Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.
(Suggestion for syllabus drafting for B.E. Civil 2019 Pattern)

Subject/Code	Suggested addition in Term Work
Construction Management {Elective- IV (I)} /401010	Hands on practice for management software applications such as MS-Project, ERP should be incorporated in the syllabus.

We have taken feedback on syllabus from students, teachers, and alumni as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis, we are suggesting latest software to be added in the forthcoming revised Civil Engineering syllabus of 2019 Pattern viz. MS-Project, ERP Software. It will improve Employability of our final year students.

Thank you.

Your's Sincerely,

(Prof. R.B. Bajare.)

Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.

Respected Sir,

Solving and critical thinking that can help our students to succeed in today's job market. In a recent study by IBM, CEOs ranked creativity as the most important leadership quality they were looking for in workers.

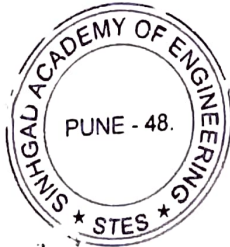

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis, we are suggesting few thigs to be get added in the computer engineering syllabus.

1. Leadership and Quality Improvement Program.
2. Current Technology which is used in IT industries like Devops, Data Science, Hadoop etc.

Introduction to above program, we are available to assist and evaluate our students.

Thank you.

Your's Sincerely,

(Prof. B.B.Gite)

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis, we are suggesting few things to be get added in E&Tc syllabus.

1. Hands on education is required for software based subjects

Please, consider our suggestion and take action need fully.

Thank you.

Yours Sincerely,

H.O.E&Tc

Subject: Requesting for corrective action on syllabus feedback analysis.

Respected Sir,

Solving problems and thinking critically are two skills that can help our children succeed in today's work environment. CEOs ranked creativity as the most essential leadership attribute they were seeking for in employees in a recent IBM poll.

We solicited feedback on the syllabus from students, professors, and alumni, as is our customary practise throughout the academic year. We analysed the feedback and, as a result, we've proposed a few changes to the Engineering Science curriculum.

1. Communication skill and personality development.
2. Leadership and Quality Improvement Program.
3. Place a greater emphasis on hands-on and project-based learning.

Introduction to above program, we are available to assist and evaluate our students.

Thank you.

Your's sincerely,

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity for every academic year. We have done analysis of that feedback and on that basis; we are suggesting few topics to be included in Information Technology syllabus.

1. No need of all sorting algorithms in Data Structures and Algorithms syllabus.
2. Robotic Process Automation to be added.

Please, consider our suggestion and kindly do the needful.

Thank you.

Yours Sincerely,

(H.O.D)
