The impact of changing industry environment on the MBA graduate session was hosted on 5th February 2022 by Sinhgad Institute of Management Vadgaon, Pune. The session started with the welcome note and a brief introduction of the session guest, Mr. Mohammad Rass Abbasi, who is a Sr. Project manager in Tata communications

The speaker started with by giving some important information related to the industry he talked about the great resignation in which 73% of workers wants remote work to stay, 54% are tired of feeling burnt out, 39% want to be their authentic selves at work, and 40% of the global workforce is ready to quit. And industries that feel it most are retail, hospitality, leisure and travel, manufacturing, technology, and healthcare. Speaker also talked about domains that have more employable talent followed by B. tech and MBA was the top two

The screenshot shows a Zoom meeting interface. At the top, the title bar says "Meeting in 'General'". Below it, there's a toolbar with icons for chat, video, audio, and other controls. A small video feed of the speaker is visible in the top left corner. The main content area displays a presentation slide titled "Emotional Intelligence". The slide text reads: "Emotional Intelligence is the ability to manage ones own emotions and those of others. Capability to discern different feelings ours and others." Below this, it says "EQ Five Element by Goleman" and shows a circular diagram with five segments: Self-Awareness, Self-Regulation, Motivation, Empathy, and Social Skills. To the right of the diagram, there's a section titled "Change and Stress" with a list of points: "Consider change as an opportunity", "Step out of your comfort zone", "Set goals", "Change negative statement into positive", and "Asses your progress". On the right side of the screen, there's a "Participants" list showing several names and their roles, including "Rajit Panicker" as the Organizer. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 12:51 on 05-02-2022.

Speaker gives some important messages in this session; they said that 1st rejection is just the start of our career we should take it positively. We should try to learn as much as possible as per industry needs and should also display our learning's. We should make ourselves a brand. We should keep a positive attitude and emotional intelligence ability to manage our and others' emotions. We should understand the environment and people in which we are living so that it will help us to increase our network

In the end, students enjoyed the session, and also, they got useful information related to what type of industry needs are there in the market after that students did a Q&A session

DAY – TWO

Sir addressed the students, they are suppose to do in good future in two year we attached to your academic and co curricular and so many other thing. this is right time to think big dream big it doesn't means that you sleep and dream but dream is does not allow you to sleep something you want to achieve may be very big we are not pay price for that. You are do hard work for it.

When you want to achieve your dream there is something there is lots of transformation through the SWOT analysis or INTROSPECTION that means you have to keep a record what exactly done. Transformation through open various door of the industry , various skill and you have select anywhere and select as per your thinking as per your interest .

Intellectual quotient is important ,only IQ is not help you , you are not going to work with isolation ,IQ is must every person but its not very important because you deals with superior .colouge ,people , there are lots of emotions involve .

Emotional quotient also important with intelligent quotient as well as social quotient, All the decision, plan made on the basis of the IQ, EQ and social quotient sometimes its fall due to social quotient . Corporate sector or any other company bother about value to company you create your value in company this person value for organization so ultimately you are the assets for organization

“Don't take as a comfort zone; you create your own value”

Guest: Dr. Jayesh Minase - Training & Placement

He has been one of the pillar of this programme for several year and he is currently with us as Deputy dean central Placement cell.

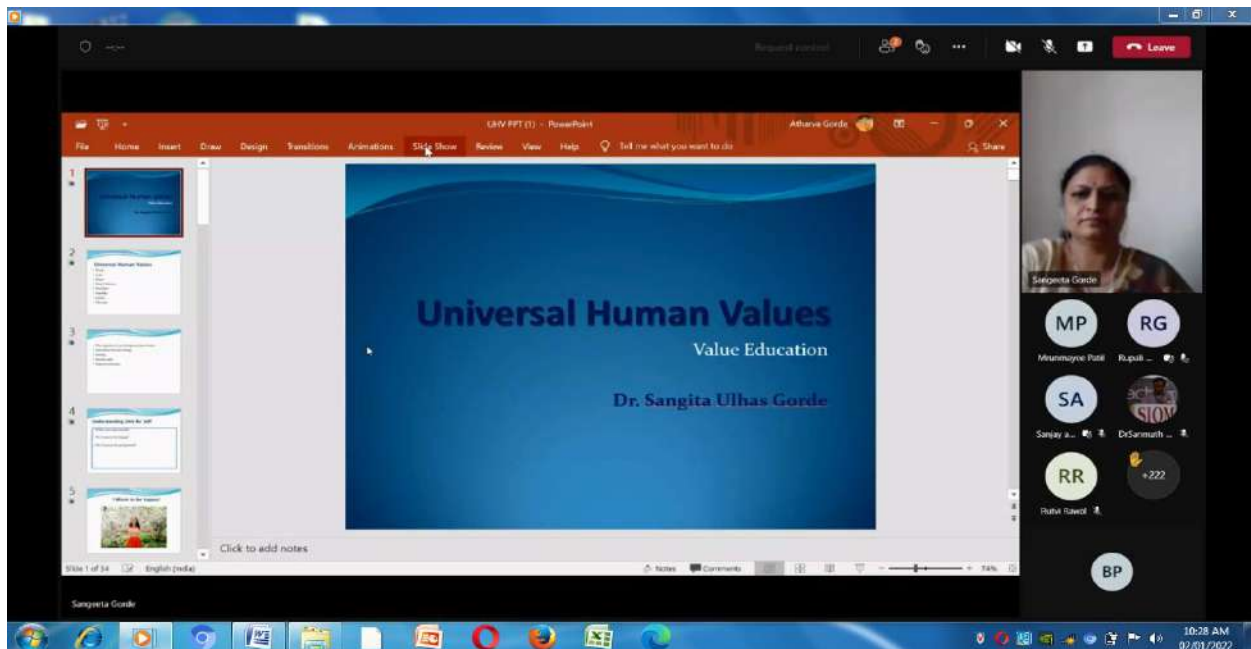

He also Heads the Sinhgad international Students centre.

Sir express view regarding central placement cell, CPC is not just make sure that we bring you talk much profile and recruitment option but you also prepare for tomorrow we also provide training , we took all the activity with the support of institute and given all the details regarding placement cell .

SIOM is realize your dream and place with MNCs & students get platform. Placement concern with eligibility and interest, TPO is regularly touched with you.

Sir discuss the what is eligibility criteria and discuss about placement preparation Building the profile, express profile , knowledge applied , use a subject knowledge you not mention monopoly... you build up your confidence .concentrate on SIP choose as per your area of interest you get many platform like as desk research , co-curricular activities and so on you work on that . Placement drive stated from September so almost you have eight month so improve for eligibility and English and other language is added because as per globalize Marker so its demand in to corporate area

“ Your Dream your pain is to be realize ,don't do that the pain is not offering in hands your .”

True value , peace , Non violence , freedom , Equality , justice , Honesty

What is the need of human value in our life it's a necessary important in education now a days help to understand and prosperity of human being . there are different levels – The expand of our living is at your level – Individual Human Being , Family , Society , society , and nature existence understand UHV for self .

---When you ask Yourself :

---Do I want to be happy

--- do I want to be Prosperous.

--- I want to be happy so we need understand own self .

So do I want the continuity of happiness and prosperity

All human being aspire for a happy, fulfilling life

- What is really valuable for human being
- What are my aspirations?
- How do fulfill my aspiration?

Value and skill for your aspiration

MBA Aspirations: Leadership quality , Communications , Interpersonal skill critical thinking and analysis skill .

Happiness is the aspirations in the life .but there is a gap between our basic aspiration –

Basic Aspiration -----→ State of being

So basic problem: our assumption we have assume that ` Happiness and prosperity will automatically comes when we have enough physical facility ` what is the reality ?

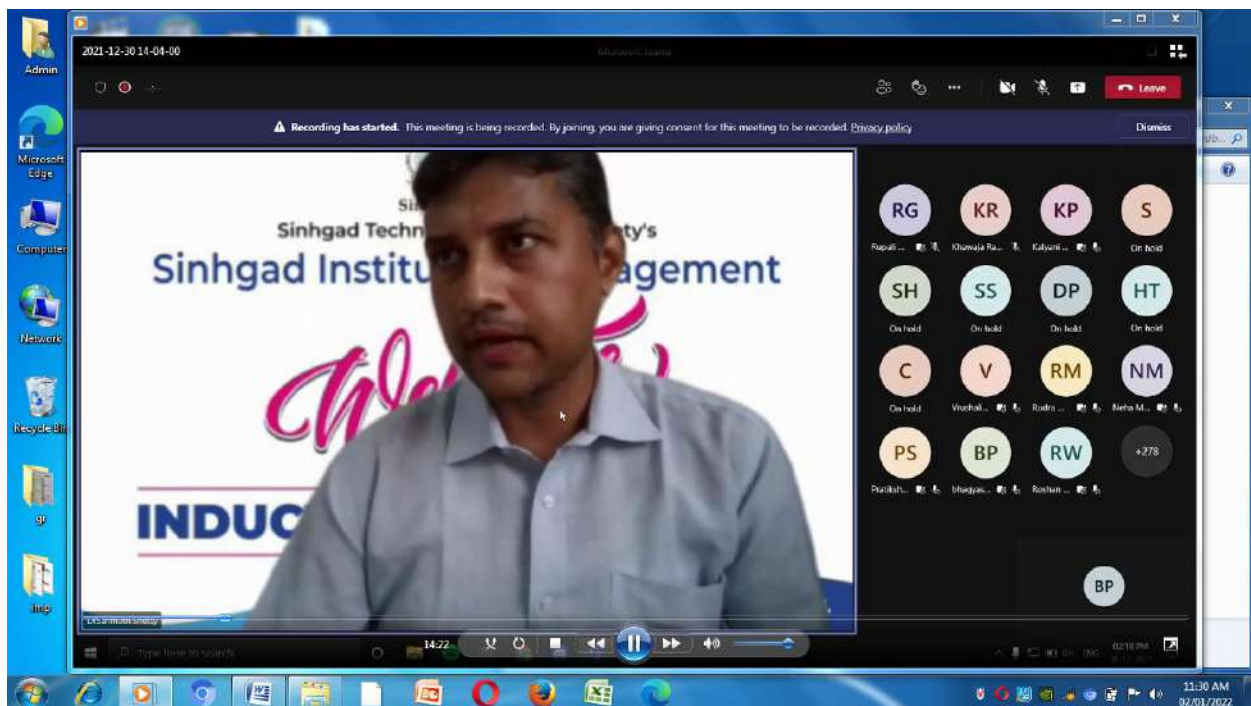

If continuity of happiness and prosperity is not achieved by jst accumulating physical facility then what else is essential to do?

Lets try to find out by asking the question to ourselves.

Is the unhappiness in my family more due to lack of physical facility or more due to lack of fulfillments in relationship and finally explain understanding harmony in the family . relationship already exist we don't have co-create it rather we only have to recognize and fulfill it .

There are nine feelings (value) in relationship:

Trust (Foundation Value) Respect, Affection, Care, Guidance, Glory, gratitude, love complete value there is harmony in the family mutual happiness in the family when we understand the feelings and ensure in our Living.

Guest: Santosh Velapure

It's always amazing listening to stories from seniors and especially alumni's. he have basically experience in sales professional with 11+ yrs. Experience with expertise in channel Sales and Product Management . Sir has Successfully handled top brands like Blackberry mobile phones , sony mobiles , Transcend , Kensington, Microsoft to name a few . He is having National as well international exposure where he has worked at various capacities.

Santosh velapure mentioned in his speech this is two year program, entrepreneur is a basically to learn new thing . you able to connect and perform a better way because you know better what exactly better expect from you . having a clear understanding is very important life ,so all understanding , positive attitude , open mind, rather than that good attitude do not have keep ego . always focus on something on excellence you get no of challenges and you need to have good collaboration , proper understanding and students are able to adapt the technology . world is booming in corporate sector make planning for long task just they evaluating .way of living , every day u deals with daily transaction that means basically way of living . all guise are entrepreneur stay connected ,keep a open mind you need to have a positive attitude , case studies , big learning platform . students have tackle things much better way and handle the situation .Industry you get

“Lets it be as an entrepreneur Faster you will grow in life ”

Dear Mr. Akshay Bhosale,

I am writing this letter on behalf of Anixel Studio. Our company has thoroughly reviewed your proposal sent to us on 15th April 2021, with the offer of your project Development for the Anixel Studio.

After reviewing numerous proposals from different companies, I am glad to inform you that the management of Anixel Studio has selected you for our project.

The commencement date of the contract will be 20th April 2021 and the ending date would remain the same as suggested by your company in the proposal, i.e. 1st June 2021. The payments would start after the end of the first month and would continue equally on a monthly basis until the end of the project.

We seek the same level of services as ascertained in your proposal. Additionally, as you are already aware of the critical nature of this project, the non-adherence of deadlines would not be compromised.

We are looking forward to working with you and forming a long-term relationship for future projects as well.

Let me know if you have any questions or need any details by contacting me on [TEXT].

About Us

Sinhgad Institute of Management has carved a niche for itself in the field of Management education through academic excellence and Innovative Teaching Learning Process. Since its inception in 1994, Sinhgad Institute of Management remains the most preferred institute among MCA aspirants because of eminent Faculty, Research and promising career opportunities. Sinhgad Institute of Management works with a mission of Holistic Development of students through unique pedagogy, Research industry interface and Socio-environmental connect. This is exemplified by consistently securing the top ranks in Pune University and two consecutive accreditations by National Board of Accreditation.

OUR MISSION

Holistic development of students and teachers is what we believe in and work for. We strive to achieve this by imbibing a unique value system, transparent work culture, excellent academic and physical environment conducive to learning, creativity and technology transfer. Our mandate is to generate, preserve and share knowledge for developing a vibrant society.

AICTE Sponsored
FACULTY DEVELOPMENT PROGRAM
On
MACHINE LEARNING, DATA SCIENCE &
DEEP LEARNING WITH PYTHON
(1 July - 16 July, 2021)

About the program:

Data Analysis is becoming an essential part of everyday life. It has emerged as a critical component of modern business intelligence in recent years. Data Scientists have several options to analyze data using statistical methods. One of the most convenient and powerful methods is to use Python Programming language . Analyzing meaningful data is also critical for policymaking. Data science and Statistical modeling techniques help in decision making and to formulize business strategies. The FDP aimed to help learn how to tackle data analysis problems using the powerful open-source language Python. Participants also learnt how to compute various statistical measures and create meaningful data visualizations. In near future industry demand for data scientist and the professionals with the knowledge and hands-on experience is expected to boost up. Academic up gradation is possible through the execution of the FDP enabling the faculty to deliver content rich syllabus of data science to fulfill industry demands.

The faculty development program covered different analytics tools and techniques used to guide business decisions. The emphasis was laid on learning core and advanced concepts of data science, machine learning and deep learning with hands on experience of analytical and programming tools/techniques used in decision problems . FDP aimed to provide brain storming sessions on current trends in machine learning and exchange of the information amongst the faculty members and researchers . Enabled the participants to work on various projects based on machine learning and deep learning using Python and other frameworks used in data science is the expected outcome of the FDP.

Key Take-aways from session were:

- Learned various aspects of data handling and how information could be extracted from datasets.
- Participants were able to demonstrate proficiency in statistical analysis of data
- Participants were able to develop the ability to build and assess data-based models.

- Participants were able to apply data science concepts and methods to solve problems in real world.
- The program helped the participants to understand the key concepts behind deep learning
- Experiential learning in Machine learning, Deep learning and Data Science.
- How to analyse, predict and forecast a dataset.

Procedural Report
For
Faculty Development Program
On
MACHINE LEARNING, DATA SCIENCE & DEEP LEARNING WITH
PYTHON

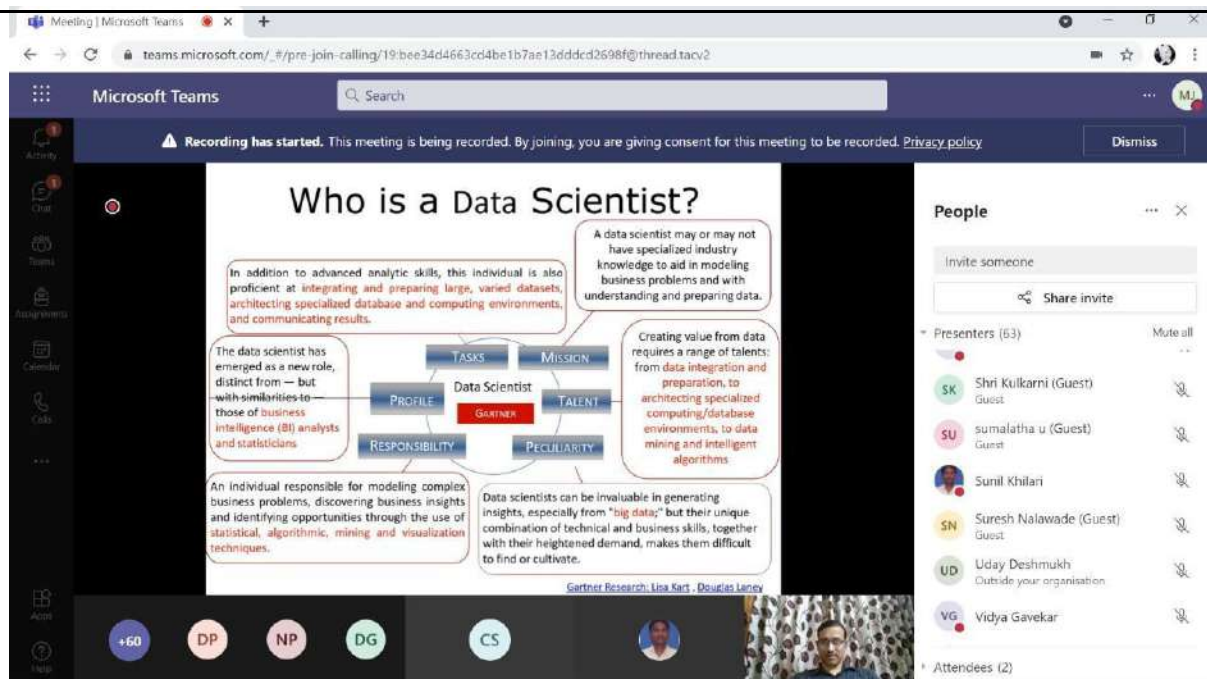

Sinhgad Institute of Management organized a 16-day Faculty development program on Machine learning, Data science and Deep learning with Python from 1st – 16th July 2021. The program witnessed an interactive and keen audience and had renowned, and experienced trainers for different horizons.

Day 01/1-July-2021:

The first day of FDP began with Saraswati Vadana to seek the blessings of goddess Saraswati. It was followed by an inauguration speech by Dr. Chandrani Singh, director SIOM MCA. Ma'am briefed the audience about the agenda, objective and key takeaways to be looked out for during the program.

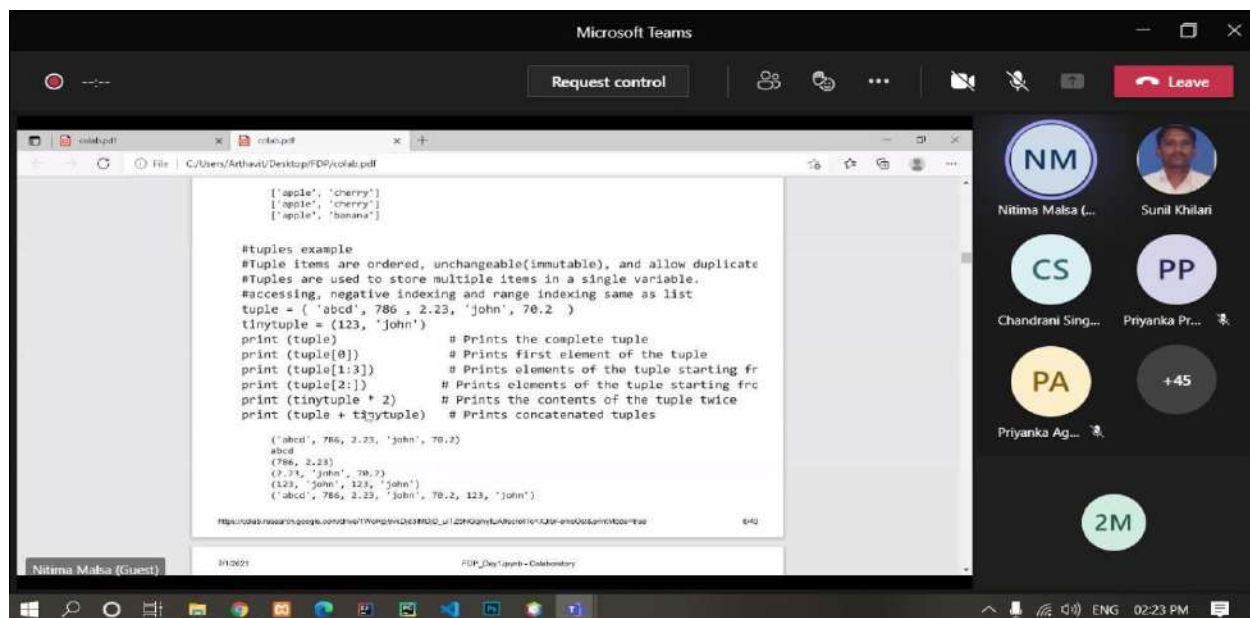

The program began with a session on Data Science by Dr. Amlan Chakrabarti, presently Professor and Director of A. K. Choudhury School of Information Technology, University of Calcutta. Sir touched many points through his session including the basic understanding about Machine learning, What is data science?, Big data etc. The sir touched every topic in a precise manner and explained them in a very descriptive way. The session was interactive with participants being free to put up their questions to sir throughout the session.

As the day proceeded, prof. Nitima Malsa, took a session on Python programming where in she taught many key topics of python programming. Ma'am made the sessions interactive and taught the concepts with practical examples. The session was very informative.

Day 2/ 2-July-2021

The second day of FDP began with a session on Python Programming by Prof. Nitima Malsa, presently assistant professor in JSS Academy of Technical Education, Noida. Mam talked about many points with the main topics held in sessions that are Python Libraries and Data Pre-processing. She discussed about python libraries like NumPy, Matplot, Panda's library etc. She explained every section in very descriptive manner with many examples. Which helped participants in very positive way. Again, she took another session after tea break on Pre-processing. She explained not only in theoretical manner but also explained the code to participants. The session was very interactive, participants put their questions to mam throughout the session.

The second half day of session was taken by the Dr. Jyoti Gautam, she is working as Associate Professor at JSS Academy of Technical Education, Noida and she has completed PhD in Computer Science and Engineering.

Jyoti mam covered 3 main basic topic in machine learning are follows

1. Linear regression
2. Multiple linear regression
3. Polynomial regression

As well as ma'am explain need of polynomial regression

And main point is session is very interactive as well as 2 way communication is happened .ma'am is gives a very good examples of regression. then we take lunch break.

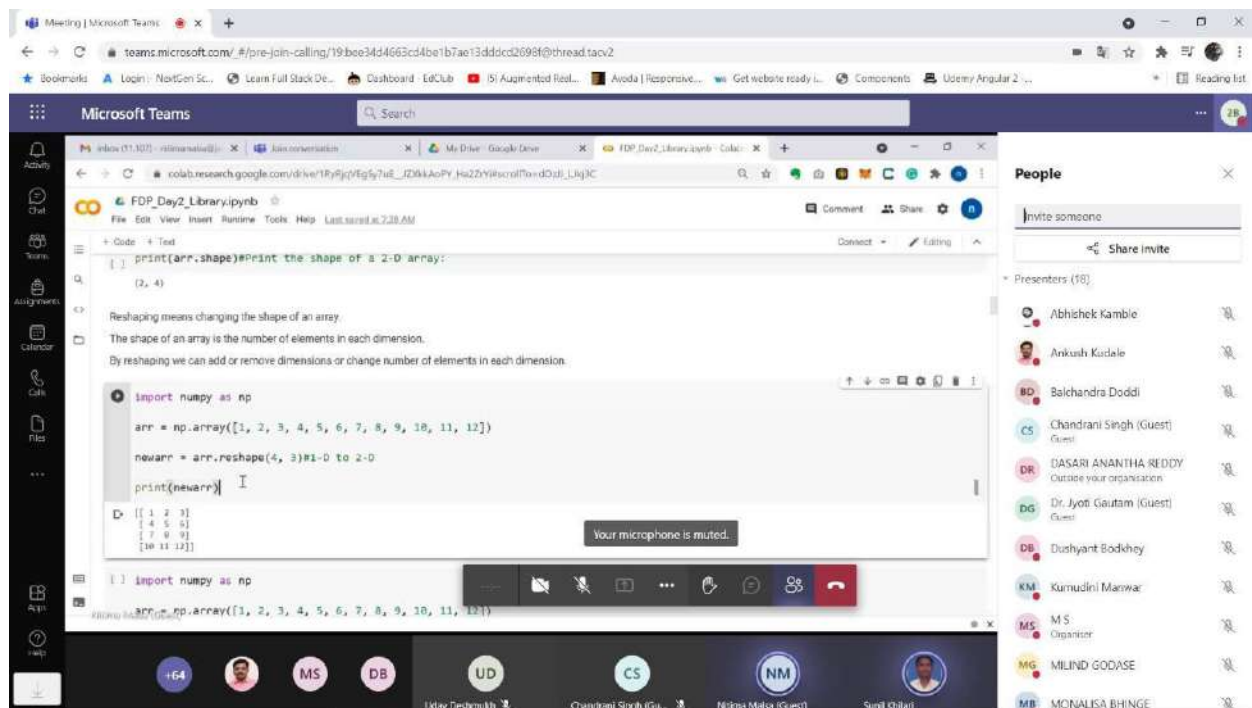

After the lunch break mam started with Regression and classification.

Dr. Jyoti ma'am cover all theoretical concepts related to classification. In classification mam completed with the main algorithm which is used in classification is KNN algorithm. Mam also gave practical example of KNN algorithm and implementation with the python. In between session Dr. jyoti mam asked some interesting questions one of them is asked by ma'am is

what is learning ?

also Ma'am explained what is supervised and unsupervised learning as well as bias variance tradeoff and working with the datasets. After the discussions mam demonstrated practical implementation of dataset and explained the advantage of classification and gave some assignment questions for practice.

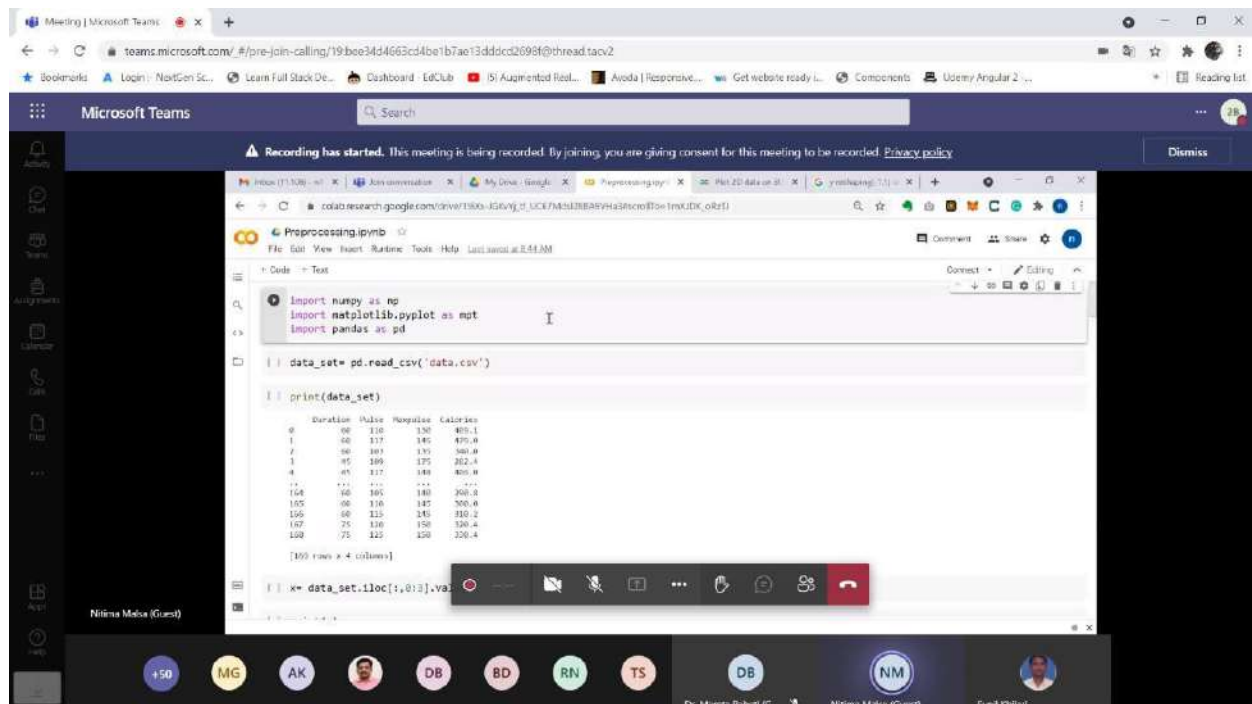

At the end of the session Nitima ma'am take one quiz

Day 3/3-July-2021

On 3rd day of FDP i.e. on Saturday, session begin with classification Algorithm which was taken by Jyoti Gautam mam Firstly, She has started with Decision Tree Classification Algorithm. After regression and all that topic Jyoti mam has started with classification Algorithm. She gave basic idea about what is decision Tree and how it helps in Machine Learning.

Firstly she started with Decision Tree Algorithm then she explained decision Tree with its algorithm and live examples, with its structure, Terminologies, its Advantages and with its overall summary.

Day 5/5-July-2021

Day 5th started with some Sanskrit Shlokas organized by Monalisa Bhinge Mam. On 5th day of FDP program Nimita Mam started with topic Assembling heart of Machine Learning.

She gave information about which is a best accurate in ML and the conclusion was Neural Network. After that, she took a topic called Max voting, averaging, weighted Average, Bagging, Bootstrap, stacking, Blending.

Then she taught about list of techniques (i.e., 7 Techniques), Missing values with live example on Google colabs. she also gives demo on numerical imputation. Box plots with fences was key feature of Saumya mam's lecture she gave a detail explanation on Box plots with some graphical Interface and some graphical scenarios.

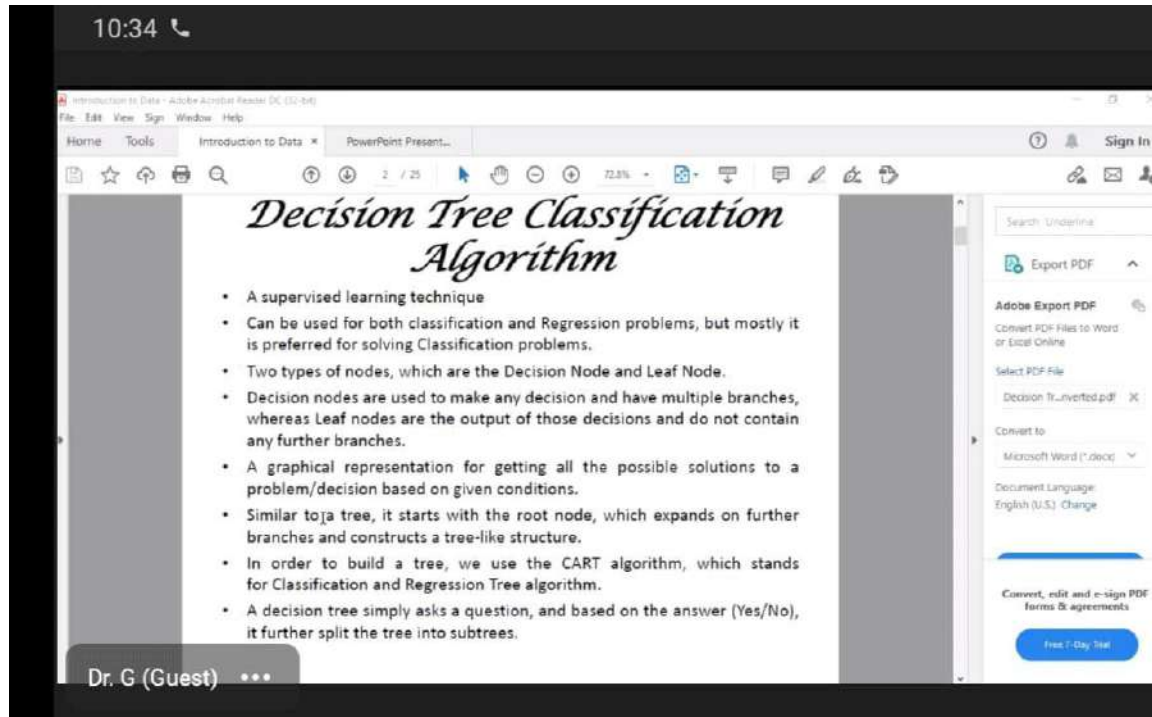

Box plots with fences was key feature of Saumya mam's lecture she gave a detail explanation on Box plots with some graphical Interface and some graphical scenarios. After that she took some quiz type session which was based on Assembling.

Before the lunch, Saumya mam took most interesting topic Hyperparameters and model validation. Model parameters and hyperparameters are those two types of parameters in Machine learning. She also gave example which demonstrate how we can use linear regression and how we can write a model. She also gave information on how we can apply supervised Machine learning model with their types. A key part of Model parameters and hyperparameter is Model

Validation. After choosing a model and its hyperparameters, it can be estimated how effective is by applying some of data and comparison. She also taught about How Machine learning Model validate in wrong way with live example on Colab.

Hereafter there was discussion carried out on Assignment Of Regression and its solution. All attendees actively participated in this discussion and shared their solution on given regression assignment questions. Saumya Gautam Mam shared her solution with other attendees and explained their solutions with Priyanaka Agarwal Mam. This includes-

- Apply Linear Regression on Given Dataset .
- Calculate coefficient of determinant, Intercept and Slope.
- Check Linear Regressions Suitable for given dataset or not.
- Apply Regression on given dataset.
- KNN classification on diabetes dataset.
- Etc.,

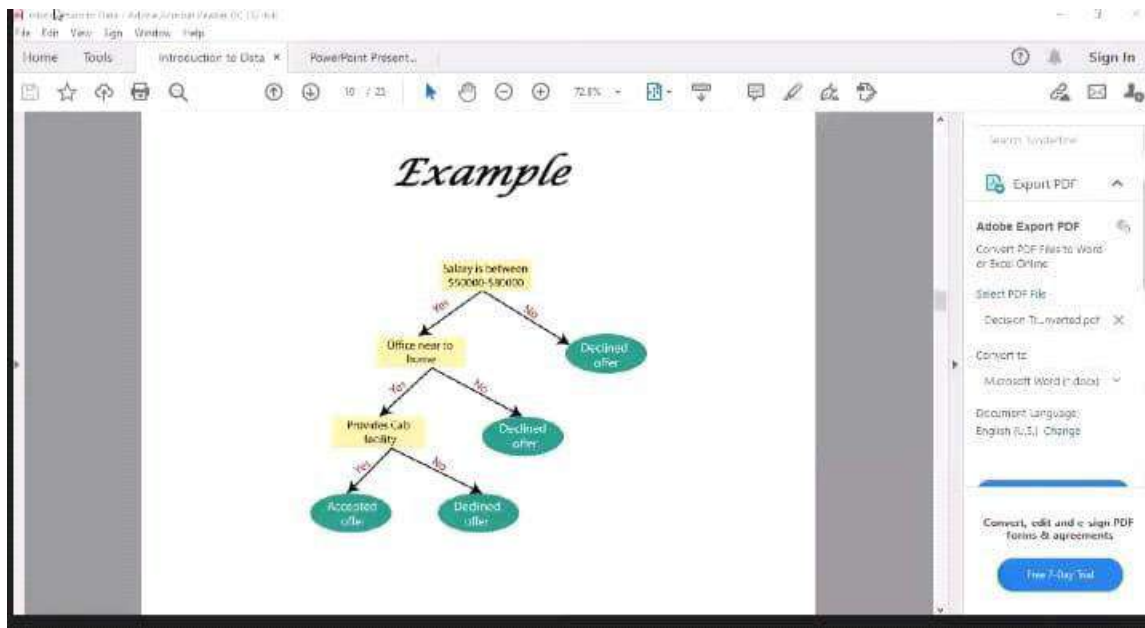

Then another session was carried out by Dr.Amlan Chakrabarti [Professor & Director A.K. Choudhury School of IT, University of Calcutta, Distinguished Speaker at IEEE].

This Session was based on “Anomaly Detection” In this session Dr.Amlan Chakrabarti sir explained the following points with PPT presentation.

- Introduction to Anomaly Detection
- Aspects of Anomaly Detection Problem
- Anomaly Detection Applications
- Different Types of Anomaly Detection
- Case Studies
- Discussion and Conclusions.

With Conclusion Dr.Amlan Chakrabarti Sir ended up the wonderful and great session receiving happy feedback from the attendees. Because of this session we got deep

knowledge about Anomaly Detection and we got solution to all our confusion and doubts which we had about Anomaly Detection.

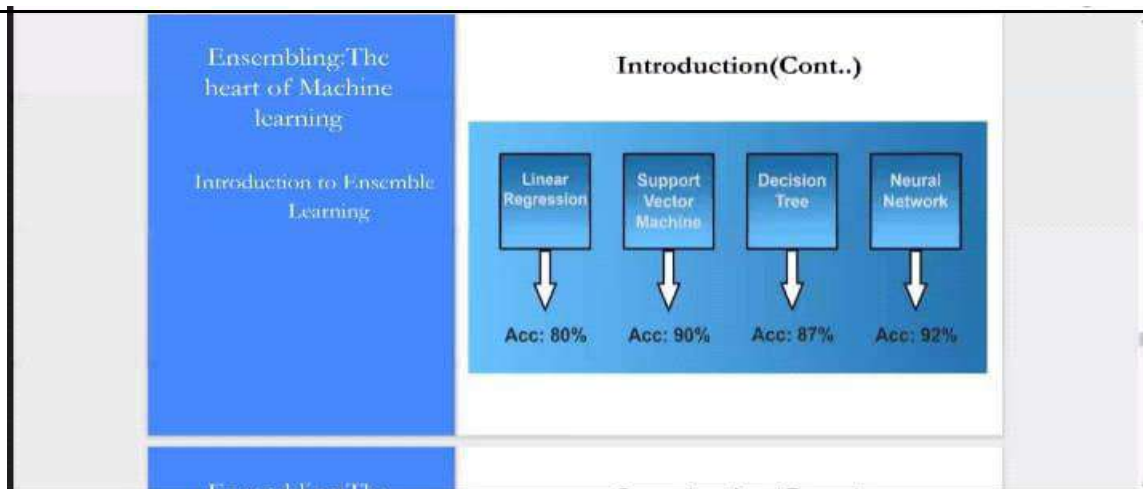

Day 6/6-July-2021

The day marked sessions on recommender systems key concepts with detailed session on Time Series analysis and forecasting. The session covered many key concepts to clear the understanding and topics in depth. Interactive method of teaching was adopted to enhance participation and level of understanding. The day ended with an assignment quiz to check the level of understanding.

Day 7/7-July-2021

On day session, the topics that was picked was Deep learning. The basic understanding of deep learning and its key concepts were taught. The topics that were touched in depth were Neural Networks and Convolution Neural Networks – their differences, applications and uses. Various use cases were demonstrated to enhance related to Computer Vision.

Day 8/8-July-2021

The day marked sessions on Data Science – Artificial Neural Networks (ANN). The discussion revolved around Neural Networks and their various types & how machine learning as a part of AI can replicate the humans brain learns & functions. Various use cases & possible future prospects were thoroughly discussed.

Ensembling: The heart of Machine learning

3. Advanced Ensemble Techniques

3.3 Bagging

Here's a question: If you create all the models on the same set of data and combine it, will it be useful?

There is a high chance that these models will give the same result since they are getting the same input.

So how can we solve this problem?

One of the techniques is bootstrapping.

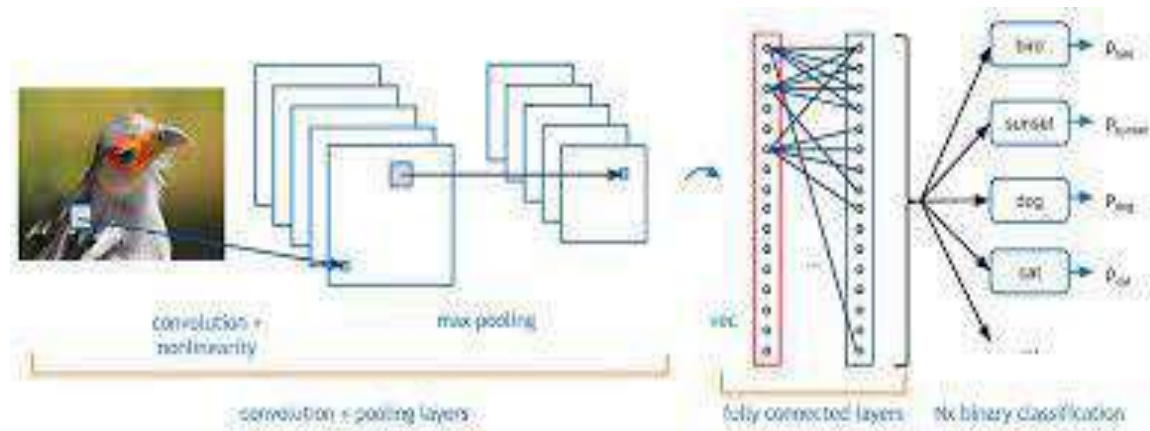

Bootstrap

➤ In statistics, Bootstrap Sampling is a method that involves drawing of sample data repeatedly with replacement from a data source to estimate a population parameter.

Day 9/9-July-2021

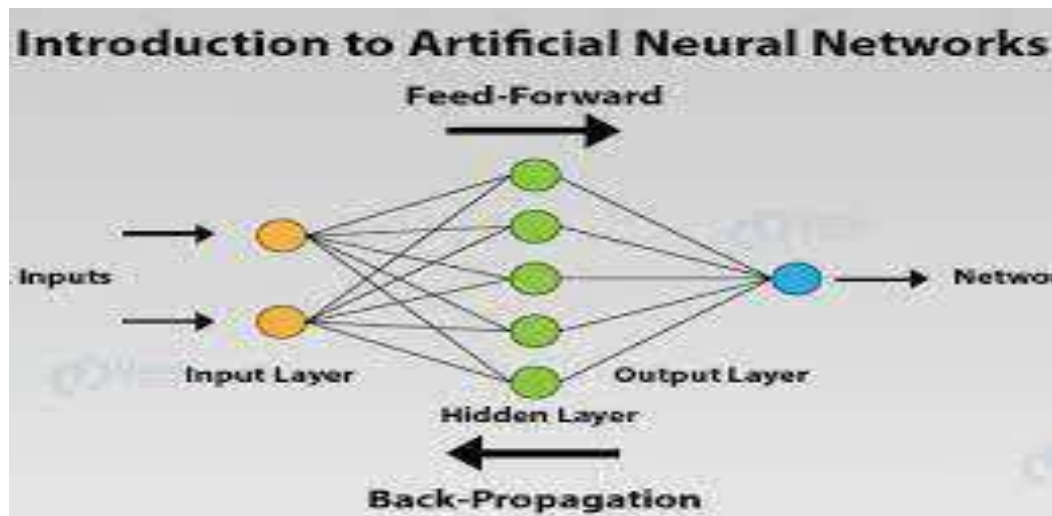

The day carried forward previous day's discussion as the topic was Data Science – Convolutional Neural Network. CNN is a type of neural network model which allows us to extract higher representations for the image content. As the image recognition features are defined by the user itself the discussion. focused on various technicalities involving it like

training algorithms, data sets, kernel sizes, layers, etc. Its use in image grouping & object detection as well as possible future use cases were evaluated.

Day 12/12-July-2021

On this day, the discussion was on two important aspects of Deep Learning – CNN & ANN. As both have different working & applications, a thorough comparative analysis was done to understand the most efficient use case of any one of them or both combined based on project requirement.

Day 13/13-July-2021

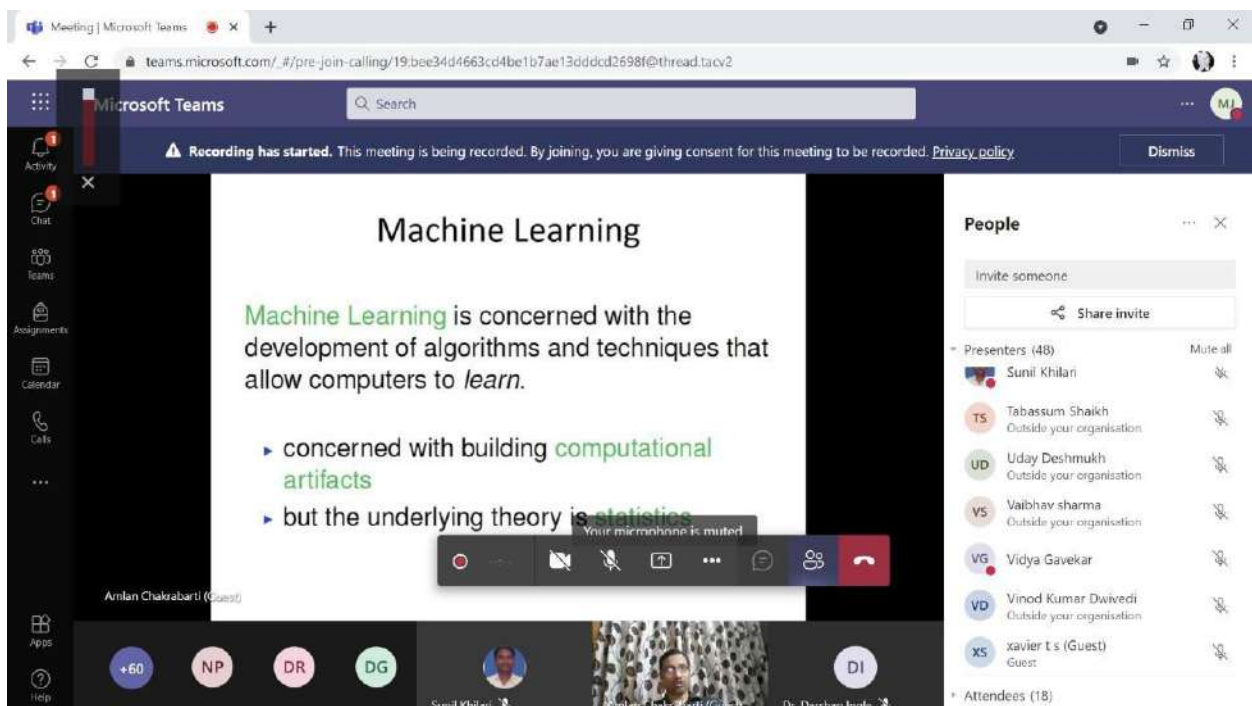

Topic in focus on this day was Industrial IOT with more focus on Microcontroller & microprocessor, LDR sensor, Relay interfacing with AVR. These combined forms the foundation of

automation hence IOT. Various current application-based projects along with strong prospects for the future were evaluated.

Day 14/14-July-2021

Previous day's discussion on Industrial IOT was carried forward with focus on Wi-Fi module & AT commands, Sending data to the Internet (Data logger) using Microcontroller. Students were also guided through functioning & uses of IOT analytics platform "thingspeak.com". The endless possibilities of amazing results by integration of machines & internet was the talking point of the discussion.

Day 15/15-July-2021

The day has extremely interesting and interactive sessions on Strategic Management & Team building (Leadership). Sir used exemplary examples, games and activities to put forward various pillars and aspects of leadership and strategy management. He also touched teaching methodology to motivate the students for the faculty members. Sir cited inspirational quotes to motivate all the participants of FDP.

Day 16/16-July-2021

This is the last day of our FDP, on this day Test was conducted for all participants. Then there was Feedback and attendance process conducted. Dr. Shailesh Kasande talk about National Education policy 2020 and ANN project's discussion was taken by Dr. Amlan Chakrabarti.

FDP was concluded by Vote of Thanks by FDP organizing committee.

This is a beautiful ending of 16-day AICTE approved FDP in sinhgad institute of management, Pune.

Thank You.

Dear Sir/Madam,

The Institution's Innovation Council (IIC) at MoE's Innovation Cell and AICTE express our heartfelt thanks to you and your institute for nominating you and your active participation in the IIC Regional Meet held in Pune last Monday, 1st August 2022. It's please sure to share with you that the regional meet was success and saw participation of over 550 IIC faculty members from 250+ Higher Education Institutions. We salute their time, support, coordination, resources and effort to make it happen grand success.

Hopefully, you enjoyed both the impact lecture session delivered by the IIC - MIC, Technology Transfer (TT) knowledge sharing session, Best practice session tracks, interactions with ecosystem enablers, networking opportunities, demonstration of innovations, startups, IIC poster exhibitions etc. Please don't forget to upload the soft copy of the IIC poster you have exhibited in the IIC portal as MIC driven activity. Also make sure, IIC4.0 Annual report submission on time in the IIC portal.

Thanks to each one of you and specilly the host institute and their IIC team members and authority for this splendid job.

If you have attended (registered) but not yet completed the feedback, please complete the remaining process by clicking the below link and download the e-participation certificate. <https://mic.gov.in/iicrm/opinion-past.php> Please ignore, if already have downloaded the certificate.

Please find the Impact session presentation delivered by Mr. Dipan Sahu, Assistant Innovation Director, MoE's Innovation Cell for your reference.

Dear Sir/Madam,

Greetings from All India Council for Technical Education..!!

We are happy to inform you that the 15th SSP Online University Visit to be held on July 16, 2022 (Sat.) collaborating with Hokkaido University. Hokkaido University with the main campus in Sapporo, Hokkaido is one of the distinguished comprehensive universities in Japan, having the largest number of faculties of Japan's national

universities. They cover almost all areas of the humanities and social and natural sciences. Their campus is the largest among the Japanese universities, located in a breath-takingly beautiful setting with rich nature wherein researches on various highly specialized fields such as agriculture, forestry and fisheries can be conducted.

## Gender Gap

### The All India Survey on Higher Education (AISHE)

Women account for very low proportion of enrolments in institutes of national importance and state open universities, pointing to a skewed distribution of state resources based on gender.

Proportion of female enrolments remains lowest in science and technology streams, the opposite is true in the case of arts and humanities.

### Academic Bank of Credit (ABC)

The University Grants Commission (UGC) has set-up Academic Bank of Credit (ABC) - a virtual entity which will keep records of all the students in the Indian higher education space.

The Honorable Prime Minister of India Mr. Narendra Modi launched the Academic Bank of Credit (ABC) on July 29, 2021 under the National Education Policy (NEP) 2020

This regulation enables students to select the best courses or combinations that suit their aptitude and quest for knowledge.

Such choices will be more friendly to students considering associated logistics and cost of the course opted.

It is set-up with an aim to provide students with mobility of not only moving between institutes while pursuing one degree but also offers the flexibility of leaving a course and rejoining it after taking some time off from where a student had left it.

Initiatives like these will make the education sector more vibrant and accessible.

### Academic Bank of Credit (ABC)

Academic Bank of Credit is envisaged as a digital bank that holds the credit earned by a student in any course.

The ABC would reduce disparity among institutions through standardization of crediting system and promote uniformity in the degree-granting mechanism.

This will also reduce the pedagogical gap that exists within higher education institutions of India.

The Academic Bank of Credit is a move towards the internationalization of our higher education system and making our institutions more global

### Academic Bank of Credit (ABC)

In a global environment where nations are moving closer for knowledge sharing and innovation, India cannot remain isolated by following a rigid system of granting degrees.

Through its clauses, the ABC regulation can standardize our higher education up to the international level, if institutions choose to join.

It also supports the multiple entries and exits systems as offered under the National Education Policy (NEP) which enable a student to get appropriate certification who decide to leave a programme after a certain time period.

The validity can also vary based on the subject or discipline. Students can redeem these credits.

For instance, if a student has accumulated 100 credits which are equivalent to say one year and they decide to drop out.

Once they decide to rejoin they can redeem this credit and seek admission directly in the second year at any university.

The validity will be up to seven years, or will vary with the subjects and the courses; hence, students will have to rejoin within validity period.

### Benefits of ABC

- Allows multiple entry, multiple exit for students
- Stores student credit for a minimum shelf life of 7 years
- Transfer credit through a single window after approval of source and destination academic institution
- Only verified academic institutions can upload credits
- Improves transparency and helps to build a more flexible approach to curriculum design and development

**BodhiTree, an open source platform developed at IIT Bombay**

20/12/2021

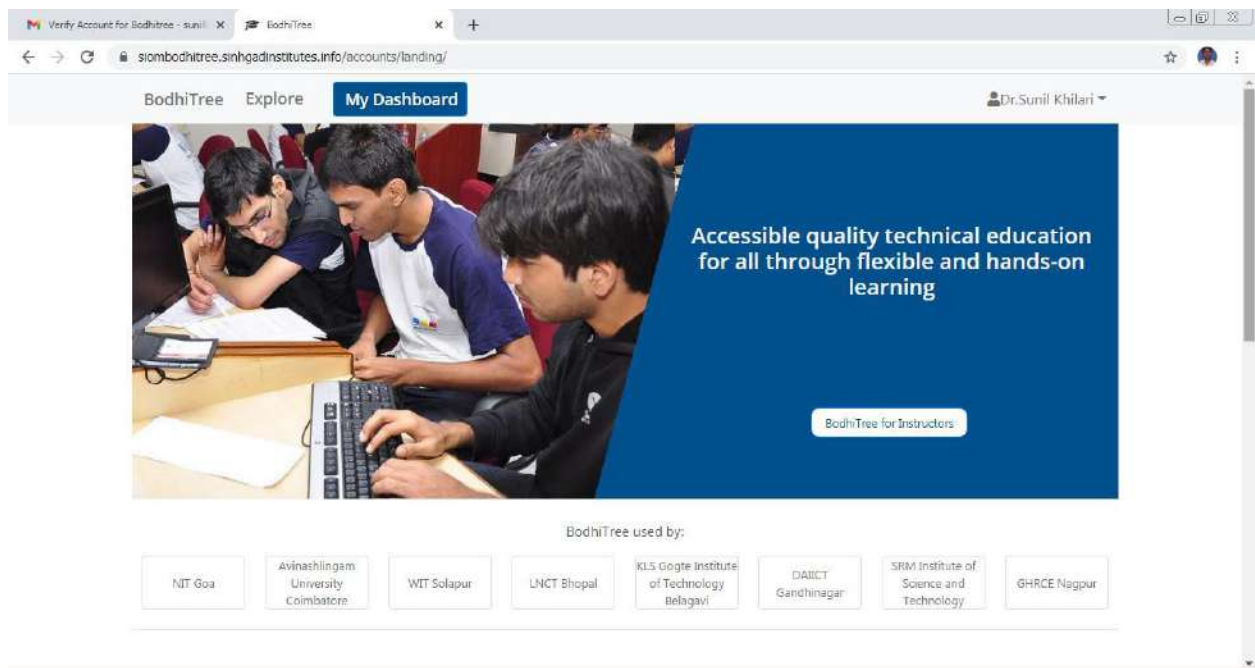

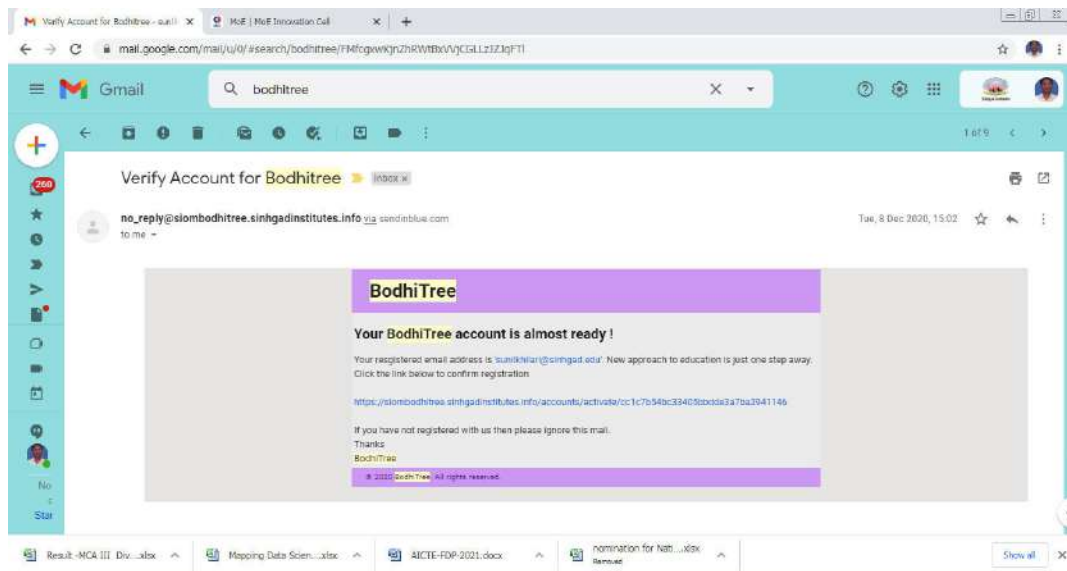

This initiatives we have implemented at Sinhgad Institute of Management,Pune.Faculty members and students are suggested to register and use the platform.This has been migrated on [www.sinhgad.edu](http://www.sinhgad.edu) sub domain bodhitree

BodhiTree combines the power of MOOCs with a Learning Management System (LMS). Teachers can assemble multimedia books made of chapters which in turn are composed of sections which include interactive videos (interactivity is achieved via periodic pop-up quizzes embedded within the video); auto-graded practice problems; auto-graded/grading-assisted lab exercises; reference material; slides etc. They can source content for this book from different sources, including adding their own content to create a customized book for their students. They can then use this book in conjunction with the rich set of LMS features provided by BodhiTree to conduct classes: 1) enrol students 2) impose weekly schedules; 3) interact with students via discussion forum/emails; 4) conduct labs/quizzes; 5) monitor student progress; 6) share mid-term/final marks with students etc. BodhiTree has particularly good support for Engineering colleges (Latex, Virtual labs, Software Labs etc).

Subject: BodhiTree, an open source platform developed at IIT Bombay- reg.

To: <[directormca\\_siom@sinhgad.edu](mailto:directormca_siom@sinhgad.edu)>

Dear Principal/Director,

It is great pleasure to announce **BodhiTree**, an open source platform developed at IIT Bombay, to empower teachers to conduct online classes (and later even regular classes once pandemic ends).

BodhiTree combines the power of MOOCs with a Learning Management System (LMS). Teachers can assemble multimedia books made of chapters which in turn are composed of sections which include interactive videos (interactivity is achieved via

periodic pop-up quizzes embedded within the video); auto-graded practice problems; auto-graded/grading-assisted lab exercises; reference material; slides etc. They can source content for this book from different sources, including adding their own content to create a customized book for their students. They can then use this book in conjunction with the rich set of LMS features provided by BodhiTree to conduct classes: 1) enrol students 2) impose weekly schedules; 3) interact with students via discussion forum/emails; 4) conduct labs/quizzes; 5) monitor student progress; 6) share mid-term/final marks with students etc. BodhiTree has particularly good support for Engineering colleges (Latex, Virtual labs, Software Labs etc).

BodhiTree is open-sourced and free to use. It's installation is very easy. An individual college or school can install and host an independent instance of BodhiTree either on their premises or on the cloud, with full control over the students'/teachers' data and content.

We strongly encourage your institution to adopt this platform. If you are interested in using the platform, please visit <https://garuda.bodhi.cse.iitb.ac.in/> On this website,

1. You can fill a form to express interest in adopting the platform  
(Link: <https://docs.google.com/forms/d/1fd3ZqPwGt25E5DLeEpVZQBX0WmYm6OuMDghfyql3hZM/edit?usp=sharing>)
2. You can see the required server configuration in case you want to install the server on your premises or on the cloud.
3. You can see a small 5min video of BodhiTree which demonstrates its features
4. You can explore the platform further by signing on the website. You can explore any of the available courses as a student (we specifically recommend seeing "Bodhi Tree and Safe Tools").

Both IIT Bombay and AICTE will provide needed guidance to help you install as well as run your courses over the platform. All applicants will receive detailed instructions on how to proceed further shortly after the deadline.

BodhiTree needs the following server configuration, depending on the number of students it is required to support.

| Students (upto) | Configuration                         | Cloud Server Cost<br>( <b>per month</b> ; from<br>linode.com) | Physical Server Cost<br>(one time cost;<br>approx) |
|-----------------|---------------------------------------|---------------------------------------------------------------|----------------------------------------------------|
| 1000            | 8 GB RAM, 4 CPU<br>Cores, 160 GB SSD  | Rs. 3200                                                      | Rs 50,000                                          |

| 4000            | 32 GB RAM, 8 CPU<br>Cores, 640 GB SSD | Rs 12800                                                      | Rs 2,00,000                                        |

\*\* Linode.com is one of the cheapest cloud service provider

If sufficient institutions want third party services to install and manage BodhiTree, we will put in a place a service for this and negotiate a good price. This third party can provide one time installation as well as maintenance/support during use. In this model, you can either 1) still pay for the server yourself (see the table); third party will just install and manage the software or 2) outsource the entire operation to the third party.

SONETEL

#### 5. Termination of Internship

The Intern accepts that the internship may be terminated prior to the Cessation Date, at the Employer's sole discretion.

#### 6. Insurance

The Intern acknowledges that, for the duration of the Internship, the Intern is not a "worker" and is not entitled to claim under the Employer's employees' compensation insurance.

#### 7. Indemnity

Subject to clause 5 of this Internship Deed, the Intern hereby indemnifies and unconditionally releases the Employer and its officers, employees and agents from any Claims against the Employer and its officers, employees and agents that may be made by:

- (a) the Intern, in relation to the Intern's performance of the Internship; or
- (b) any other person who makes any Claim that relates to the Intern's conduct in the course of the Internship.

#### 8. General

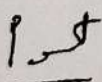

- a) This Deed is governed by the laws of India and the parties submit to the exclusive jurisdiction of the courts of Hyderabad.
- b) This Deed constitutes the entire Deed between the parties as to its subject matter to the exclusion of any prior Deed whether written or oral, express or in any way implied.
- c) This Deed may only be varied by amendment in writing and executed by both parties.
- d) In this Deed a reference to the Employer shall be read as a reference to and including as appropriate, the Employer's representatives.

#### 9. Counterparts

This Deed may be executed in any number of counterparts and by the parties on separate counterparts. Each counterpart constitutes the deed of each party who has executed and delivered that counterpart.

IN WITNESS WHEREOF, the parties have executed this Agreement effective the date first written above.

Subject: - Invitation to participate as a Project Guide/Consultancy for MCA-Semester-I students of Pratibha Institute of Business Management, Pune

Dear Sir,

We would like to invite you to participate as a Project Guide/Consultancy for our Semester-I MCA students.

Following are the high level expectations from the Project Guide

- 1) Guidance will be provided through online media (MS Team platform)
- 2) Scope of Guidance will be applicable for mini projects based on technology (Java / DS) as per the syllabus
- 3) Guidance will be on Synopsis preparation, SRS, Design (UML), Database Design, coding, Interface design (screens and O/p) and final project preparation.
- 4) Approximate estimate is around 16 hours:
- 5) Number of students would be around 35;
- 6) Participation would commence from the week starting 6<sup>th</sup> Feb. 2022.

PIBM MCA Department coordinating faculty will liaise with the list of students and all relevant operating modalities.

We would like to extend our gratitude for this support;

## ATAL Tunnel - Introduction & Overview

1. Inaugurated by Hon'ble Prime Minister of India, Shri Narendra Modi Jee on 3rd October 2020.
2. Built under the Rohtang Pass on the Leh-Manali Highway as an all-weather route to Leh, Lahaul and Spiti valleys.
3. At a length of 9.02 km, it is the longest tunnel above 10,000 feet (3,048 m) in the world and is named after former Hon'ble Prime Minister of India, Late Shri Atal Bihari Vajpayee.
4. It reduces the overall distance between Manali & Leh from 116 km to 71 km and the travel time from 5 - 6 hours to about 2 hours.
5. An engineering marvel, is an important & interesting case study for of Civil, Mechanical & Structural Engineering Students.

Subject: Online Talk of 2020 Global Teacher Prize Winner Ranjitsinh Disale

Dear Sir/Madam,

Greetings from AICTE!!

We all are proud that 2020 Global Teacher Prize Winner Shri Ranjitsinh Disale is an Indian from Government Village school. This prize has been referred by journalists as the **Nobel Prize for teaching**, highlights and celebrates the profession while giving greater recognition to the work of teachers all over the world. He shared his half of prize money with his nine fellow finalist. He is an inspiration by himself.

Shri Ranjitsinh is well known for his innovative teaching works, including demonstrating scientific experiments from the science lab built by him and adding QR codes to primary category books. His brief CV is enclosed for your reference.

AICTE has arranged his talk **on 16<sup>th</sup> March 2021 at 4.00 PM**. The Link to join the online session with Global Prize Winner is:

## ***Aptitude Training Report for MCA students***

**Date- 19/11/2021**

### **Introduction:**

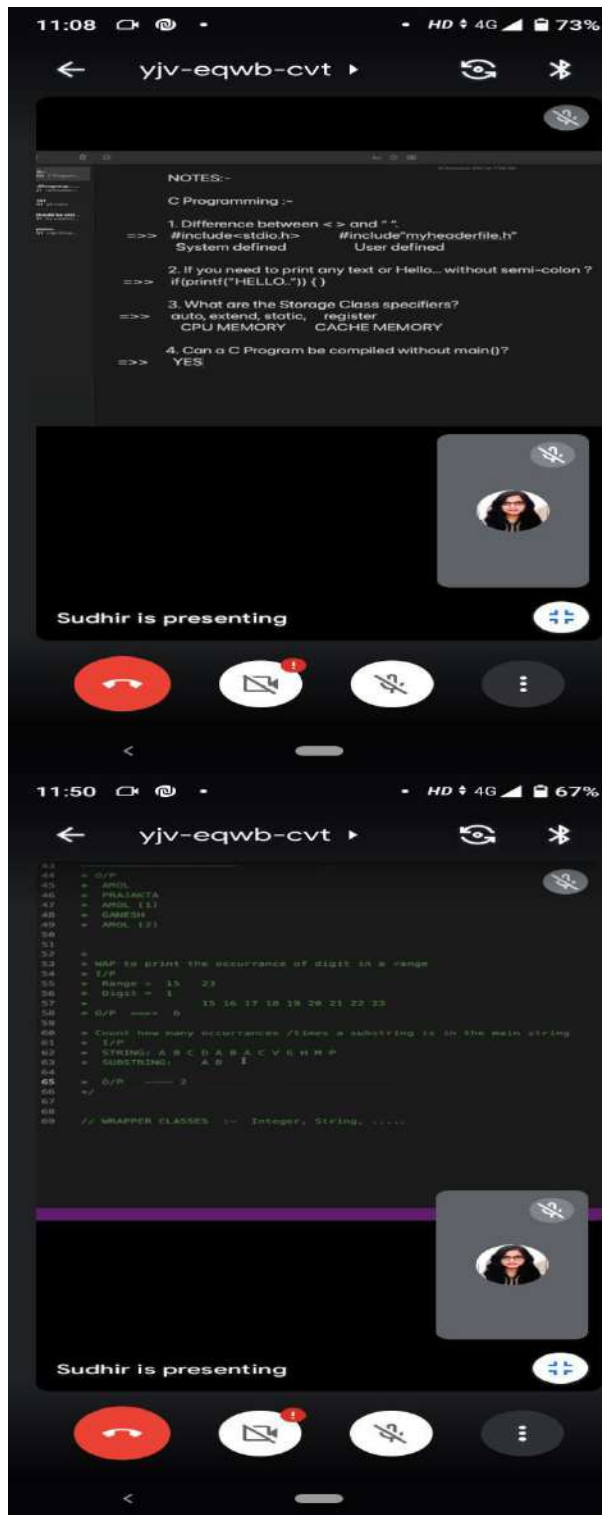

In this pandemic situation it was not possible to take offline classes, that's why our college SINHGAD INSTITUTE OF MANAGEMENT, VADGAON BK, PUNE arranged **AN APTITUDE TRAINING PROGRAM 2021**. The training was conducted by Mr. Sudhir Kumar under the guidance of Dr. Chandrani Singh, Mr. Khilare and Mr. Deshmukh sir. The mode of training was online which was held on 22<sup>nd</sup> Oct, 13<sup>th</sup> and 14<sup>th</sup> Nov 2021 from 9 am to 12.30pm. The main purpose of this program was to learn how to crack the Aptitude test and interview. It was very well planned program and many students learnt as well as enjoyed a lot.

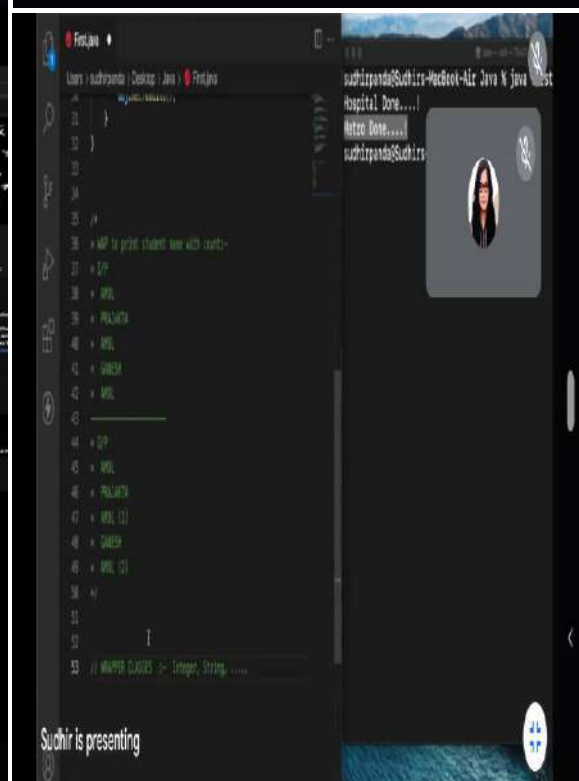

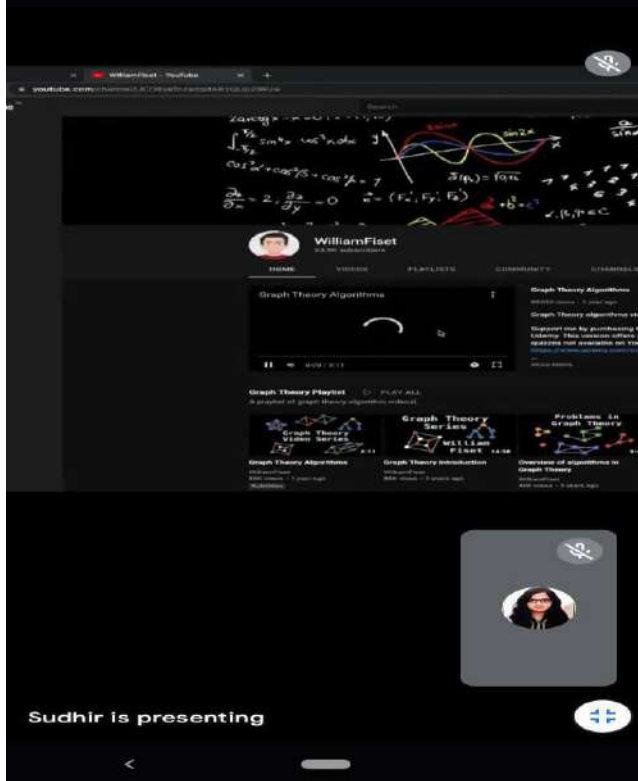

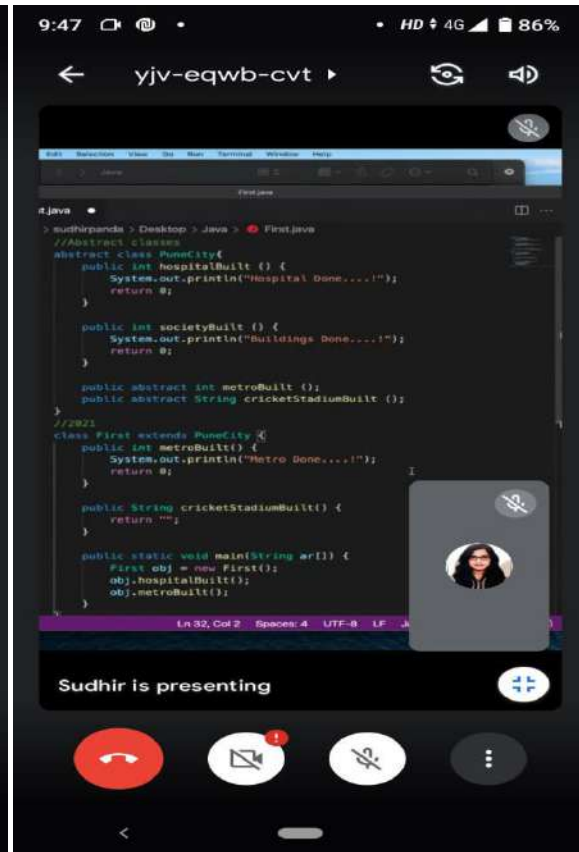

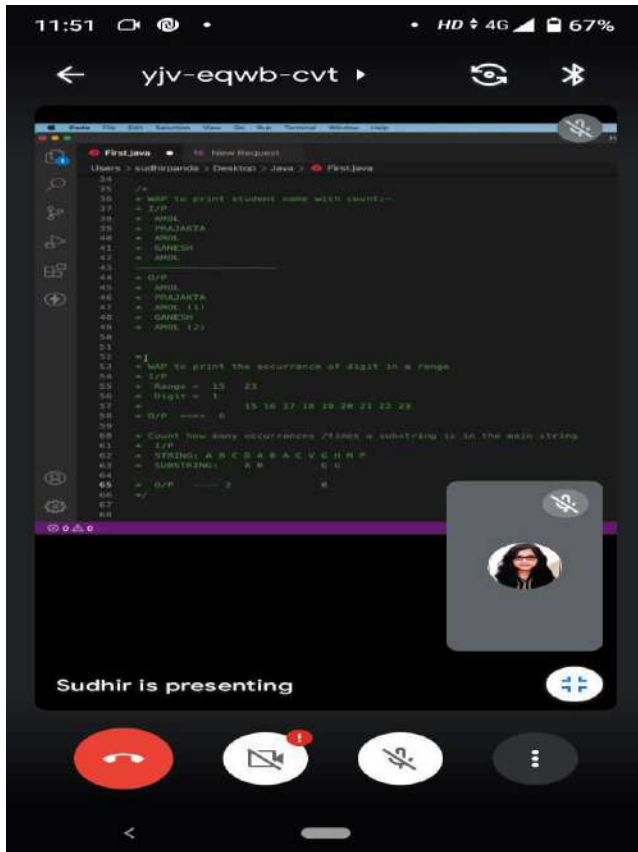

A team of Training And Placement Cell and around 96 students were present at the online training. Mr. Sudhir Kumar gave a lecture on how to crack the aptitude test and technical round. He gave some tips about how to get placed in any company. Mr. Sudhir sir taught java with the help of some important programmes. After that he gave some programmes to write as a homework. The students enjoyed the session.

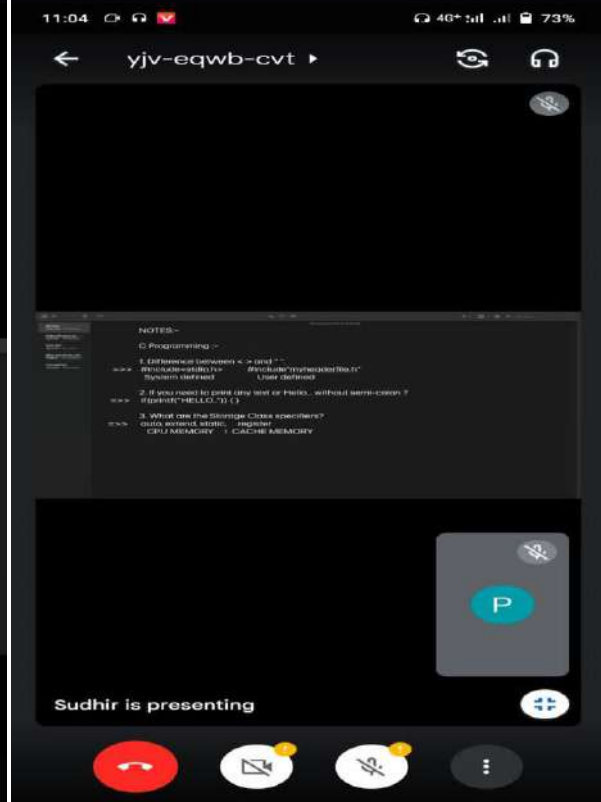

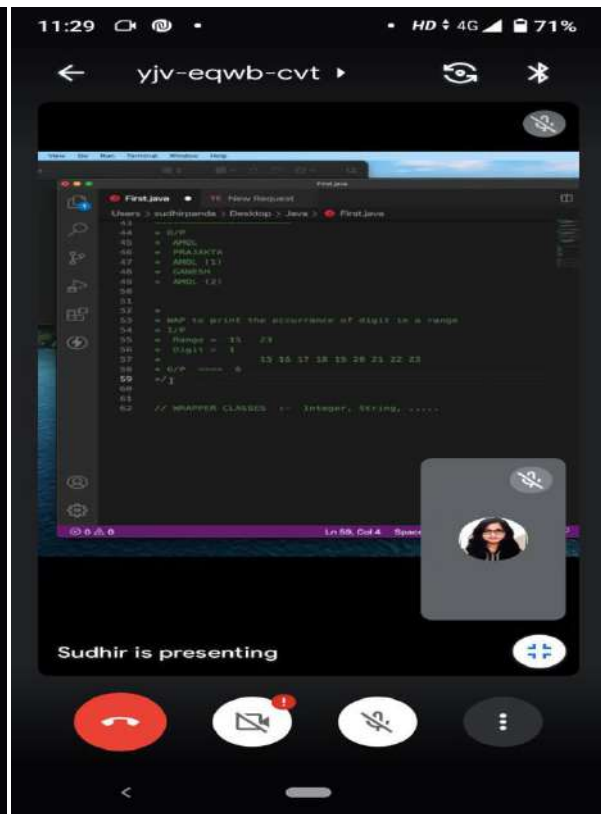

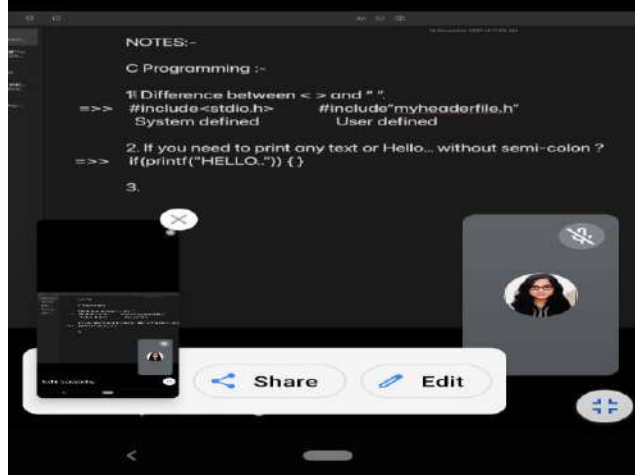

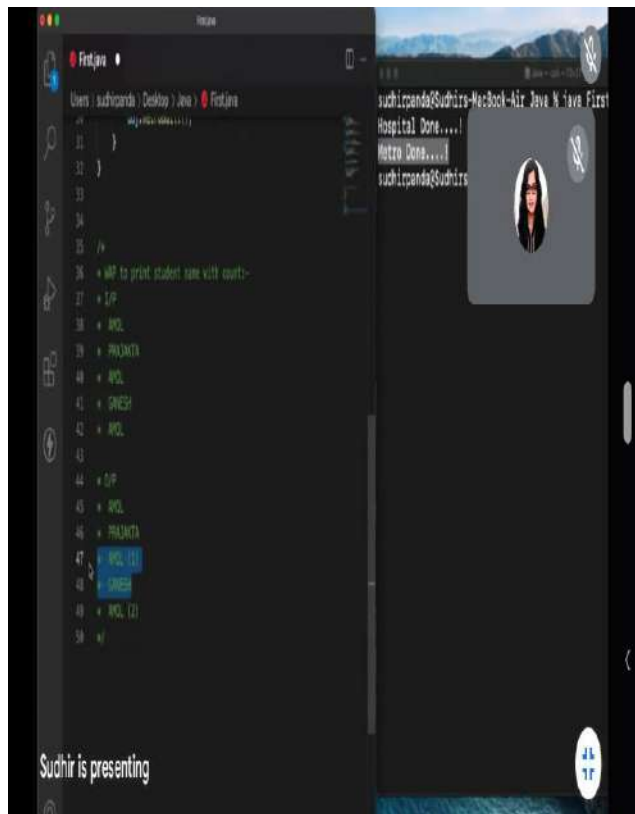

At the end of the programme was approaching, there was a sense of satisfaction on the faces of students. Mr. Sudhir sir appreciated all those who participated in the training programme and making it a huge success.

Subject: Regarding sending reminder email to ATL Schools

To:

Greetings!

Kindly refer to our earlier communication where the IIC Institute has started the mapping process of ATL Schools under the IIC-ATL School linkage program.

In this regard, requesting you to kindly send a reminder to ATL school and contact them to accept the invitation. For sending reminders, you need to log in, click on the ATL Linkage program on your dashboard, and then on the selected school. You will see a list of all selected schools. You just need to click on **Send Reminder Email** button so that the school can receive the email. (screenshot is for the reference)

ATL Team is following up with the schools so that we can complete the mapping process as early as possible and start working on this program. In case, if ATL School email is incorrect, please revert back to this email with your Institution Name, IIC Code and ATL School details along with the correction points. We will correct it from our side.

Kindly reach out to me for any support.

Subject: Inviting IIC Institutions to Mentor Atal Tinkering Labs (ATLs) in Schools – Mapping Exercise-Reg.

To:

Dear Sir/Madam,

Greetings from the Ministry of Education's Innovation Cell (MIC) & AICTE!

Ministry of Education's Innovation Cell (MIC), All India Council for Technical Education (AICTE), and Atal Innovation Mission (AIM) of NITI Aayog have come up with a plan to connect Atal Tinkering Labs (ATLs) established in schools with Institution's Innovation Council (IICs) functioning in higher educational institutions spread across all the states and UTs.

- Please refer the press release: <https://pib.gov.in/PressReleaselframePage.aspx?PRID=1711853>
- Announcement on the collaboration between MIC's IIC and AIM's ATL to support young innovators of ATLs can be viewed at: <https://youtu.be/3OWQHlzTgsA>

The mapping exercise for the above has been started through which mapped IIC Institutes and ATLs are required to carry out certain prescribed activities towards building innovation and entrepreneurship mindset, attitude, and ability among school students and teachers and strengthening the connection between schools and HEIs. Detailed guidelines regarding the prescribed activities will be provided soon after the completion of the mapping exercise.

In this regard, interested IIC Institutions are requested to log in to the IIC portal and click the “**ATL School Linkage**” tab to choose and send invitations to a maximum of 3 ATLs from nearby locations and onboard them by 20<sup>th</sup> May 2022. If you have already sent invitations to ATLs but they have not responded yet, please click “Send Reminder Email” to send invitations again.

Please note that, if your IIC has already onboarded ATLs, please wait for further notification on conducting Prescribed Activities.

For any support, please reach out to Mr. Abhishek Ranjan, Innovation Officer via Ph. No: 011-29581517, Mob.- +91-9519661122 or E-Mail: [innovationofficer4@aicte-india.org](mailto:innovationofficer4@aicte-india.org)

Subject: Urgent – Expression of Interest from Translators/ Reviewers for Translation of Engineering Second Year Books (UG & Diploma level) in Indian Languages- Reg

To: <sunilkhilari@sinhgad.edu>

Sir/Madam,

Greetings from AICTE New Delhi.

It is our pleasure to share with you that AICTE has initiated the Technical Book Writing Scheme in the year 2021 with the objective to involve eminent subject specialists (authors/ reviewers) for writing/reviewing books in English languages and subsequently its translation in different Indian Languages.

Now we are starting the process for identification of Translators/ Reviewers in different Indian Languages. The Translator will translate the book in the Indian Languages and Reviewer will review the work carried out by translator for Engineering Second Year Books (UG and Diploma level) in 12 Indian Languages, as below:

1. Hindi
2. Marathi
3. Bengali
4. Tamil
5. Telugu
6. Gujarati
7. Kannada
8. Punjabi
9. Odia
10. Assamese
11. Urdu
12. Malayalam

The various courses at UG and Diploma Level for the translation / reviewing assignment are as follows:

Below this, a header bar displays the session details: 'Dr. Sunil Khilari' (Host), 'NPC INDIA Training-3' (Event), 'Chitra P' (Current Participant, highlighted with a blue box), and 'Geetav Kodam'. A 'Q & A' button is visible on the right. The main content area shows a presentation slide titled 'Contd....' with a table comparing solar pump sets to diesel pumps. The table has five columns: Program, Objectives, Cost, Strengths, and Weaknesses. The 'Program' column lists 'Solar pump sets including 1) Solar PV mini-grid plus pumping program 2) Solar PV generation systems for agricultural loads'. The 'Objectives' column states 'Solar to replace diesel as the fuel for pumping among small and marginal farmers, lacking access to the electricity grid'. The 'Cost' column is empty. The 'Strengths' column lists 'Diesel use mitigation is expected to lead to diesel subsidy saving, CO2 emission abatement, less savings, improved energy access and better crop yields'. The 'Weaknesses' column states 'Programs currently under way'. Below the table, sources are listed: 'Sources: World Bank, 2013; EESL, 2015; BES, 2014; Shakti Foundation 2014'. The footer of the slide shows the 'National Productivity Council' logo. At the bottom of the Webex window, there are controls for 'Unmute', 'Share', and 'Participants'.

Dear

Sir/Madam,

Greetings from the Ministry of Education' Innovation Cell and & AICTE

To commemorate 75 years of progressive India and the glorious history of its people, culture and achievements, the Government of India is celebrating **AZADI KA AMRIT MAHOTSAV**. The Ministry of Education, AICTE in collaboration with the Ministry of Commerce and Industry (DPIIT) and the Ministry of Culture, Govt. of India are jointly organizing an Innovation Week as part of the Azadi Ka Amrit Mahotsav (AKAM) celebration from 10<sup>th</sup> – 16<sup>th</sup> Jan 2022. The innovation week will highlight various initiatives undertaken and discussions on various thrust areas related to promoting innovation and entrepreneurship in our country. Day wise schedule of sessions can be seen at <https://startupindiainnovationweek.in/agenda.html>.

From 10th January onwards, e-exhibition of innovative technologies will start. Alongside the exhibition, an e-Symposium on Building Innovation and Entrepreneurial Ecosystem in Educational Institutions will held on 11th and 12th Jan 2022. E-Symposium is consisting of multiple keynote sessions and panel discussions on emerging areas related to innovation and entrepreneurship in HEIs and schools. You are cordially invited to participate in the program. An agenda plan for 11th and 12th and posters are attached for your reference.

You are requested to circulate this among students, faculty members and entrepreneurs to participate in the program. To attend various sessions, participants can register at <https://startupindiainnovationweek.in/agenda.html>. The registered participants will

receive links for the sessions they registered for. Alternatively, participants can watch the sessions for the **11th and 12th Jan 2022** at YouTube Channel of MoE's Innovation Cell <https://www.youtube.com/MHRDIInnovationCell>

**Open letter to Students of SIOM**  
**On**  
**"Power of Fitness"**

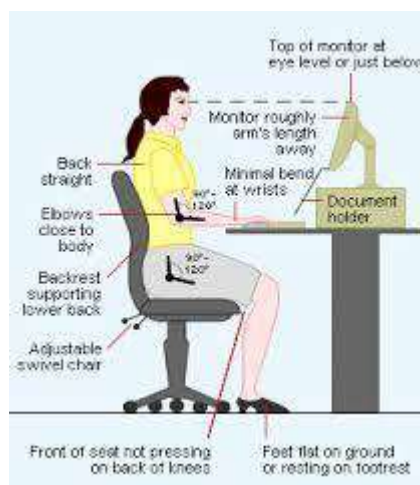

Dear Students,

I am here to share the idea of 'staying fit and healthy' during your student days. Please be informed that our health and fitness are more valued than our wealth. We believe that a healthy and fit student can function well physically as well as mentally and for that the surroundings need to be peaceful and clean and you as an individual should focus both on health and wealth. Not to forget ..... that a balanced diet would also save your day and keeps the doctor away...

In reality, happiness comes only when we are healthy and fit. But today we live in a Tech era where we are obsessed with attaining material rather than mental and physical assets and we tend very often to ignore our health.

Being in the profession which drives us to stay put in front our screen for prolonged hours, we slowly become oblivious of the fact that exercise is the dire necessity for all. Prolonged sitting in front of the computer not only affects our mind but the body as well. Poor sitting postures may lead to backache issues, anxiety, discomfort and weight gain from lack of movement. According to research, sitting too long could lead to heart diseases and other complicated ailments. Overuse of computers can cause physical afflictions, such as eye strain, scoliosis, vision abnormalities, Carpal Tunnel Syndrome etc And so it is important that you know how to prevent from sitting for long hours in front of a machine and use your few minutes to exercise and jog for a robust health. An erect posture in due course can also help prevent deformities in the long term .

As per my experience observe and practice the below guidelines :

To maintain good health and fitness at all times, we need to take care of hygiene and sanitation around us. Apart from healthy diet we must maintain cleanliness in our room, house and nearby surroundings.

We rush after money and social status and we forget about our health. My question to all of you: What's the value of life if we don't live healthy and stay fit? So requesting you all to open your eyes and see the reality.... do exercises,yoga and meditation for a healthy and long life.

Remember the verse of Dalai Lama "**Happiness is the highest form of health**"

***Thanks for Healthy & Happy Reading!***

**Open letter to Students of SIOM  
On  
"Power of Fitness"**

Dear Students,

I am here to share the idea of 'staying fit and healthy' during your student days. Please be informed that our health and fitness are more valued than our wealth. We believe that a healthy and fit student can function well physically as well as mentally and for that the surroundings need to be peaceful and clean and you as an individual should focus both on health and wealth. Not to forget ..... that a balanced diet would also save your day and keeps the doctor away...

In reality, happiness comes only when we are healthy and fit. But today we live in a Tech era where we are obsessed with attaining material rather than mental and physical assets and we tend very often to ignore our health.

Being in the profession which drives us to stay put in front our screen for prolonged hours, we slowly become oblivious of the fact that exercise is the dire necessity for all. Prolonged sitting in front of the computer not only affects our mind but the body as well. Poor sitting postures may lead to backache issues, anxiety, discomfort and weight gain from lack of movement. According to research, sitting too long could lead to heart diseases and other complicated ailments. Overuse of computers can cause physical afflictions, such as eye strain, scoliosis, vision abnormalities, Carpal Tunnel Syndrome etc And so it is important that you know how to prevent from sitting for long hours in front of a machine and use your few minutes to exercise and jog for a robust health. An erect posture in due course can also help prevent deformities in the long term .

As per my experience observe and practice the below guidelines :

To maintain good health and fitness at all times, we need to take care of hygiene and sanitation around us. Apart from healthy diet, we must maintain cleanliness in our room, house, and nearby surroundings.

We rush after money and social status and we forget about our health. My question to all of you: What's the value of life if we don't live healthy and stay fit? So, requesting you all to open your eyes and see the reality.... do exercises, yoga, and meditation for a healthy and long life.

Remember the verse of Dalai Lama "**Happiness is the highest form of health**"

***Thanks for Healthy & Happy Reading!***

Kind regards,

**Dr. Chandrani Singh**

Dear Sir/Madam,

Greetings from IIT Bombay!

This is a note to announce the formation and planned activities of the Computing Systems Education and Research Lab (CSERL), at the Department of Computer Science and Engineering, IIT Bombay. CSERL aims to catalyze interest and potential for all-things computing systems. In the context of higher education in India, the area of Computing Systems is not as adequately represented as other areas and has fewer access opportunities and platforms for students and faculty. CSERL plans to bridge this gap via a wide umbrella of activities --- content creation (via courses, labs, manuals, tutorials, textbooks etc.), dissemination and outreach (via summer and winter schools, seminar series, workshops, internships etc.), execution of research and development projects, and hosting faculty members and researchers.

Current, CSERL focus is in the following areas of Computing Systems --- operating systems, computer architecture, computer networks, performance engineering, cloud computing, blockchains.

A list of upcoming CSERL events is as follows (details at [www.cse.iitb.ac.in/cserl](http://www.cse.iitb.ac.in/cserl)):

### 1. Online courses and content

- a. NPTEL course: Design and Engineering of Computer Systems. [Registrations open](#) (starting for 24th January 2022) Participants who successfully obtain a certificate in this course will be eligible to apply for a [summer school and internships](#).
- b. A listing of online courses (related to Computing Systems) along with lecture videos, class material and more.

2. **Seminar series** Starting January 2022, CSERL will be hosting a biweekly seminar to discuss topics related to tools, software usage experiences and tutorials, research problems and solutions etc.
3. **Summer school and internships** For the May 2022 to July 2022 summer duration, CSERL aims to host a summer school and offer internships which will be a combination of hands-on experience with basics of computing systems and advanced topics, and an exposure to conduct of research.

CSERL also plans to host faculty and students on site, as visiting faculty members and post-doctoral fellows and engage in collaborations for design and dissemination of academic content, outreach activities for training and practice, and research and development. Towards this we are pro-actively seeking collaborations and ideas with like-minded colleagues and students.

We eagerly look forward to your interest and participation in the events and activities of CSERL. We request you to kindly share this information with colleagues and students. Please feel free to reach out to us for any queries and suggestions. Also, if you want to get regular updates from CSERL, please subscribe to our mailing list by sending an email to [cserl-updates-subscribe@cse.iitb.ac.in](mailto:cserl-updates-subscribe@cse.iitb.ac.in). You will receive a confirmation email; a simple reply to that email without changing header or body will complete your subscription.

## **Biography**

Dr. Abhijit Nagchaudhuri is currently a tenured professor in the Department of Engineering and Aviation Sciences at the University of Maryland Eastern Shore(UMES). Dr. Nagchaudhuri received his baccalaureate degree from Jadavpur University (India) with honors in mechanical engineering in 1983. Thereafter, he worked in a multinational industry for a little over three years before joining Tulane University as a graduate student in the fall of 1987. He received a master's degree from Tulane University in 1989 and a doctoral degree from Duke University in 1992. He is a member of the American Society for Mechanical Engineers (ASME), American Society for Engineering Education (ASEE), and, American Society for Agricultural and Biological Engineers (ASABE) and is actively involved in teaching and research in the fields of (i) robotics and mechatronics, (ii) remote sensing and precision agriculture, and,(iii) biofuels and renewable energy. He has been involved with over 3 million dollars extramurally funded projects as PI or Co-PI to support outreach, education, and research activities from various state, federal, and private agencies; served in leadership roles in professional societies; and has received several awards and certificates from his home institution as well as professional societies. He currently serves as the principal investigator for projects funded by the National Institute of Food and Agriculture (NIFA) and Maryland Space Grant Consortium/(MDSGC/NASA) involving precision agriculture, remote sensing, and robotic systems design and utilization in field and laboratory settings. He has published more than 80 refereed articles in journals, book chapters, and conference proceedings. He served as the division chair of Energy Conversion and Conservation Division (ECCD) of ASEE in 2016 and is affiliated with the Dynamic Systems and Control Division (DSCD) of ASME, **Unmanned Aerial Systems** committee of

ASABE. He is a member of the technical committee of IEEE/ASME Mechatronics and Embedded Systems Application(MESA). He serves as a program committee member of MDSGC/NASA and has been a board member of Indo-Universal Collaboration of Engineering and Education (IUCEE).

A Little Bit About ME

- Born in Kolkata, India
- Scorpio and Baccalaureate degree (Mechanical Engineering) - Kolkata
- Tractors India Limited
- M.S., Tulane University (Mechanical) - New Orleans, LA
- Ph.D., Duke University (Mechanical) - Durham, NC
- Research in broad area of dynamic systems and control with emphasis in robotics
- Research experience in instrumentation and control in Duke Free Electron Laser Lab (Physics Dept.) - Electron beam storage ring
- Assistant Professor, Tulane University School of Engineering, San Jose, Puerto Rico
- Currently, Professor, Department of Engineering and Aviation Sciences, University of Maryland Eastern Shore

Teaching

Advanced Engineering in Agriculture and Environmental Sciences (seniors and Graduate, UMES), Modern Control and Dynamic Systems (Seniors and Graduate), Control Modeling and Analysis of Dynamic Systems (Adapt. Structures), Dynamics (Undergraduate), Introduction to Materials (UMES), Thermodynamics (UMES), Introduction to Matlab (UMES), Computational Methods for Engineers (UMES), Control Systems (UMES), Robotics (Seniors and Graduate, UMES), Engineering Design (UMES), Capstone Design (Team taught, Tulane), Quality Control (Tulane), Mathematics for High School Teachers (UMES), Experimental Comps. (UMES).

Research

Experimental and interests in the following broad areas:

- (A) Robotics, Controls and Mechanisms
- (B) Remote Sensing, Geospatial Information Technology and Precision Agriculture
- (C) Renewable Energy and Robotics

## Robotics, Remote Sensing & Precision Agriculture Project(s) and NAE Grand Challenges

### GRAND CHALLENGES FOR ENGINEERING

**Introduction**

Throughout human history, engineering has driven the advance of civilization. From the metallurgists who ended the Stone Age to the shipbuilders who united the world's peoples through travel and trade, the past witnessed many marvels of engineering prowess. As civilization grew, it was nourished and enriched with the help of increasingly sophisticated tools for agriculture, technologies for producing textiles, and inventions transforming human interaction and communication. Inventions such as the mechanical clock and the printing press irrevocably changed civilization.

In the modern era, the Industrial Revolution brought engineering's influence to every niche of life, as machines supplemented and replaced human labor for countless tasks, improved systems for sanitation enhanced health, and the steam engine facilitated mining, powered trains and ships, and provided energy for factories.

### HIGHLIGHTS

- Multidisciplinary Teams
- Vertically Integrated
- MEES, FDST, and Applied Computer Science Graduate Students and STEAM Undergraduates
- Multidisciplinary Faculty
- USDA, NASA, Pioneer Hi Bred
- Farm Personnel
- Informal out of class room setting
- Integration field, lab and computational efforts
- Integration of Project work in Undergraduate Courses
- Participation in Design Competitions
- Academic, Life skills and Civic Responsibility Outcomes
- Sustained funding from USDA/NIFA and MDSGC/NASA for over a decade
- Summer Exchange Program

# ‘नवोन्मेष’ उपक्रम समाजाशी जोडणार कुलगुरू डॉ. शिर्के : शिवाजी विद्यापीठात ‘इनोव्हेशन मीट’चे उद्घाटन

सकाळ वृत्तसेवा

टेंबलाईवाडी, ता. २३ : “नवोन्मेष उपक्रमाला प्रोत्साहन हा विद्यापीठाला समाजाशी अधिक दृढपणे जोडण्याचा प्रयत्न आहे,” असे प्रतिपादन कुलगुरू डॉ. डी. टी. शिर्के यांनी केले.

महाराष्ट्र राज्य नवोन्मेष संस्था, शिवाजी विद्यापीठ संशोधन व विकास फाउंडेशन (सेक्शन-८ कंपनी), विद्यापीठाचे इनोव्हेशन, इनक्युबेशन व लिंक्जिस् केव्हातर्फे ‘इनोव्हेशन मीट’चे उद्घाटन झाले. तंत्रज्ञान अधिविभागाच्या सभागृहात कार्यक्रम झाला.

डॉ. शिर्के म्हणाले, “नागरिक, छोटे उद्योजक, व्यावसायिक, विद्यार्थ्यांकडे अनुभवातून किंवा कल्पनेमधील नवसंकल्पना असतात. अनेक सर्वसामान्य नागरिकांच्या मनातही काही अभिनव संकल्पना

शिवाजी विद्यापीठात आयोजित इनोव्हेशन मीटमध्ये बोलताना कुलगुरू डॉ. डी. टी. शिर्के.

असतात. मात्र त्या मांडावयाच्या कोणाकडे आणि प्रत्यक्षात आणावयाच्या कशा, याविषयी त्यांच्या मनात संभ्रम असतो. विद्यार्थ्यांच्या मनातही त्यांच्या अभ्यासाद्वारे, संशोधनाद्वारे अनेक कल्पना मूल धरतात. त्यांनाही मूर्तरूप देण्यासाठी साहाय्याची, शिक्षकांच्या मार्गदर्शन, सहकार्याची आवश्यकता असते. अशा सुप्त नवसंकल्पनांना मंच प्रदान करण्याच्या हेतूने विद्यापीठात

## नवोन्मेष संकल्पनांचे प्रस्ताव

दरम्यान, इनोव्हेशन मीटसाठी समाजाच्या विविध घटकांकडून ऑनलाईन व ऑफलाईन स्वरूपात १३८ नवोन्मेष संकल्पनांचे प्रस्ताव प्राप्त झाले. या प्रस्तावांचे व्यवस्थापन, मेकॅनिकल व ऊर्जा, माहिती तंत्रज्ञान व संगणक, अन्न व प्रक्रिया, कृषी, पर्यावरण व पर्यटन आणि आरोग्य अशा सहा विभागांमध्ये वर्गीकरण करण्यात येऊन दिवसभरात २७ विषयतज्ज्ञांसमोर त्यांचे गटनिहाय सादरीकरण केले.

नवोन्मेषाला प्रोत्साहन देण्याचे धोरण स्वीकारले आहे. या नवोन्मेष परिषदेत मांडल्या जाणाऱ्या प्रत्येक संकल्पनेवर ज्या त्या संकल्पकाची मालकी अबाधित राहील, याची दक्षता विद्यापीठ प्रशासन घेईल.”

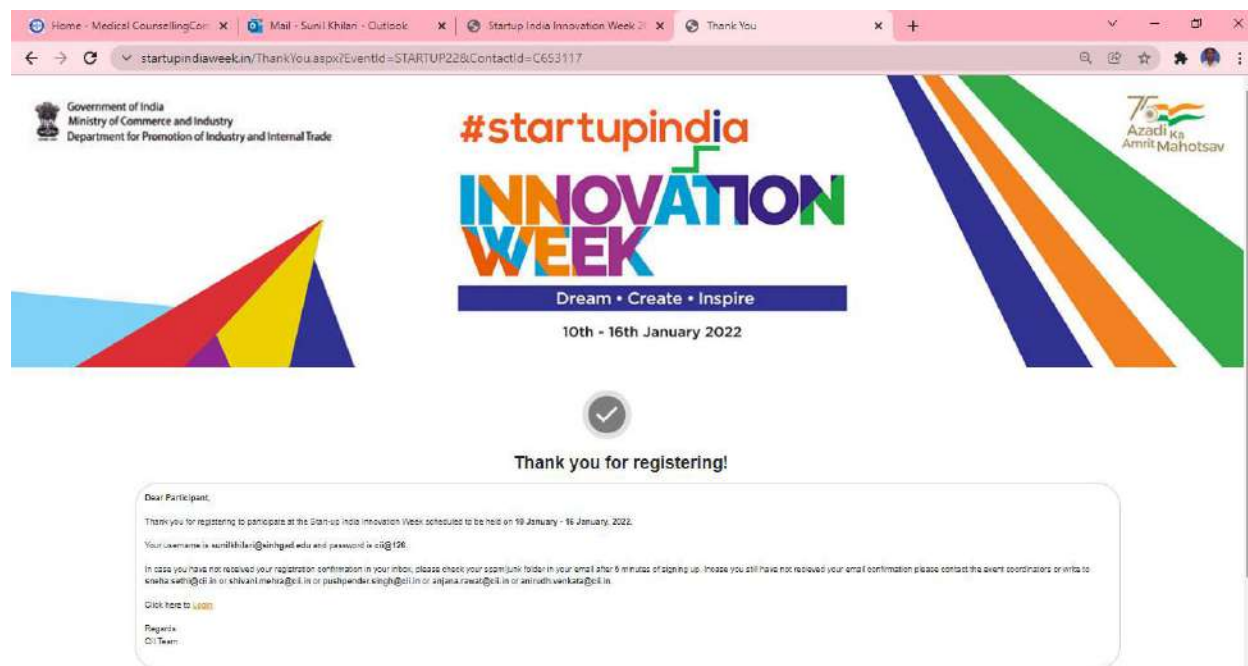

प्र-कुलगुरू डॉ. पी. एस. पाटील म्हणाले, “आजकाल सर्वच कंपन्यांचे लक्ष विविध पेटंट्सकडे असते. त्यातील उपयुक्त पेटंटचा वापर ते व्यावसायिक उत्पादनासाठी करण्याची

शक्यता असते. मात्र, त्यासाठी त्यांची खात्री पटावी लागते. म्हणून संशोधकांकडे मूलभूत संकल्पना, सक्षमता आणि संयम या गोष्टी असणे आवश्यक असते.”

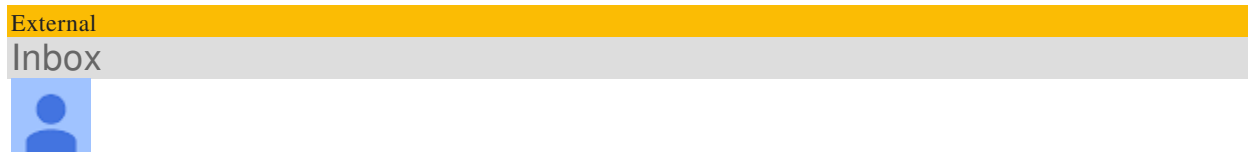

इनोव्हेशन केंद्राचे संचालक डॉ. एम. एस. देशमुख यांनी स्वागत केले. पर्यावरण अधिविभागाच्या प्रमुख डॉ. आसावरी जाधव यांनी सूत्रसंचालन केले. डॉ. पी. डी. राऊत यांनी आभार मानले.

# ABOUT STARTUP INDIA

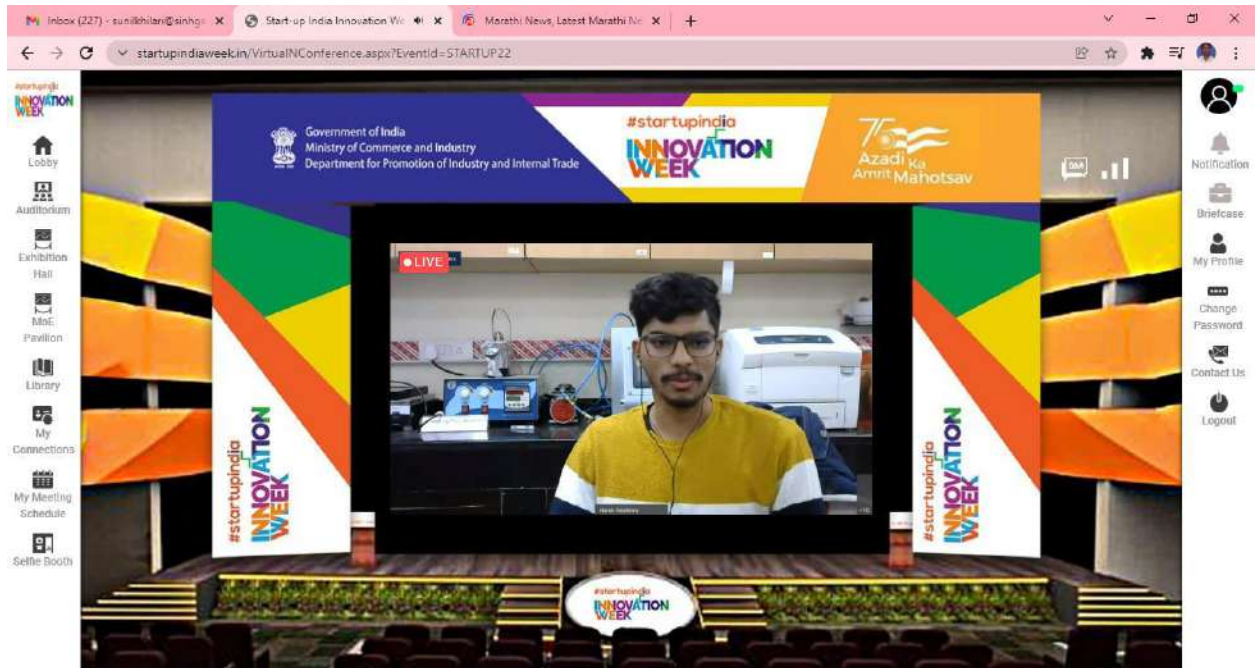

Startup India is a flagship initiative of the Government of India, intended to build a strong ecosystem for nurturing innovation and startups in the country that will drive sustainable economic growth and generate large-scale employment opportunities. The initiative aims to empower startups to grow through innovation and design. The initiative not only brought a sharp focus on startups but catalysed the Indian startup ecosystem and accelerated Indian entrepreneurs building innovative solutions for Indian and global needs. Since the launch of the initiative, several programs have been undertaken to contribute to the Hon'ble Prime Minister's vision of transforming India into a country of job creators instead of job seekers.

### **Report on innovative and creative ways of Chhatrapati Shivaji Maharaj Seminar**

**Date : 06/06/2022**

**Topic: innovative, creative ways of Chhatrapati Shivaji Maharaj**

**Total students Participated: 45 Nos.**

**Faculty Participated: 2 Nos**

**External Faculty: 1 Nos.**

**All students of MCA-I**

**Time: 12:00AM 06/06/2022**

**Venue\*: Classroom**

Our two faculty member has conducted seminar on innovative, creative and think with open mind with big vision to overcome challenges of great personality Chhatrapati Shivaji Maharaj . Raje is known as father of the Indian Navy. He was the one who realised the importance of the Naval force. It was very difficult to fight a strong enemy army owing to adverse geographic conditions especially in Konkan region. He converted this threat into opportunity by building naval force and forts along coastline that helped him to win over strong army of Mughals. The intellect with balanced mindset with bigger vision will always be innovative, creative to achieve the ultimate goal.

lessons we should learn from the life of great king and warrior? These lessons should be part of curriculum for students. Youngsters should get inspiration from great leaders and learn the various management and life skills that are essential for the growth in material, spiritual and in social life.

Lessons to be learnt; Respect own Culture

Raje brought back Sanskrit and Marathi as the official language in his court. This demonstrates that how local languages are important to preserve our culture; it makes communication easier with every segment of society that helps to grow socially and economically.

Be alert and aware; develop a team with the right knowledge and skills

Battle of Pratapgad Fort: It was the first significant victory. The murky plot by Adil Shahi general Afzal Khan was given a befitting reply by Raje and his army. He was aware about the peace negotiation offered by Afzal Khan was mere an eyewash to kill him. Maharaj with his alertness, intelligence, effective leadership and guerrilla warfare tactics planned the events. He armed himself and put his army in dense forest and hilly areas of Pratapgad to block the escape route for enemy soldiers. One of the best qualities of a leader is to keep right person for right job

at right time. Raje took Jiva Mahal with him knowing his skills and work before joining army. When Afzal Khan tried to kill Raje with dagger during their hug, vibrant Raje immediately acted with stabbing Afzal Khan using tiger claws. At the same time, when Sayyad Banda tried to attack Raje, Jiva Mahal responded quickly with Danpatta, killing Banda and saving life of Raje. Confidence and courage are very important during adversities and troubles, believe in yourself, believe in God.

When Raje and his son were under house arrest in Agra for almost three months. Aurangzeb had a plan to weaken Raje mentally and physically and then kill them. However, even knowing the possible threat, Raje had high confidence in himself and God. He showed us the path of having balanced approach-keeping peace in mind when faced with adversities. Rather than getting bogged down and worrying about the situation, he planned and worked on how to escape. When the right time arrived, with his meticulously planned events, he and his son escaped through sweet baskets. When he returned to Raigad after almost six months, he was crowned. How life can change if we have patience, courage, confidence, strategy against odds, goal oriented approach, love for society and nation and commitment then god takes care of you.

## Report on AICTE MIC & ACITE - Registrations open for KAPILA - Funding opportunity for Patents – Submit applications by 18th May 2022 (Phase II)

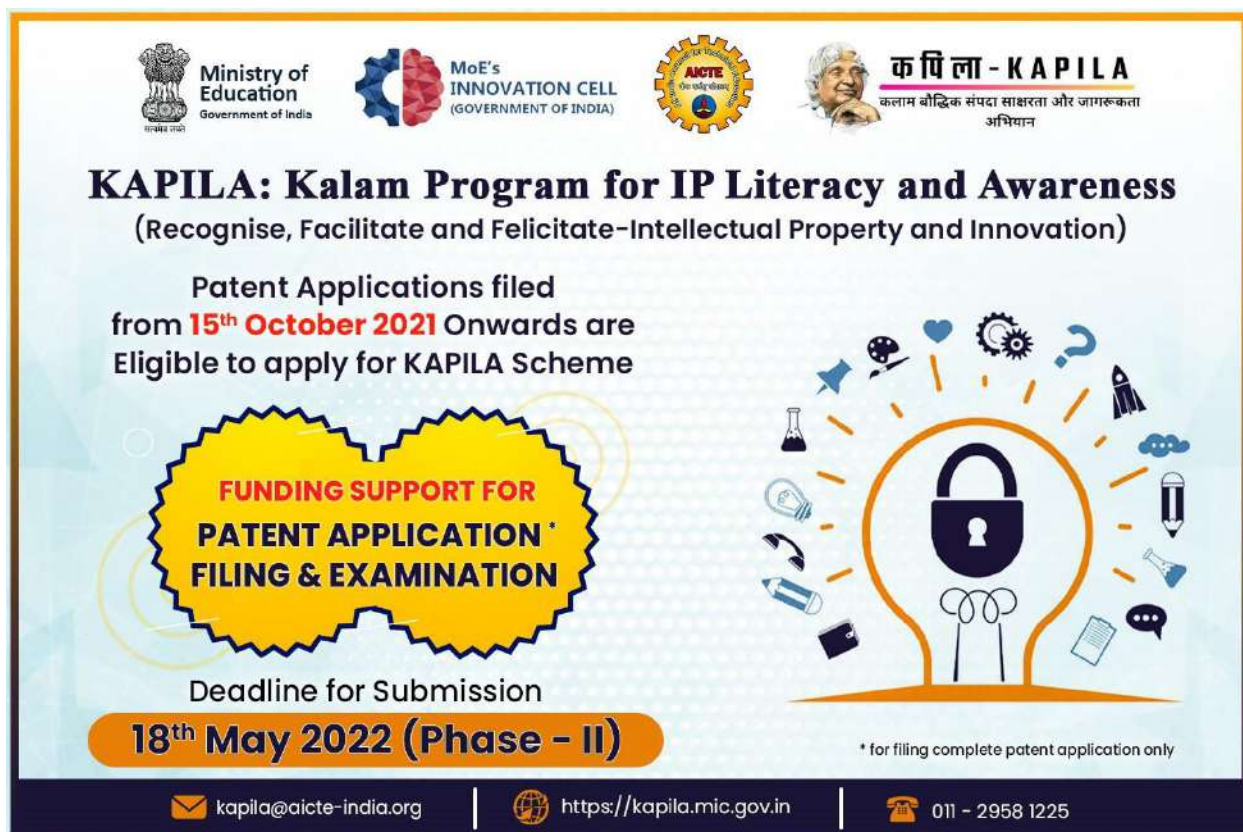

We have done registration and KAPILA team is established and IP related work started. Dt.06/04/2022

Link: <https://kapila.mic.gov.in/dashboard.php>

### Objective

The objective of KAPILA is to recognise, facilitate and felicitate the Intellectual Property, innovations, and best practices in HEIs.

KAPILA will help in establishing the much required IP filing ecosystem in large number of education institutions and thus create a culture of systematically protecting new ideas, research, and innovation having national and global relevance.

The poster features logos at the top for the Ministry of Education, Government of India; MoE's INNOVATION CELL (GOVERNMENT OF INDIA); AICTE; and KAPILA. The central text reads: **KAPILA: Kalam Program for IP Literacy and Awareness** (Recognise, Facilitate and Felicitate-Intellectual Property and Innovation). It states that patent applications filed from **15th October 2021** onwards are eligible to apply for the KAPILA Scheme. A large yellow starburst graphic contains the text: **FUNDING SUPPORT FOR PATENT APPLICATION FILING & EXAMINATION**. Below this, it specifies the **Deadline for Submission** as **18th May 2022 (Phase - II)**. On the right, there is a graphic of a lightbulb with a padlock inside, surrounded by various icons representing innovation and technology. At the bottom, contact information is provided: [kapila@aicte-india.org](mailto:kapila@aicte-india.org), <https://kapila.mic.gov.in>, and the phone number 011 - 2958 1225. A small note at the bottom right states: \* for filing complete patent application only.

**Dear Sir / Madam,**

Greetings from the Ministry of Education Innovation Cell & AICTE...

**“Avail funding for patent through KAPILA”**

As you are aware that the Ministry of Education’s Innovation Cell (MIC), in collaboration with All India Council for Technical Education (AICTE), has launched the **“Kalam Program for IP Literacy and Awareness (KAPILA)”**.

This program provides financial assistance to the institutions that are part of the Higher Education Institutions (HEIs) for filing the patent. This program will create appropriate awareness regarding the need of IP filing, mechanism, and methodology involved in filing IP in India and globally, especially amongst students and faculty of higher education institutions.

**Higher Education Institutions can submit their applications by 18<sup>th</sup> May 2022 (Phase II)**

**Register now through the KAPILA portal link: <https://kapila.mic.gov.in/>**

For details refer KAPILA user guide:

<https://kapila.mic.gov.in/KAPILA%20User%20guide.pdf>

*NOTE: Only convener of the KAPILA Committee can register their institute and submit applications on behalf of the applicant’s not an individual (student/faculty). After Convener completes institute registration, kindly inform their respective Institute students and faculty to apply.*

Subject: Mentor Mentee Program - Phase 2-Reg.

To:

Dear Sir/Madam,

Greetings from MoE's Innovation Cell!

The orientation cum demonstration session on the Mentor-Mentee Program-Phase II held on 3rd March 2022 at 04.00 PM. Please find the recording of the session below:

**Webex meeting recording:** Orientation Session for IIC Institutions: Mentor-Mentee Program Phase-II-20220303 1019-1

**Password:** nTnmQhi5

**Recording**

**link:** <https://aicteindia.webex.com/aicteindia/jdr.php?RCID=bb9b5e4bf5cd3a8cc7f299316d40122b>

**Telegram Group** for the Mentor-Mentee Phase 2 Institutions is created. It is requested that the representatives from both Mentor and Mentee institutions to join in the group for the quick query clarifications:

<https://t.me/+JOoip9nDE0RkZjM9>

**Mapping of Mentor and Mentee institutions** can be checked by clicking **Phase II** at: <https://iic.mic.gov.in/volunteer-mentor-mentee-2021>. Please find the attachment for the program guidelines.

It is being noticed that many of the mentor institutions have not scheduled any activity for their mentee institutions in the IIC Portal till now. Next semester has started (From Feb 2022-July 2022) already, so Mentor institutions are requested to actively give the mentorship to the mentees as well as update the schedule details in the IIC Portal.

Progress review and Query Solving session for the Phase-2(Volunteer) Mentor-Mentee institutions is tentatively scheduled from 4th April 2022. Please find the zone wise schedule:

| Zone               | Date       | Time   |

PPO stands for Pre-Placement Offer while PPI is Pre-Placement Interview. Most candidates take up summer internships during their course of study.

The student first undergoes a two-three month internship at a firm (summer placements).

In PPO, the candidate (former intern) is given a job offer by the organisation before the final institute placements or during the placement process. This offer of full-time employment to the former intern is known as Pre-Placement Offer (PPO).

**Placement process**

The entire process of placements could last a few weeks or months. The process starts with student bodies contacting organisations for placement and ends with the final offer(s) of employment. Some of the common steps included in placement process are: **Pre-Placement Talks, Tests / Group Discussions, Interviews, and Final Offer.**

- Campus to Corporate (C2C) Journey
- -Ability to ask questions and Ability to answer the question
- Focus on basics
- Customize contents
- Build the foundation
- Sell like professionally
- Control the interview
- Get better deal

### **Stree Shakti Lecture Series 2021**

Sinhgad Institute of Management arranged a series of lectures on the occasion of Navratri. The Stree Shakti program was initiated 7 years ago to empower the girl students and spread awareness of the ongoing in the industry. The event was organised on 30th September by female faculty and students. Successful female entrepreneurs to share their experiences with students. On 1st day, two successful women, Ms Abeda Inamdar and Ms Manisha Bhati shared their experiences of how they started with their career and why it is important for all to know that each and every woman should be given an equal opportunity for achieving their dreams and goals.

Mrs Abeda Inamdar shared the experience of how she started Abeda Inamdar Jr College and Abeda Inamdar Sr College. After this start, she has already opened more than 40 colleges. The journey in her eyes is inspiring and also something to learn from. In her eyes giving equal opportunities for girls in education is not just important for those girls, but for society itself. Quoting her words, "Education empowers people, it empowers society and it empowers the economy. If the girl is educated, the family is educated, society is educated and hence the nation is educated.". As she also stated that the talent in our society and nation does exist but it is always been unrecognised. Educations give us the power to recognise this potential and talent.

Mrs Manisha Bhati started her speech by sharing some of the thinking patterns of society related to education and career of girls. She stated that she is also from one of these orthodox families where educating girls is considered as not useful and unimportant. Coming from such a background of family restricted her earlier in her education. She got married at age 18 due to family pressure, but she left that home as they were not letting her complete her education. After that, she took an educational loan and completed her education and found herself a job as a financial analyst. She had the craze for banking and finance from earlier so she always wanted to pursue her career in Banking and Finance. This craze and passion is the single most reason for her success. She advised students stating, "To prove yourself you have to improve yourself". Coming to the management point, she said, management is not a one-time thing, it is a continuous process. You have to work on it daily to be better at it. She ended her speech with the life advice for the students. You should never give your life's control any anyone else's hands.

On day two, Mrs Shodha Kulkarni-Shukla enlightened the students about marketing and business field. She gave 7 aspects as the pillars of business, which were R and D, Marketing, Finance, HR, operations, Legal, Systems. According to Mrs Shobha, if you want to be successful business person, then you should know all these concepts. You should carefully study those concepts. Along with this, she also gave knowledge about the digital marketing. Upon asked by one of the students she also gave insightful thoughts on AdSense from Google. Mrs Sneha Goud, who is the HR professional in Mumbai based reputed company, gave information about the HR field. How an employee should be? It was the basic theme of this session. She also planned some games for students which were basically to let them know the importance of team work and helping each other.

On Day three of this lecture series, Ms Rajvi Mehta, Professional Garba Dance Teacher and the owner of dance academy in Pune, shared her journey in Pune and how she completed her education with

pursuing her dream as a professional dancer. She started her dance classes when she was studying and along with studying she used to manage her classes on weekends. She is having dance classes at 4 different locations in Pune. She has also launched her new brand under the name Design Fables, where customers can get their shoes designed according to the experiences they had with that particular shoe as the reminder.

Mrs Pallavi Kasande, who is the professional psychologist, shared with the students the knowledge about mind and brain. There is the difference between brain and mind, mind can be trained as we want it to be trained so we can achieve whatever we need to achieve. She also shared the thought that, empowerment is needed for the weaker section of the society and women are not weak at all. They are just not given the responsibilities which they deserve by the society. She also said that each person is unique, there is the difference between same, similar and equal. We need to understand the meaning and difference between these terms.

Dr Babita Gangwani, who is the Physio-Therapist shared the different view about the society and the education system. When she was studying the Course regarding health and diet, she observed that the syllabus is more towards cooking healthy and diet food, instead of teaching students what the diet is for and how does it work. She decided to become the Physio Therapist. She also introduced students with the ROA concept of humanity introduced by Swami Vivekanand.

The lecture series was concluded on 7<sup>th</sup> of October 2021 with the sessions of Mrs Diksha Dinde and Yoga Teacher Ms Iryna. Ms Iryna gave the important speech regarding health Yoga. Staying fit is solving half of the problems. So we can at least stay healthy before actually trying to pursue our dreams.

### **About Event-**

Sinhgad Institute of Management organized Industry- Institute Interaction for MCA- Students and Faculty. The Event began with felicitation of guest of this Event by Prof. (Dr.) Chandrani Singh, Director of SIOM. After event headed towards introduction of Prof. (Dr.) Amlan Chakrabarti by Prof. Sunil Khilari.

After then Chandrani Mam Talked few words about guest and the subject of ongoing event i.e. water Management. She puts some important points on water informatics. Then one of our another guest Dr. Daniel Penkar sir touched various points on water informatics & it's Sustainability.

Then event headed towards the speech of our main speaker/ guest Dr. Amlan Chakrabarti. As we seen his achievements and he has received many project grants. One of that is environment and water quality. He started his speech with experiences and success of getting projects. How he got the grant for project & how he worked throughout the time.

He started with points like water research with Fisheries testing labs. Depending upon the quantity of fishes, quality of fishes we can bifurcate the quality of water. The growing global population and the increasing water demand intensify the competition for water resources. He talked about course i.e. water informatics. Course mainly divided into three modules i.e. Water Management, Sensor IoT Infrastructure & Analysis etc.

Water infrastructure, such as dams and levees, provide important benefits to society, but they also fragment and alter aquatic ecosystems. Today, two-thirds of the world's major rivers are interrupted by dams and, due to rising populations and living standards, water infrastructure is undergoing rapid expansion.

Then event came to the end. In the ending session sir took one Q&A session. And he elaborated the every question's answer in very precisely manner asked by faculty and students.

After then in the ending session Dr. Chandrani Singh mam gave vote of thanks to main guest & everyone who was present in the event. Then event led up to small refreshment for faculty & students.

## **Report on Workshop on Human Rights, Indian Judiciary System And The Constitution of India**

Date: 1<sup>st</sup> July, 2022

Time: 10.00am to 01.00 pm

Venue: Auditorium, Second Floor, Sinhgad Institute of Management, Pune

Tech trainers and Testers conducted a Workshop on Human Rights, Indian Judiciary System And The Constitution of India on July 1<sup>st</sup> 2022 for MCA students. Total 152 students registered for this event. For this workshop they provided a study material to each student. Mr. Manoj Wagh delivered a session, conducted exam and further they also awarded certificate of participation to each student.

This workshop was conducted in our college on behalf of National Service Scheme (NSS). This workshop developed awareness on Human Rights, Legal Literacy and the Constitution of India and really created zeal to our students to get insight into the subject. We truly appreciate their efforts for organizing this workshop at our college. Prof. Monalisa Bhinge and Prof. Kumudini Manwar coordinated this workshop for MCA students.

**Report on International Yoga day**

Date:-21/06/2021

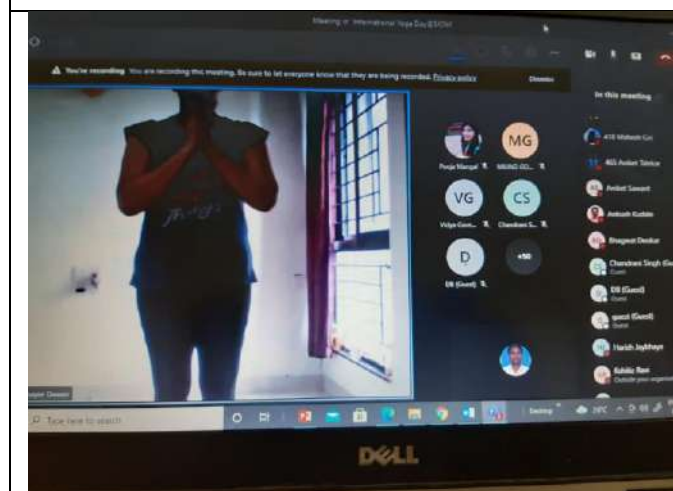

Yoga is an invaluable gift of ancient Indian tradition. It embodies unity of mind and body; thought and action; restraint and fulfillment; harmony between man and nature and a holistic approach to health and wellbeing. Yoga is not about exercise but to discover the sense of oneness with ourselves, the world and Nature. By changing our lifestyle and creating consciousness, it can help us to deal with climate change. 21st June 2021 was declared as an International Yoga Day. Our Institute also celebrated Yoda day by organizing a “online Yoga Shibir”. Yoga day celebration was conducted by “Fit4life” Club. The trainer were Ms.Sushma Daware, Yoga trainer. Around 57 people including the Director, faculty members along with students participated. Dr. Chandrani Singh emphasized the need of yoga practice for a healthy and a holistic lifestyle. This was followed by practicing yoga and pranayam under the guidance of Yoga Expert.

Nil Dewan, a patent attorney, says Indian companies look at patents as a cost centre. "When we do non-house on patents, it's mostly the legal and R&D teams that attend and not the senior management." Custom and IIS, did not respond to ET Magazine's questions and TCS declined to comment, citing the short period before its quarterly results.

Patents in India are governed by the Indian Patents Act, 1970. The biggest change happened with the amendments in the early 2000s to make the law compliant with the Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS). India increased the term of a patent from 5-7 years for some categories and 14 for others to a uniform 20 years, and did away with the provision that allowed Indian generic

## How we started?

- ✓ We are practicing design and innovation based practices within campus from a long period.
- ✓ Design Innovation Centre (A project under MHRD) was also initiated in 2015 to fulfill same objectives,
- ✓ MIC IICs was also initiated before couple of years.
- ✓ Apart from this the incubation was in practice under the umbrella of Atal Incubation Centre Since 2017.
- ✓ Similarly we also have a dedicated IPR Cell.
- ✓ Overall our university already had ambitious programs/ centers to promote and practice innovation for entrepreneurship.

- ✓ Although, we had a considerable infrastructure in the campus, but it not enough to provide innovation and incubation facilities to the maximum students enrolled in the university; because the strength (over 25000 students).
- ✓ In such scenario a dedicated policy for incubation and start-up has significant relevance.
- ✓ We were delighted to here the new policy regarding incubation and start-up by the govt. of India.

**Message for other institutes**

An institute should focus on innovative practices with regular teaching and learning; it will be a significant tool for an impressive entrepreneurial outcome. A collaboration with local industries may play a vital role in nurturing the early stage start-ups. Incubation exercises with MSME should be encouraged. If possible than institute should figure out the unorganized nearby industries and take it as an opportunity to transform these into structured industry.

# Challenges

- ✓ When we started the journey of implementing NISP, we felt that Out of box thinking in midst of academics is difficult.
- ✓ To overcome these Challenges we thought of following certain avenues

### Way Ahead in policy implementation

- ✓ We had already various innovation and incubation programs which will be held on the same patterns, and with this policy the number of innovation (Prototype + IPR) and Incubation (Start-ups) will be increased by at least three times.
- ✓ We are running innovation and entrepreneurship related courses, which will be upgraded (i.e. Certificate course in to UG & PG). Some new course in specific subjects but focused on entrepreneurship will be initiated in upcoming academic year.

### a. Beginning of our journey of NISP implementation

- Tue, Jun 16, 2020 we have received mail from MHRD's Innovation Cell that on recognising the nominated Faculty to implement NISP.
- Since I have three years of experience with MSME incubation centre and NAIN incubation centre at P. A. College of Engineering, Mangalore, it did not take much time in implementing NISP at our institution.
- Starting with MSME incubation centre, Government of India and NAIN incubation centre, Government of Karnataka at our institution we already had a "Institute-level Innovation Council".
- Under this guidance We have conducted pre-ideation, ideation, Ideathon, Boot camps and entrepreneurship programmes to students and faculties.
- Hence when we decided to implement NISP at our institution beginning was not a very difficulty task.
- During Covid 19 pandemic period team work was done to implement the NISP at our institution with our own interest.

### C. Re

Viewing Dr. Pooja Rawat...

- Process of assigning and scheduling resources to project tasks was in place before we decided to implement NISP at our institution.
- Our institution has two separate operation funds for student innovation and startup. : 1. NAIN OPEX Fund- PACE 2. NAIN Student project fund-PACE.
- Annual allocation under NAIN OPEX Fund- PACE is 10 lakhs
- Annual allocation under NAIN Student project fund-PACE is 30 lakhs
- NAIN OPEX Fund- PACE is used for Preincubation activities such conducting stakeholders meeting, pre-ideation, ideation, Ideathon, Boot camps and entrepreneurship programmes.
- NAIN Student project fund-PACE is used for incubation activities of the selected 10 best proposals.

## **Report on 20<sup>th</sup> India Design Summit 11-19<sup>th</sup> December 2021**

In pursuit to position India as a global design hub and to stimulate Indian industry to invest in design as a key component for increasing competitiveness, Confederation of Indian Industry (CII) has been pursuing multipronged strategies in promoting the value of design and leveraging its capability to accelerate economic growth, since last 19 years.

As part of this initiative, **CII** is organising the **20<sup>th</sup> India Design Summit**, scheduled to be held on CII's digital platform from **11th to 19th December, 2020**. The summit will feature a digital **Exhibition** of design-led organisations and institute that will be held from **11th to 31st December, 2020**.

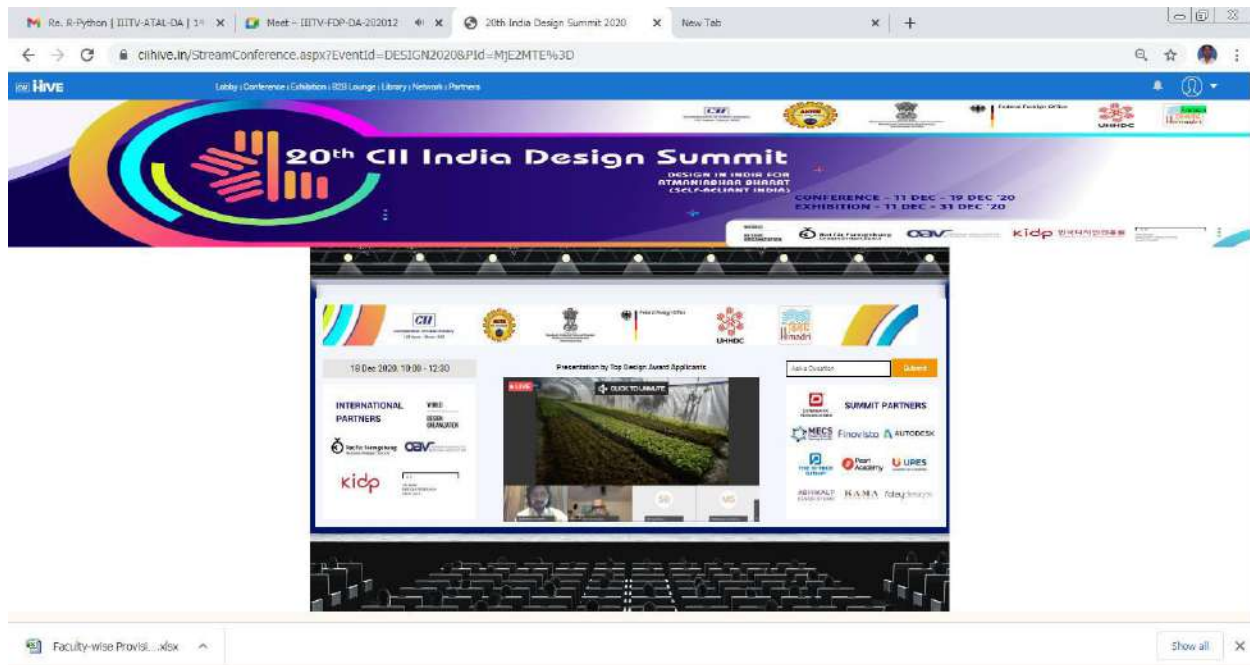

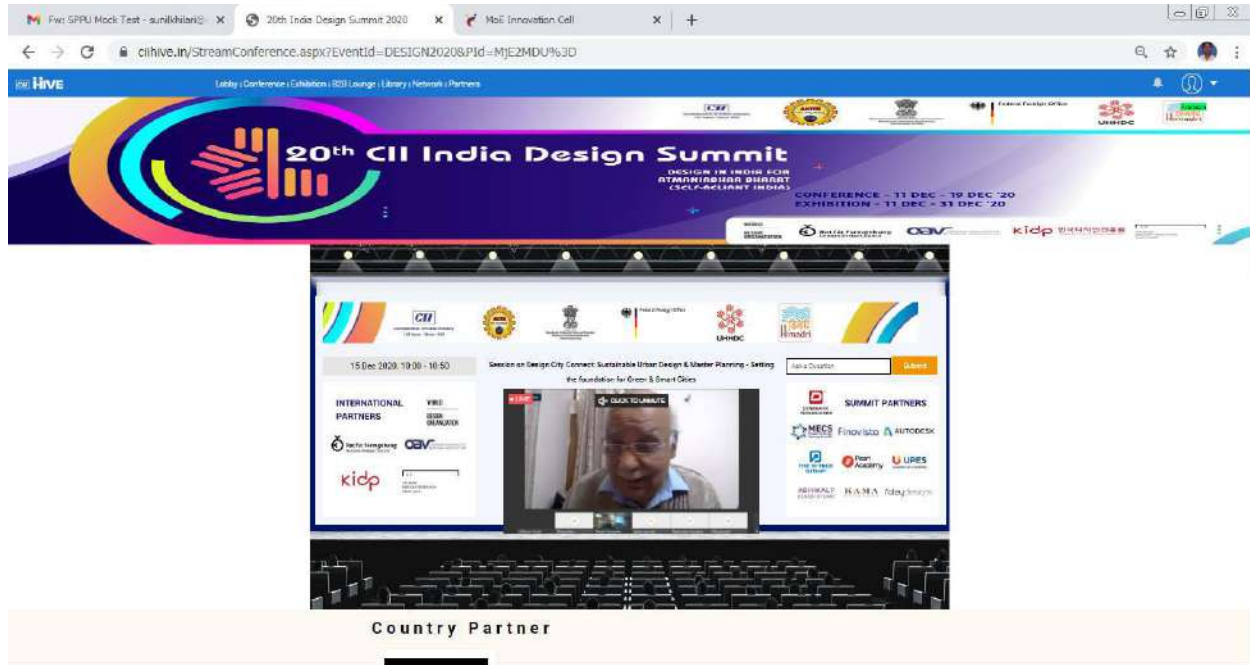

For the upcoming Summit, we have **Germany** as our **Country Partner** and partnerships with leading international design organisations **World Design Organisation (WDO)**, **German Design Council (GDC)**, **Korean Institute of Design Promotion (KIDP)**, **OAV Germany Asia – Pacific Business Association** and **Taiwan Design Research Institute (TDRI)**.

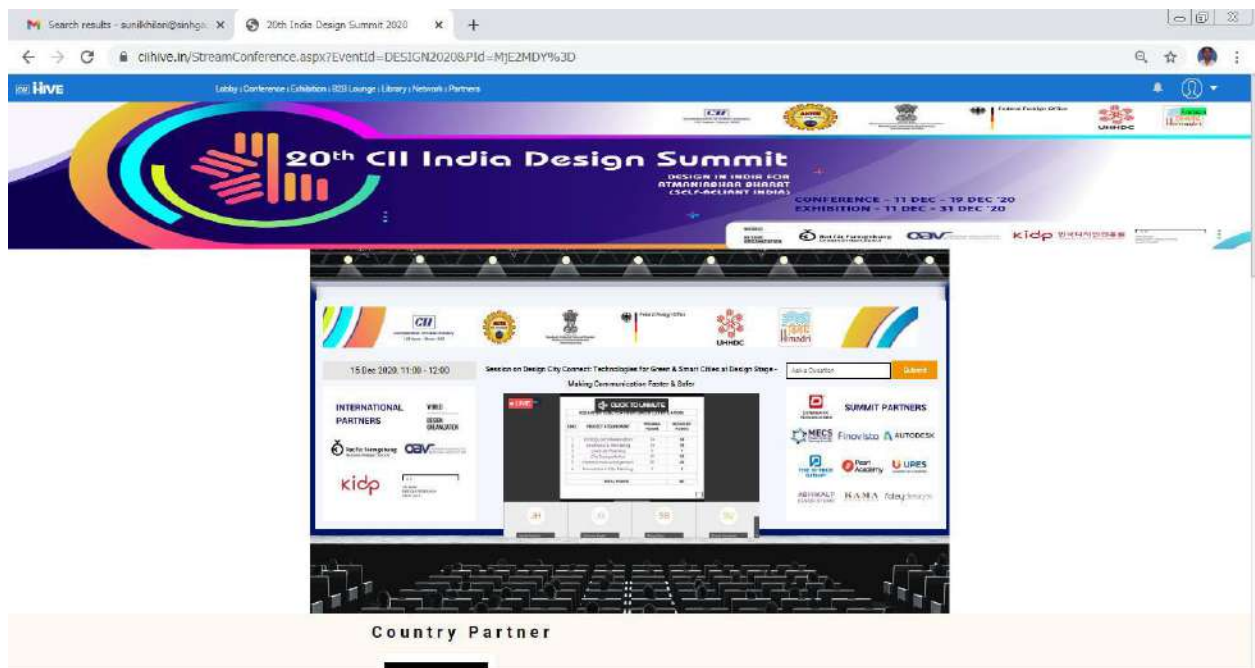

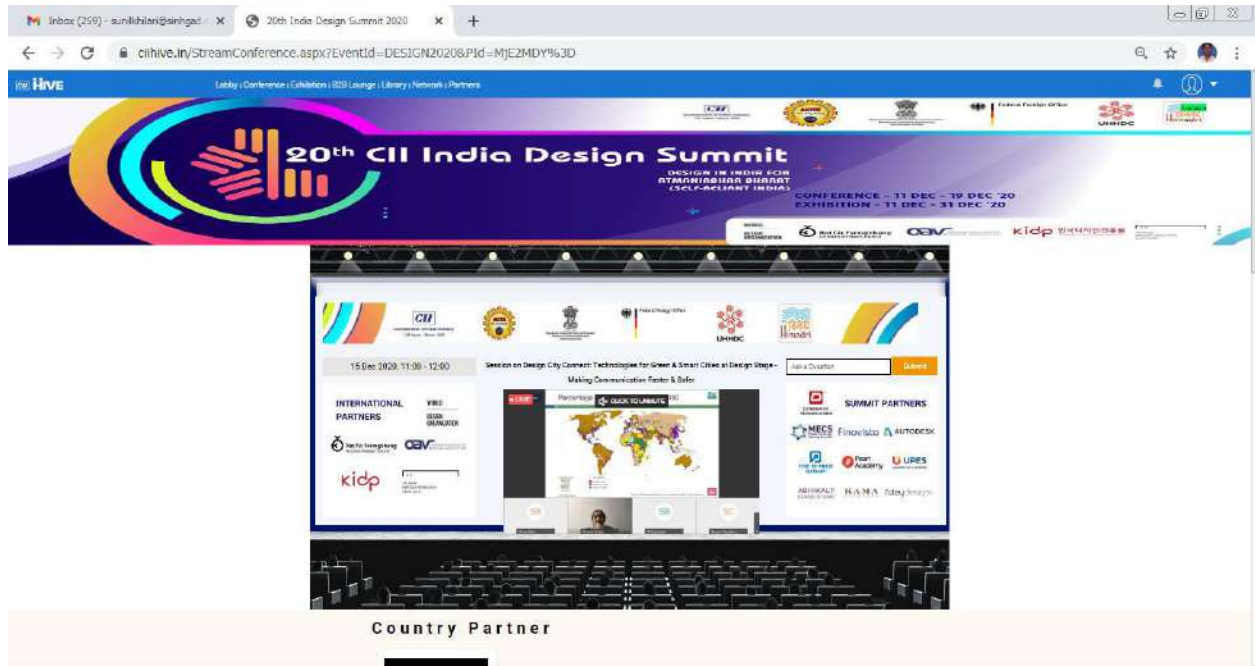

The summit is an annual congregation of the best design minds in India and across the globe. In its 20<sup>th</sup> year, the Summit with the focal theme of, '**Promotion of Indian Design for Atmanirbhar Bharat (Self-Reliant India)**' will bring attention to the overarching role played by design in driving innovation and bringing cutting edge solutions that challenges the status quo and improves quality of life & generate livelihood. The deliberations throughout the duration of the Summit will endeavour to increase self-reliance of Indian industry through knowledge sharing, design interventions and strategic collaborations. It will showcase how design can enable Indian industry to become globally competitive and create a way forward for design-based investment promotion in India.

The **Design Summit 2020** will:

- Provide a platform for International Partners and organizations to exhibit their design products and services
- Invite Indian industries, design firms, start-ups and design institutes to actively participate in the exhibition and attend the conference.
- Provide a B2B platform for various countries' organizations to explore possible collaborations.
- Host Country specific conferences to show latest and best practices on Design.

- Ted style talks from eminent academicians and industry experts from Partner Country & organizations.

**Session on Design City Connect: Sustainable Urban Design & Master Planning - Setting the foundation for a sustainable future**

## Session 9

15 December, 2020; 1000 – 1050 Hrs

### **Session Theme: Design City Connect: Sustainable Urban Design & Master Planning - Setting the foundation for Green & Smart Cities**

The ‘Green Cities’ concept seeks at promoting an eco-friendly city that balances social, economic, and environmental dimensions, as well as good urban governance as its foundation. Also, one of the main concerns which needs to be stressed upon is optimal and efficient use of natural resources like water, energy and land. Urban planners, urban designers, and architects need to work in close collaboration with local administration and communities to ensure that integrated planning and design thinking is undertaken to conceive a city based on sustainable planning principles.

### **Session on Design City Connect: Technologies for Green & Smart Cities at Design Stage - Mak**

#### **Session 10**

15 December, 2020; 1100 – 1200 Hrs

#### **Session Theme: Integrated Planning and Design Thinking in making Future Cities – Smart & Sustainable**

Cities have focused on smart city principles laid down by Government of India and included technology to make a safe and secure city. Information & Communication Technology (ICT) plays an important role in cities in the context of planning, management, and the use of urban physical infrastructure, transport systems, power supply, sewerage, waste treatment and water supply & management. All the key stakeholders of city planning and technology deployment must be fully involved at the design stage so as to evolve a people-centred design, which has a fundamental impact on the quality of life and enhances the overall experience of the city.

## Session on Design for Clean and Sustainable Cooking services

### Session 11

15 December, 2020; 1500 – 1700 Hrs

**Session Theme** - Design for Clean and Sustainable Cooking services

**Partner** – Modern Energy Cooking Services (MECS) Programme

As per, **World Bank** report “**The State of Access to Modern Energy Cooking Service**”, globally 4 billion lack the access to Clean Cooking, resulting in an economic opportunity cost of **US\$2.4 trillion**. Existing strategies are struggling to solve the problem of unsustainable, unhealthy but enduring cooking practices which places a particular burden on women. After decades of investments in improving biomass cooking, focused largely on increasing the efficiency of biomass use in domestic stoves, the technologies developed have had limited impact on development outcomes.

In India, considerable effort has been made towards development of Improved cookstoves, providing LPG access to over 80 million households under the PMYU Programme are prominent. India has already achieved the status of electricity surplus nation in September 2020, however have very negligible reliance of Electric Cooking.

Electricity is Affordable and Available and it being used as **Cooking Energy is Convenient, Safe and Emission free**. Further, using Electricity as cooking fuel can help reduce India's Import burden for LPG.

There are available clean cooking devices and systems to be developed that can work in **weak grid or off-grid contexts**. The fact that this then generates **a much-needed additional load and potential revenue stream for energy providers**, as well as the potential to demonstrate and release funds as a result of the substantial carbon emission reductions, means that the barriers to households securing eCooking devices can also be massively reduced. India's world class manufacturing, technology and research base, clearly stands to benefit economically from the foreign and domestic need for **clean cooking solutions**, and position itself as a **global clean cooking manufacturing hub**.

The session aims to bring together Clean Cooking Device Manufacturers, Researchers, DISCOMs, Policy Making Funding Agencies and other Agencies to develop sustainable and clean cooking solutions to help India make a radical and sustainable shift towards Clean Cooking. Further, the session also explores opportunities for Indian Device Manufactures to enable the shift to Clean Cooking Globally.

 Prof Dr Shilpa Kiran Bendale

Greetings from Mahatma Gandhi National Council of Rural Education (MGNCRE), Department of Higher Education, Ministry of Education, Government of India!

We thank you for setting up a RED Cell in your institution and attending the Online RED Action Plan Workshop conducted by MGNCRE.

As a part of the second phase, we are now conducting Online Institutional RED **Workshops for Management Students** and faculty leaders of RED Cell. This workshop will familiarise them with **Rural Entrepreneurship and Business Plan Preparation** and will help them plan and implement REDC activities. They will also be eligible to participate in the **National RED Action Plan Competition 2020-21**. We will also be sharing the details of the competition in the workshop.

In this context, we request you to kindly participate in our **Online Two-Hours RED Action Plan Institutional Workshop** that is specifically being organised for you, the faculty leaders of RED Cell and the management students of your esteemed institution.

The date and timings are shared below:

**Date of the Workshop: 21/10/2021**

**Timing of the Workshop: 1:00 pm to 3:00pm**

Our Regional RED Coordinator **Dr. Dipak Woyal (Ph: 9766753484)** will be in communication with you and can be reached for all clarifications. We thank you in advance for your contribution to this national endeavour and look forward to your immediate confirmation in this regard.

Thanking you,

Yours sincerely,

Dr. W G Prasanna Kumar  
 Chairman MGNCRE

नागरिकांसाठी एकात्मतेची शपथ

आपल्या देशाच्या आर्थिक, राजकीय आणि सामाजिक प्रगतीमध्ये भ्रष्टाचाराचे असे मला वाटते. भ्रष्टाचार निर्मूलनासाठी सरकार, नागरिक आणि खासगी संघटितपणे काम करावे असे मला वाटते.

प्रत्येक नागरिकाने सदैव सचोटी व एकात्मता या तत्वांच्या पूर्ततेसाठी दक्षता घ्यायला हवी. तसेच भ्रष्टाचाराविरुद्ध लढा देण्यासाठी सहकार्य आहे.

आणि म्हणून मी प्रतिज्ञा करतो की:

- मी जीवनात नेहमी सच्चपणा आणि कायद्याचे पालन करीन;
- कधीही लाच देणार आणि घेणार नाही;
- सर्व कामे प्रामाणिकपणाने आणि पारदर्शक पद्धतीने करीन;
- लोकहिताच्या दृष्टीने काम करीन;
- वैयक्तिक वर्तणुकीतून एकात्मतेचे उदाहरण दाखवून देईन;
- संबंधित संस्थांना भ्रष्टाचाराची घटना लक्षात आणून देईन.

Subject: Smart India Internal Hackathon 2020: Repository of Designs for SPOCs

To: <[directormca\\_siom@sinhgad.edu](mailto:directormca_siom@sinhgad.edu)>

Dear College SPOC,

The SIH2020 season has begun and we are sure your college is geared up for SIH2020 Internal Hackathon for your teams. We are sharing a repository of designs for the following 4 items that are essential when preparing for an Internal Hackathon at your college. Request you to get all the below items printed at the expense of your College. **Please note, there will be no reimbursement from SIH2020 Organizers for these printing expenses.**

The Repository of designs can be accessed here: <https://on.i4c.in/#SIH2020OrgCollaterals>

1. **Stage Backdrop** to be put up during internal hackathon (This is MANDATORY. Ensure you take plenty of pictures with this backdrop and share them with us while filling out Team Nomination form)
2. **Cisco Devnet Contest Standee** (This is MANDATORY. Ensure you and your teams take plenty of pictures with this standee and share them with us while filling out Team Nomination form)
3. **Participation Certificate for Students** (For all participants of Internal hackathon)
4. **Jury certificate** (For your appointed jury panel at the Internal hackathon)

Along with this, we would want you to personally encourage all your college students to login and participate in the Cisco Devnet contest that not just offers cool prizes to be won but also preps students for SIH2020 Idea planning and participation in the Grand Finale.

The Cisco Devnet Contest can be viewed here: <http://cs.co/sih202002>

For more details on Internal Hackathon,

Read FAQs here: <https://www.sih.gov.in/pdf/IdeasubmissionprocessSIH2020.pdf>

View FB Live video here: <https://www.facebook.com/i4C.India/videos/2548457578769603/>

We hope for maximum participation from your college in SIH2020.

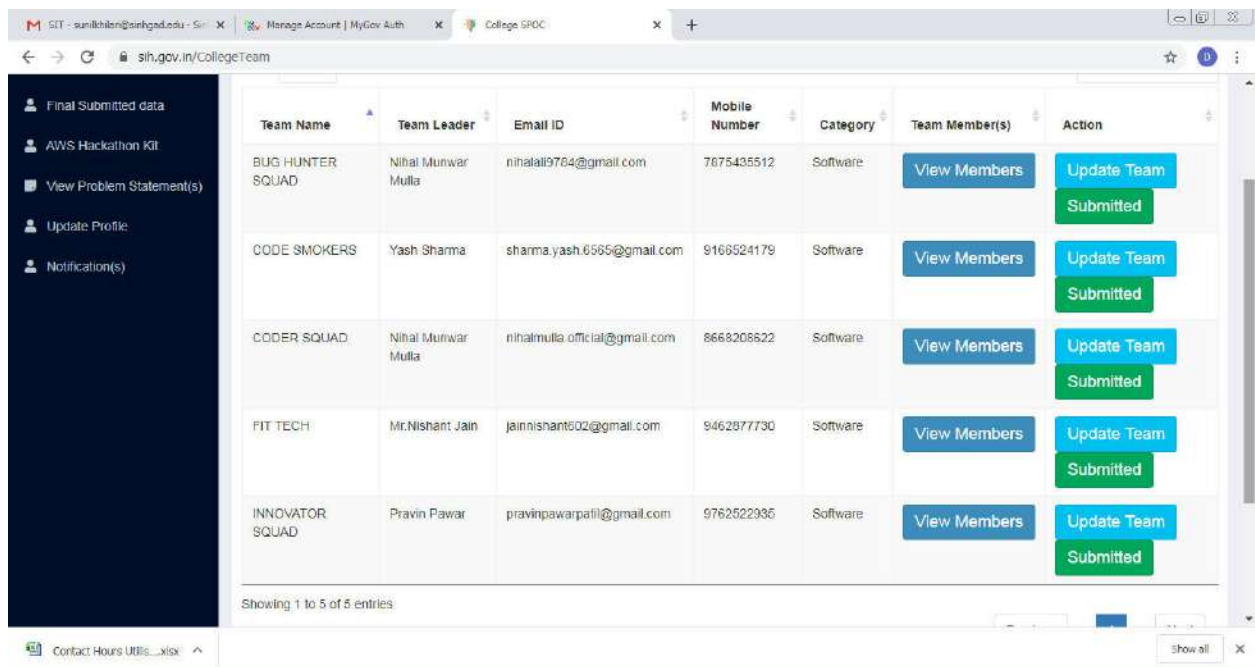

Regards,

Smart India Hackathon 2020 Team
