Campus life is dream that never abandons a student and is shining beacon in front of him. Sinhgad Institutes, Lonavala Campus has so far produced thousands of professionals and the Campus life, celebrations, sports, cultural activities etc has played a vital role in transforming students to professionals.

Living on Campus, many students expect their life, on their own, to be paradise. Life without curfews and many "house" rules would seem to be a student's first taste of being an adult.

Regardless of gender, race, religion, students celebrate Holi, Diwali, Christmas, Navratri, Eid and many such festivals. We consistently are trying to make this campus a place for comprehensive development of students.

More than 250 staff and families stay in the campus, which obviously makes students stay safe and harmless. The campus is constructed and equipped in a manner to not only serve academic education but to allow students showcase their hidden talent and potential through various activities and cultural festivals organized on the campus.

The Idea of SSC

Student organizations and clubs provide an outlet for students with similar interests to explore their interests through meetings; sponsorship of activities that bring awareness to the campus; and the coordination of other activities that help to establish a bond between the group members.
