The,
Board of Members,
Department of Civil Engineering
Savitribai Phule Pune University,
Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.

(Suggestion for syllabus drafting for S.E. Civil 2015 Pattern)

Subject/Code	Suggested addition in Term Work
Surveying / 201006	Traversing by all methods for preparing Layout plan with ground details should be incorporated in the syllabus.

We have taken feedback on syllabus from students, teachers, and alumni as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis, we are suggesting Plane table Traversing to be added in the forthcoming revised Civil Engineering syllabus of 2015 Pattern. It will improve Practical implementation of Knowledge of our year students.

Thank you.

Your's Sincerely,

(Prof. R.B. Bajare.)

Pune.

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity of every academic year. We have done analysis of that feedback and on that basis; we are suggesting few things to be get added in Computer Engineering syllabus.

1. Information Security Analytics.
2. Computer Vision

Please, consider our suggestion and take action needfully.

Thank you.

Yours Sincerely,

(H.O.D.)

Pune.

Subject: Requesting for corrective action on syllabus feedback analysis.

Respected Sir,

Solving problems and thinking critically are two skills that can help our children succeed in today's work environment. CEOs ranked creativity as the most essential leadership attribute they were seeking for in employees in a recent IBM poll.

We solicited feedback on the syllabus from students, professors, and alumni, as is our customary practise throughout the academic year. We analysed the feedback and, as a result, we've proposed a few changes to the Engineering Science curriculum.

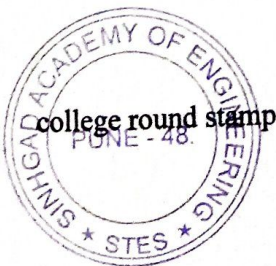

1. Leadership and Quality Improvement Program.

2. Place a greater emphasis on hands-on and project-based learning.

Introduction to above program, we are available to assist and evaluate our students.

Thank you.

Your's sincerely,

Dkaur

Pune.

Subject: Requesting for corrective action on stakeholder feedback analysis.

Respected Sir,

We have taken feedback on syllabus of students, teachers, and alumni, as it is our regular activity for every academic year. We have done analysis of that feedback and on that basis; we are suggesting few changes to be included in Information Technology syllabus.

1. Database Management System syllabus is too vast, needs to be reduced.
2. SQL and NoSQL should be separated in Database Management System syllabus.
3. Case studies to be included in Information Storage and Retrieval syllabus.

Please, consider our suggestion and kindly do the needful.

Thank you.

Yours Sincerely,

(H.O.D)
