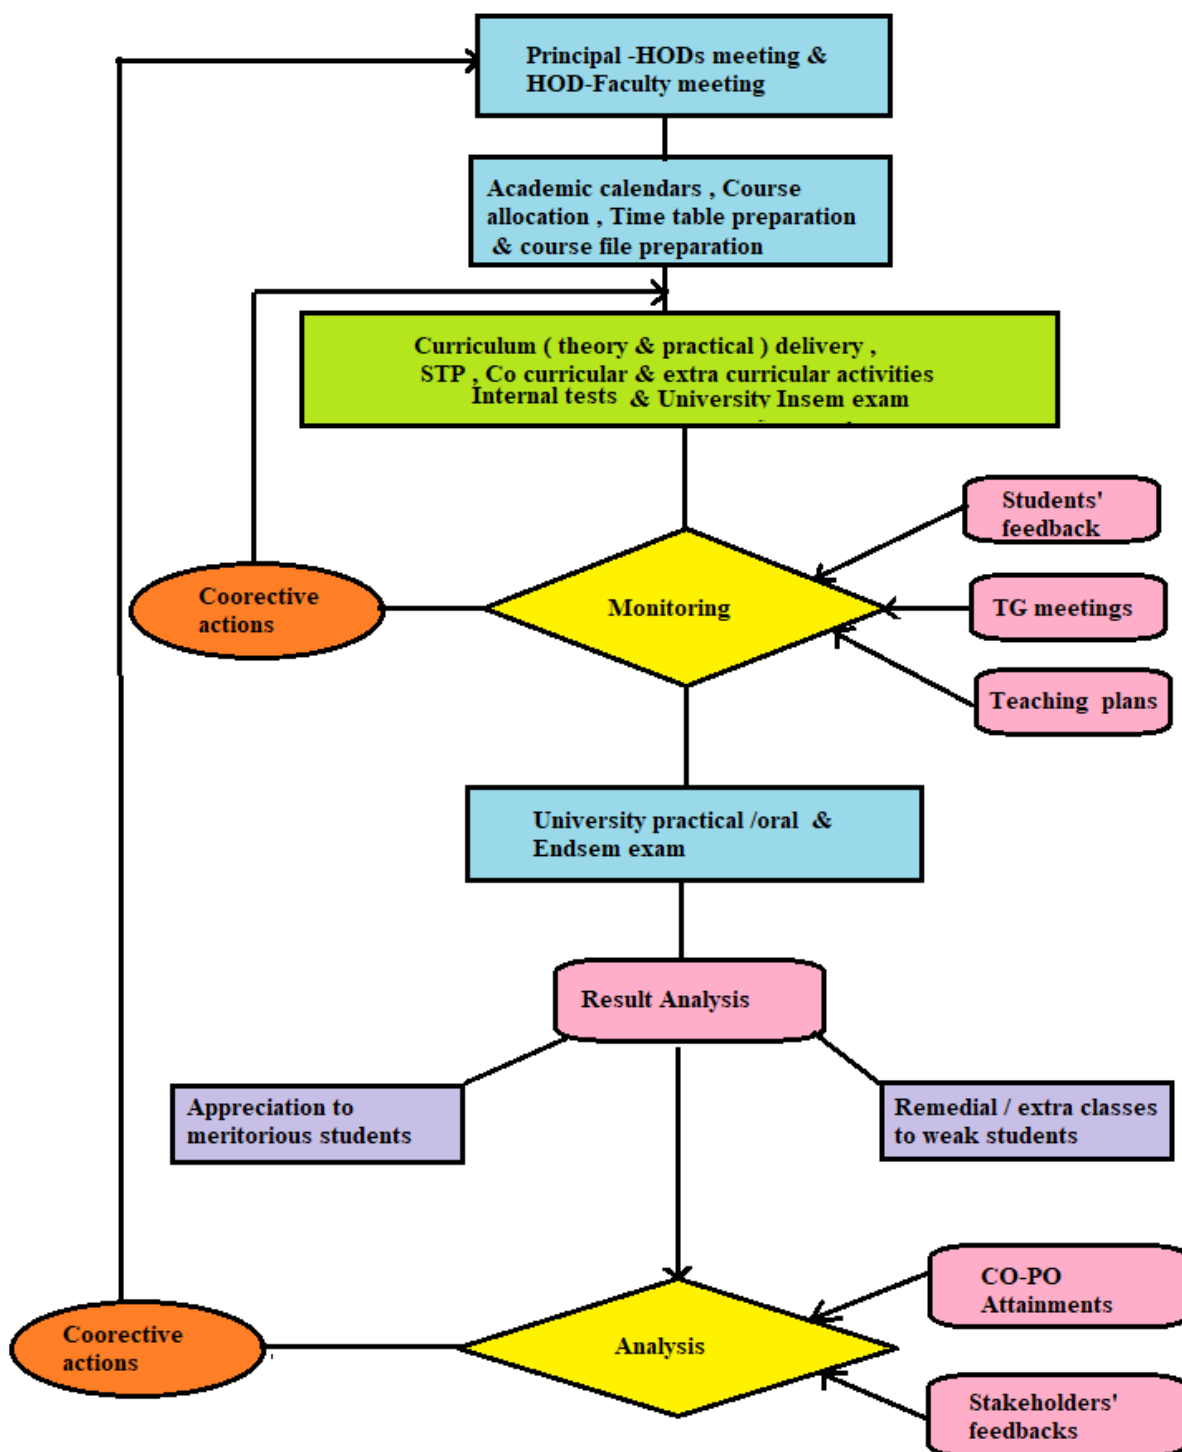

1.1.1. The Institution ensures effective curriculum delivery through a well-planned and documented process.

Some of the sample documents of activities conducted in different years to ensure effective curriculum delivery is listed below:

MINUTES OF HOD MEETING: 12/06/2017

1. Weekly HOD's meeting was held at the Principal's office on 12/06/2017 at 11.00 am.
Points discussed are given below.

Sr. No.	Details	Action	Information
	<u>Review of Previous HOD Meeting points (31/05/2017)</u>		
a	i. Second Shift timing be amended to 1.00pm to 8.30pm ii. Adhoc approval process to be expedited	All HODs	All faculty Members
b	<u>Academic Calendar</u> : Dr. Sardeshmukh to prepare Academic Calendar for our college Online & midsem exam dates as and when received to be noted and action be taken by all.	All HODs., CEO,	All faculty Members
c	<u>Faculty Orientation Programme</u> : All HODs to get feedback from the faculties. It will be discussed with Principal for further improvement.	All HODs	All faculty Members
d	<u>Course File</u> : All HODs are instructed to check course files prepared by faculty as per check list and send report to the Principal office.	All HODs	All faculty Members
e	<u>Time Table</u> : Final Time Table to be completed today and submit to the Principal office	All HODs	All faculty Members
f	<u>AQAR</u> : It will be checked by Dr. Sardeshmukh along with Dr. C. G. Patil & Prepared for submission to NAAC at the earliest.	All HODs	All faculty Members
g	<u>Students Attendance</u> : Principal directed all HODs to work out an attendance system to improve students attendance.	All HODs	All faculty Members
h	<u>Students List</u> : Registrar informed that list of students of respective classes/branches will be sent to the HODs by today.	All HODs	All faculty Members

1. Time table in-charge is required to submit the time table of all years & circulate to faculty & students.
2. Faculties have to prepare Course files by 15 /6/2017 & get approval of the HOD.
3. Faculties who have attended faculty orientation program need to give feedback to the HOD.
4. Each faculty can plan guest lecture / seminar for the allocated course.
5. Teacher guardians need to inform students & parents about start of semester and fees to be paid.
6. Technical assistants should install all necessary softwares in specified labs before 15/6/2017.
7. For attendance monitoring, the subject teachers need to record roll numbers of absent students in daily attendance monitoring sheet. The TGs need to contact students about their absentee and record the reasons of absentee.
8. Technical assistants are instructed to print roll call lists and distribute to Faculties.

Report on Train The Trainers (TTT)

The **Train The Trainers (TTT)** program was organized by SIT Lonavala & RMD Sinhgad School of Engineering Warje for SE (E&TC) all Subjects of semester –I. The inauguration ceremony of TTT was conducted in MBA Seminar hall. Sessions started at 10.30 am in classroom 621.

Train the Trainers (TTT) program started from 4th Sept 2019; the first subject was Digital Electronics. The resource Person for first session was Prof. Manisha Sagade from SKN COE Vadgaon Bk. She delivered lecture for first three units with powerpoint presentation. The discussion was interactive including all the respective notes. The Second session was held by Prof. Sarika Patil from SCOE, Vadgaon BK For units 4, 5&6.

In the similar manner, the sessions were conducted on all the subjects for respective teachers.

At the end of the each day resource persons were felicitated by Thanking Letter from Principal. Each Participant was awarded with a Certificate.

8. Teaching Plan

Sinhgad Technical Education Society's
SINHGAD ACADEMY OF ENGINEERING, KONDHWA
Department of Applied Science
Course Outline

Course Title: Engineering Chemistry		Course Code : 107009	
Class: F.E.	Division: C	Semester: I	Year: 2016-17
Lecture Schedule: 4 Hrs/Week		Examination Scheme: TH+Online: 100 M	
Practical Schedule: 2 Hrs/Week		Term Work: 25 Marks	
Course Teacher: Mrs. V.R. Rokode		Date:	Sign: <i>VR</i>
Program Outcomes Mapping :			PEOs :

Prerequisites: Basics of sciences like structure & nomenclature of different compounds, precaution about handling of apparatus & chemicals, preparation of solutions, volumetric analysis etc. Study of periodic table & study of different reactions.

Course Overview: This course aims at understanding the basic concepts of Chemistry to be applied in industries. It tells about the basic concept & use of particular polymer for particular application in industries. Different analytical techniques like conductometry, potentiometry, spectroscopy etc. are included in this course which is used for chemical analysis of various samples. This course gives idea about quality & utility of various states of fuel. The basic study of carbon & hydrogen elements gives valuable information of these elements as a source of energy in future. Different techniques of corrosion control are studied. More emphasis on green pathway rather than traditional one for synthesis of various chemical compounds is given which is demand of a time.

Course Objectives: By end of the course, students will be able to:

1. Technology involved in improving quality of water for its industrial use.
2. Basic concepts of electro analytical techniques that facilitate rapid & reliable measurements.
3. Chemical structure of polymers & its effects of on their various properties when used as engineering materials. To lay foundation for the application of polymers for specific applications & as composite materials.
4. Study of fossil fuels & derived fuels with its properties & applications.
5. An insight into nano materials & composite materials aspect of modern chemistry.
6. The principles of chemicals & electrochemical reactions causing corrosion & methods used for minimizing corrosion.

Teaching Plan

UNIT – I Water Technology & Green Chemistry						
Contents: Determination of hardness & alkalinity of water, ill effects of hard water in steam generation , Softening of water by zeolite, ion exchange method, Green Chemistry, goals of green chemistry, Efficiency parameters , traditional & green pathway for synthesis of adipic acid, indigo dye, polycarbonate					Course Learning Objectives: 1	
Unit Objectives: On completion the students will be able to : <ul style="list-style-type: none"> i. Understand analysis & purification methods of hard water ii. know the different bad effects of hard water in boilers iii. get acquainted with goals of green chemistry iv. familiarize with green pathway & traditional one for synthesis of organic compounds

It gives us pleasure to inform you that your overall feedback is good and satisfactory. We acknowledge the efforts taken by you in every attributes of teaching.

In some of the attributes, there is still some scope of improvement and we hope that, you'll work on such attributes in future.

Difficulties in work, if any, should be brought to the notice of authorities.

With best wishes.
