Activities under cultural and communal diversities

Name of event: Tree Plantation Program

Date: 23/03/2018

Trees are the most essential and beautiful part of our environment. They contribute to the environment by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. Also, the oxygen we need for breathing is provided by trees. Trees are necessary for green environment, which is again essential for ecological balance and plentiful water resources. To make the nature more beautiful and better, the NSS (National Service Scheme) unit of 'Sinhgad Academy of Engineering', Kondhwa, conducted a "*TREE PLANTATION PROGRAM*". The program was successfully conducted at Kondhwa Hospital. All the NSS students along with the hospital staff participated in the program and planted different plants in the hospital campus. Total 12 plants were planted. The work is not finished here. We also made sure that the plants will be watered regularly and proper care will be taken to turn these plants into trees.

Name of event: Visit to orphan school, Interaction and donation of grocery items

Date: 08/02/2018

Students of NSS SAOE visited a city orphanage ‘Sumati Baalwan’, an orphanage in Katraj, Pune. The underprovided kids at the institution spent the evening learning skills like sketching, paper quilling and craft with us. The NSS unit bonded well with the kids over the 2 hours. We entertained them with motivational and funny stories and played games with them. We heard stories, poems from the children and watched them perform their hidden talents. They were then treated with a small refreshment of snacks and cold drinks. At the end, we donated a sumptuous amount of grains and clothes for the children. It was a sensitizing experience for the entire team of NSS present there.

Name of event: Voter Card Awareness Rally

Date: 14/03/2018

On the occasion of Pune Municipal Corporation Election, NSS (National Service Scheme) unit of SAOE, Kondhwa organized a 'Voters Awareness Drive' activity with the great enthusiasm. We went door to door and we talked to the people about importance of voting. We came to know that most of the people were having a voter's ID but their ward of voting was at some other place and in some cases even the cities were also different.

So, we told them to get the address changed and provided them with the detailed explanation of the procedure to be followed to get it done. Total no. of participated volunteers was 30 and we even went in the shops and gave information to shopkeepers. Our main aim to do the activity was to increase the participation of maximum people for giving their valuable vote. It will not only increase % voting but gives good balanced government and that will definitely enhance the governance in the city.

A Report on Teachers day Program

Resource Person:
Organized by: - MESA
Conducted by: - Mr.V.T.Pawar/Mr.V.V.Torane
Date: - 11th September 2017

On Monday, 11 September 2017 teachers day was celebrated at Sinhgad Academy of Engineering, Kondhwa, Pune. Teacher's day is celebrated every year on 5th September to mark the birthday of the great learned Dr.Sarvepalli Radhakrishnan.

The students of mechanical engineering students association (MESA) had arranged a programme for the teachers of mechanical department to celebrate this special day. All the teachers were invited to attend the programme at 2:00pm. Along with the teachers all the students of SE, TE and BE were also invited to the programme. The programme was arranged in the seminar hall.

The programme began with loud cheers for the hosts of the day Manisha and Mayuri. The hosts invited the mesa president Chaitanya to speak on behalf of all students and thank the teachers for the day to day efforts they put in for a better future of the students. Thereafter the HOD of mechanical dept Dr.Kore was invited on the stage to speak a few words. As always the HOD enlighten us in his short but heartwarming speech.

The programme then took a turn on the fun side. The hosts entertained us with a few cheeky comments and one liner. Then we had our first game: The debate. The topic of the debate being: Should DSE students be allowed to take part in MESA activities in the first Semester? On the 'FOR' side we had Bhosale sir and on the 'AGAINST' side we had Ghorpade sir. The debate had all the 'masala' and take-ones one had expected. There were huge cheers for each argument presented by either of the sides. The debate was such an equal that the students were divided on equal fronts and we couldn't decide a winner.

Next the students of MESA had arranged for a few awards which were a bit cheeky but in a funny way. After all the awards were distributed, we had a face recognition game which was hosted by Chaitanya. For some professors the face was easily recognized but for some a careful examination was required. All in all everyone had fun and the game was done with, with a loud round of applause.

Thereafter the programme was concluded with a vote of thanks towards the teachers by the Vice President of MESA-Prasanna. The teachers were thereafter invited for snacks and games in mechanical department. After snacks were done, the teachers played a round of Musical Chairs which brought a great view of spectacle and enjoyment for the teachers playing as well as all the spectators. The programme was concluded with great amount of fun and memories.
