Dear Hect Detroja,

Congratulations! You have been selected for provisional admission to the Computer Science MS program at Binghamton University. Your academic and professional accomplishments are impressive, and we are confident that you will be an excellent addition to the University community. We sincerely hope that you will join us for the Fall 2019 semester.

Your offer of admission is provisional because we have not yet received immigration and financial documentation. Please send us the following two items:

- International Student Financial Statement Form <https://www.binghamton.edu/grad-school/docs/forms/international_student_financial_statement.pdf> (PDF)
- Supporting financial documentation*

*IMPORTANT NOTES

In order to receive an I-20 (certificate of eligibility for F-1 student visa), all international students are required by the United States Department of Homeland Security to provide proof of their ability to cover educational expenses while in the United States. Based on current costs, international students are required to certify funds in the amount of \$41,100 USD (\$43,300 USD for MBA students). Students who are funded by a Binghamton University academic program may subtract the total amount of stipend and tuition that they are being offered from the total required certified funds. For example, if the tuition and stipend add up to \$30,000, then the total amount to certify is $\$41,100 - \$30,000 = \$11,100$.

Please upload the required documents to your status page or e-mail them to gradadmission@binghamton.edu as soon as possible, so that we can continue to process your application for regular admission.

If you have questions, please contact us by phone at 607-777-2151 or e-mail at gradadmission@binghamton.edu. Our office hours are Monday through Friday, from 8:30 a.m. to 5 p.m. (EST). We look forward to receiving your immigration and financial documentation!

Sincerely,

Dear Mr. Gourish Pisal:

Congratulations! It is my pleasure to offer you provisional admission to Clemson University's Graduate School for the MS program in Computer Science (Main Clemson Campus) for Spring 2022.

Our records indicate that we do not have official documentation confirming that you have received your degree(s). You must provide the Graduate School with final official transcripts for your bachelor's and any subsequent degrees. They must state the degree earned and date awarded. Additionally, for students enrolled at institutions outside of the United States, an official copy of a diploma or a degree certificate issued by the institution and showing receipt of all degrees and dates awarded may be needed, if not stated directly on the final official transcript. Please note that this provisional acceptance does not hinder you from registering for classes. However, your official documentation must be provided to the Graduate School before the end of your first semester of graduate study. A registration hold is placed on students who have not submitted all final-official transcripts.

We are very much interested in learning whether you plan to accept our offer of admission, so please indicate your decision to accept or decline our offer as soon as possible. You may do this through the application portal by clicking the "Complete Your Decision Form" button.

Specific questions regarding assistantships or fellowships, registration, and prerequisites should be directed to faculty and staff in the program. Dear Mr. Prajval Vaskar:

Congratulations! It is my pleasure to offer you provisional admission to Clemson University's Graduate School for the MS program in Automotive Engineering for Fall 2019.

Our records indicate that we do not have official documentation confirming that you have received your degree(s). You must provide the Graduate School with final official transcripts for your bachelor's and any subsequent degrees. They must state the degree earned and date awarded. Additionally, for students enrolled at institutions outside of the United States, an official copy of a diploma or a degree certificate issued by the institution and showing receipt of all degrees and dates awarded may be needed, if not stated directly on the final official transcript. Please note that this provisional acceptance does not hinder you from registering for classes. However, your official documentation must be provided to the Graduate School before the end of your first semester of graduate study. A registration hold is placed on students who have not submitted all final-official transcripts.

We are very much interested in learning whether you plan to accept our offer of admission, so please indicate your decision to accept or decline our offer as soon as possible. You may do this through the application portal by clicking the "Complete Your Decision Form" button.

Formal conditional offer of a place on the Master Program Mechatronics at Hochschule Ravensburg-Weingarten for winter term 2019

Application ID number **260483**

Dear Mr. Kakade,

We are pleased to offer you a place of study on our Master Program Mechatronics for winter term 2019 on condition that you complete your Bachelor studies successfully by 31 August 2019 at the latest.

Acceptance

If you wish to accept this offer, please sign the enclosed acceptance form and return it. If we do not receive your reply by **June 17, 2019**, the place will be offered to another applicant. We would appreciate it very much if you also informed us as soon as possible if you do not intend to take up this offer.

Visa

If you accept the offered place, you should contact the German Embassy in your country **without delay** to apply for a visa to study in Germany. In order to get a student visa, you must present your notification of admission to a German higher education institution. In some countries, the scan copy of this letter is sufficient to start the visa application process. So please do not wait until the original documents arrive by post and get your first interview – if applicable – at the German Embassy in your country as soon as possible. Please also inform yourself immediately on the required documents for your visa application and make sure that they are complete and filled in correctly in order to avoid delays in your visa application process.

You must also prove that you have sufficient financial means at your disposal for a stay of one year ("Finanzierungsnachweis"). The amount required is presumably* **€ 836 per month, € 10032 per year**, and there are different ways of proof accepted by the German diplomatic representation in your country. The most common way to prove that you have sufficient financial means for your studies in Germany is by opening a **blocked bank account** while still being abroad. This service is offered by different banks inside and outside Germany as well as through online platforms which all have their advantages and disadvantages, **see attached overview**. Keeping our far-reaching experience in mind, we strongly recommend you to open your blocked account through **Deutsche Bank** at <https://www.deutsche-bank.de/pk/konto-und-karte/konten-im-ueberblick/internationale-studenten1.html> in order to avoid unnecessary delays of several weeks in having access to your money and especially the related trouble with the university, health insurance company, housing administration etc. because of not being able to complete the required formalities.

**subject to change (currently € 720/month, planned amendment not yet ratified)*
