Dear Sir/Ma'am

Greetings from Global Talent Track!

It is my pleasure to introduce Global Talent Track (GTT) an education and training venture, set up by some of the best minds from the industry, education and technology domains. The venture aims to provide 'quality with scale' through programs delivered with the help of innovative technologies and compelling content.

As part of their CSR initiative, Barclays has decided to skill unemployed youths as per the industry requirement. Barclays has decided to partner with GTT & HOPE Foundation in this initiative. GTT would be executing the training program under this initiative, with limited number of colleges across India.

Training Programme Details:

- 24 Hrs. of high impact workshop by industry expert on Soft Skills and Communication, topics are mentioned below:

Dear all,

As you are aware, we have recently signed an MOU with Birlasoft. The said MOU was signed with the idea of training and placement of students from Sinhgad Engineering Institute at Birlasoft. Going forward, Birlasoft has selected 52 students from our Institute.

Now, Birlasoft has proposed foundation training of these students at the hands of our expert faculties who have already been trained by Birlasoft under the FDP. All these faculties have also received certificate of completion. We propose that faculty will start this training from next Monday i.e 14/12/2020.

Attached with this email is the proposed schedule along with the list of faculty who will be conducting the said foundation training, virtually. Post this training, Birlasoft will be conducting assessments and case studies based on the training modules. Only those students who complete the training and clear the assessments will be considered for phase-2 training by Birlasoft. Upon successful completion of phase-2 training, students will be onboarded.

Smooth execution of this foundation training is very critical to the success of this program and, thus, I kindly request you to call a meeting of respective faculty members (mentioned in the list attached) and their HOD to advise them on the significance and importance of this program.

We have assigned training responsibility to Dr. Durgaprasad Kamat from SAE.

Thanks & Regards,

Report on the Webinar: Road Map to build your Future

As an Memorandum of Understanding initiative, E&TC Department of Sinhgad Aacdemy of Engineering in association with BWC advisory solutions, takes pleasure in organising a webinar on "Road Map to build your Future"

The main objective of the webinar is to help students to understand the challenges fresh Engineers are likely to face after normalcy is achieved.

RESOURCE PERSON:-

Mr Vishal Bhosale

CEO BWC Advisory Solutions,Pune

Target Audience – All Branch engineering students

The webinar on career pathway in Engineering jointly organised by Department Of Information Technology ,Computer Science and Placements was kick started with our promo video. There were enthusiastic participants who joined well before the start of the event and lots of questions been asked by them in live chat box and was a wonderful session.

Report on the Webinar: Road Map to build your Future

A Memorandum of Understanding initiative, E&TC Department of Sinhgad Academy of Engineering in association with BWC advisory solutions, takes pleasure in organising a webinar "Road Map to build your Future"

The main objective of the webinar is to help students to understand the challenges fresh engineers are likely to face after normalcy is achieved.

COURSE PERSON:-

Vishal Bhosale

CEO BWC Advisory Solutions, Pune

Target Audience – All Branch engineering students

The webinar on career pathway in Engineering jointly organised by Department Of Information Technology, Computer Science and Placements was kick started with our promo video. There were enthusiastic participants who joined well before the start of the event and lots of questions were asked by them in live chat box and was a wonderful session.

Report on Webinar “Career Transformation with Japanese language”

IT&TC Department of Sinhgad Academy of Engineering takes pleasure in organizing a webinar on “Career Transformation with Japanese language”

The main objective of the webinar is to help students to understand the challenges fresh Engineers are likely to face after normalcy is achieved.

RESOURCE PERSON:-

Ms. Sheetal Arote

Bilingual Engineer

Target Audience – All Branch engineering students.

Main points Highlighted in the webinar are,

Learning a new language is a fascinating adventure. It is a journey full of excitement, enthralling experience, occasional challenges, vivid illustration, unusual and unexpected encounters.

The countless benefits of acquiring a new language are undeniable. Of all the in-demand foreign languages, why choose Japanese?

She explored three compelling reasons.

First, the Japanese will set you apart from the crowd. It is different because it isn't an uncomplicated language to embrace.

Second, career-wise, Japanese is one of the top 5 most useful languages to study.

Last but not least, the colorful and vigorous cultural aspect of Japan. Japanese is the most popular choice among East Asian Languages, and the reasons are apparent.

Roughly 127 million people speak Japanese in Japan. One can also find sizeable Japanese speakers in Korea, Taiwan, England, Canada, Brazil, the USA, and the Philippines. It is also one of the most widely used languages on the Internet. While no official data seems to exist, it is generally assumed that a vast majority are monolingual. It means very few people speak any other language, including English. One main reason is they take pride in their native language, and there is no such thing as “English for Japanese.”
