The,
Board of Members,
Department of Civil Engineering
Savitribai Phule Pune University,
Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.
(Suggestion for syllabus drafting for S.E. Civil 2015 Pattern)

Subject/Code	Suggested addition in Term Work
Geotechnical Engineering /201003	<p>For the planning and construction of building and infrastructure projects (comprising various types of structures as foundation, excavation pit, land reclamation, beach nourishment etc.) is the knowledge of the ground conditions.</p> <p>For this purpose, Need Site Visit to investigate with its respective Field experiment to be carried out. Their nature and extent depends on the type of the structure, the difficulty of the structure and the expected ground conditions should be incorporated in the syllabus.</p>

We have taken feedback on syllabus from students, teachers, and alumni as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis, we are suggesting site visit to be added in the forthcoming revised Civil Engineering syllabus of 2015 Pattern. It will improve Practical implementation of Knowledge of our year students.

Thank you.

Your's sincerely,

Head of the Department
Civil Engineering (Prof. R.B. Bajare.)

Pune.

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis; we are suggesting few things to be get added in Computer Engineering syllabus.

1. AI/ML applied to cyber security.
2. Reliability and safety challenges for intelligent systems.

Please, consider our suggestion and take action needfully.

Thank you.

Yours Sincerely,

(H.O.D)

Savitribai Phule Pune University,
Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.

Respected Sir,

Solving problems and thinking critically are two skills that can help our children succeed in today's work environment. CEOs ranked creativity as the most essential leadership attribute they were seeking for in employees in a recent IBM poll.

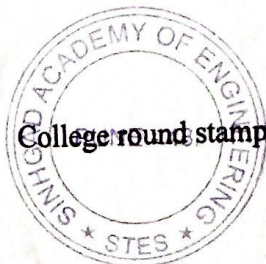

We solicited feedback on the syllabus from students, professors, and alumni, as is our customary practise throughout the academic year. We analysed the feedback and, as a result, we've proposed a few changes to the Engineering Science curriculum.

1. Communication skill and personality development.
2. Place a greater emphasis on hands-on and project-based learning.

Introduction to above program, we are available to assist and evaluate our students.

Thank you.

Your's sincerely,

Dkaur

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity for every academic year. We have done analysis of that feedback and on that basis; we are suggesting few topics to be included in Information Technology syllabus.

1. Add real time based applications in practical session.
2. Artificial Intelligence and Deep Learning

Please, consider our suggestion and kindly do the needful.

Thank you.

Yours Sincerely,

(H.O.D)
