Name of program : Two week AICTE FDP On Applied biomedical signal processing

Number of days: Two week

Duration : 4 to 15 November 2019

Venue :PCCOE pune

Contents of the workshop:

The topics covered were as follows:-•The fundamentals of Bio-signals, Medical Imaging and their acquisition

- Time and frequency domain analysis of Bio-medical signals and images.
- Implementing different algorithms for enhancement, compression, segmentation, of various medical images
- Microwave Imaging & its Biomedical Applications.
- Hands-on experience for implementation of concepts related to health care applications.

he workshop also includes illustration of research works in health related issues using different biomedical signals and images. The sessions were interactive and innovative. Finally the workshop ends up with the valedictory session and certificate distribution and motivated us to apply this topic in our research areas.

Summary

Innovation in ICT Enabled Teaching Learning-A Step Towards Digital India

The Department of E&Tc of Vishwakarma Institute of Technology, Pune was organized an AICTE sponsored Faculty Development Program on "Innovation in ICT Enabled Teaching Learning-A Step Towards Digital India" during 25th Nov 2019 to 6th Dec 2019. This FDP caters to today's needs of improved teaching learning methodologies and changing the mindset of faculty and students towards digitization of teaching learning process with the help of Information and Communication Technology(ICT). This FDP mainly focused on variety of innovative practices for ICT-enabled teaching learning process like ICT enabled teaching learning process, tools for ICT, MOOC development, Flipped classrooms, designing web page for teaching learning process.

The sessions were conducted by eminent speakers from IITs, TCS, Persistent, HSBC, C-DAC, SPPU and other reputed organizations.

The sessions were complimented with adequate hands on sessions and field visit.

Reviewing and updating of the curriculum is the essential ingredient of any vibrant academic system. There ought to be a dynamic curriculum with necessary additions and changes introduced in it from time to time by the respective university with a prime objective to maintain updated curriculum and also providing their inputs to take care of fast paced development in the knowledge of the subject concerned. Designing of the curriculum to suit the clientele is important. Revising the curriculum should be a continuous process to provide an updated education to the students at large.

Topics covered:

- Curricular Aspects.
- Teaching & Learning, Evaluation.
- Research, Consultancy, and Extensions.
- Infrastructure and Learning Resources.
- Student Support and Progression.
- Governance, Leadership, and Management.

ON

"Cyber Security and Data Sciences"

(24-June-2019 TO 29-June-2019)

Organized and Sponsored by

Shivaji University, Kolhapur & MHRD Government of India

Summary

The one Week FDP is arranged by **Sinhgad Academy of Engineering, Kondhwa, Pune**, in association with Shivaji University, Kolhapur under MHRD government of India initiative Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNMTT). The Program was aimed to develop, understand the basic concept and hands on Cyber Security and Data Sciences that are required in our research and teaching learning Process. Various well known Resource persons from the different Industries and Shivaji University were invited for presenting their knowledge and share their experiences. The inaugural function preceded by the Principal Dr. K. P. Patil of Sinhgad Academy of Engineering, Kondhwa, Pune. He elaborated the global scenario of Cyber Security and Data Sciences and stressed on the up-gradation of the education policies at present we have.

For this One week Refresher programme, daily four sessions were planned and organized. Out of four sessions two sessions were based on theory and two based on hands-on. Imminent personalities from well known Organizations such as SPP University and well known industries, have enlightened the participants from various colleges of India on various issues related to MEMS Power Sources and Electronic Packaging and its application in Education field as well as in Industry.

On the conclusion day, an online test was conducted based on the contents of workshop course in afternoon session. This evaluation helps the organizer to find out the active participation of the beneficiaries and accordingly to distribute the certificates from Shivaji University Kolhapur and Sponsored by MHRD. The workshop was successfully concluded by the auspicious presence of Dr. K S Oza Co-coordinator Shivaji University Kolhapur and Dr. K. P. Patil, Principal SAE Pune. The feedbacks from all the participants were collected. The one Week FDP on Cyber Security and Data Sciences was found to be very informative and use full for the participants.
