A report on Guest Lecture

“Importance of Soft skills & Personality development”.

In Association with IETE, Guest lecture was organized on 2nd March 2023 by the Dept. of E&Tc. Mr. Nagesh Chavan, very eminent and eloquent speaker guided students of Second and Third Year E&Tc about “Importance of Soft skills & Personality development”. Students were excited to know how deeply refined soft skills affects on one’s career growth.

Speaker also elaborated the all the tools and techniques of soft skills which are necessary for personality grooming.

Session was totally motivating and with full of energy.

Overall it was very insightful and fruitful presentation.

A report on Guest Lecture

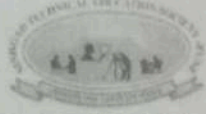

"Universal Human Values & Holistic Development"

The Guest lecture was organized on 26th April 2023 by the Dept. of E&Tc. Dr. Sandeep Patil, very eminent and eloquent speaker guided students of Second- and Third-Year E&Tc about " Universal Human Values & Holistic Development ". Students were excited to know importance of human values & holistic development. Speaker elaborated the Development of a holistic perspective based on self-exploration about themselves (human being), family, society and nature/existence, understanding (or developing clarity) of the harmony in the human being, family, society and nature/existence, Strengthening of self-reflection.

Session was totally motivating and with full of energy.

Overall, it was very insightful and fruitful presentation.

Notice

All students of SE & TE (E&TC dept.) are informed to attend a Guest Lecture on "Universal human values and holistic development" scheduled on Thursday, 26/04/2023 at 12.00 - 2.00 pm in E&TC seminar hall.

Prof. Usha Jambhale - *UJ*

Prof. P.G. Patil - *Patil*

Co-ordinator

Dr. K.M. Gaikwad

HOD, E&TC

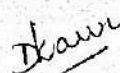

Induction Program: 2022-2023

Date:21/11/2023

Activity: Guest Lecture by Mr. AmolKarpe (ART OF LIVING) from 11.15am to 12.45pm.
 Mr. AmolKarpe, teacher of ART OF LIVING delivered excellent lecture on career, success and motivated first year students. The necessity of time management in daily activities was also stressed and students received some smart tips. He addressed students about the essentials while getting started with engineering studies. He guided students on some useful techniques on working smarter.

**The report on guest lecture of Complete Yoga and Meditation
on 23rd Sept 2022 SAE Kondhwa**

An Introduction to Himalyan Meditation and Mindfulness this event was organized by ITSA on 23rd September 2022. Chief Guest of event of Mr. Ashish Kalawar. Event started at sharp 11.00 am in presence of Chief Guest, Institute Principal Dr. K.P. Patil, HOD of IT department Dr. Shriram Kulkarni and other staff members. Chief Guest, HOD Sir and O.M. Gagah Sir were felicitated by rose flower. Principal and HOD of IT Department addressed students by saying few words regarding event. After felicitation, charge of stage was taken by Mr. Ashish Kalawar. With a peaceful mind and positive energy he started the session.

He told the importance of Meditation in students life also how to have control on our mind. "A balanced mind will have a balanced life" this was the quote of session. Staff members and students were enthusiastically participating in session. He also told how to empower our aura, boost inner self. Overall session was highly motivated with his words. Students realise the importance of meditation and yoga in their life. In between he took some yoga tasks and also conducted meditation for 20 min for everyone. He gave the knowledge of seven chakras in human body. He guided students for their bright future. Event came to conclusion with Vande Mataram.

"Disaster Management"
On
12th May, 2023

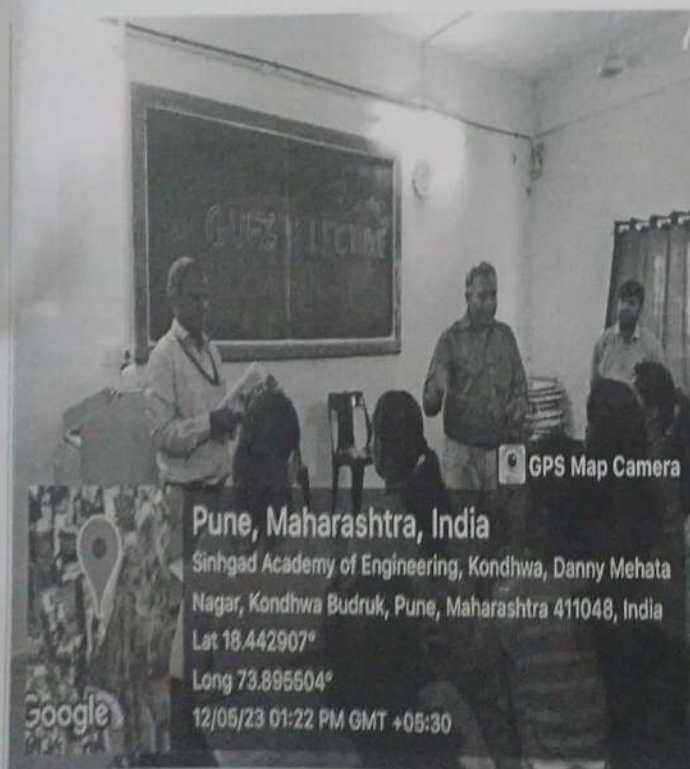

Civil Department organized a guest lecture for SE Civil students and faculties on the title "Disaster Management" on 12/05/2023, at 11.15am to 01.15pm in class room no. 23 at Civil Department. 48 students and faculties attended the guest lecture in offline mode. followed by question and answer session.

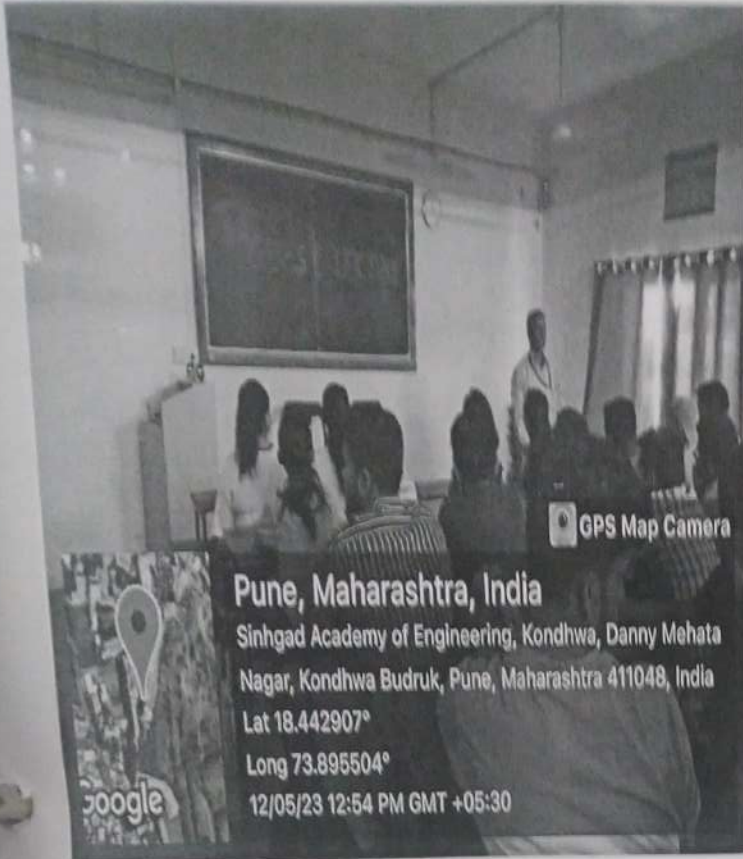

The dignitaries on the dais were Dr. Vijay Dhole (Chief Guest / Speaker), Prof. R. B. Bajare (HoD Civil), Mrs. V. V. Patil (Asst. Prof. Civil).

Dr. Vijay Dhole has 5 years of experience as a lecturer in Bharati Vidyapeeth and currently he is working as a Dean in Sinhgad Institute of Business Administration and Research, Pune from 2007. He is Acquaint with Human Resource Management.

Opening remarks and introduction of the programme was given by one of our student; he briefly introduced about programme and about chief guest Dr. Vijay Dhole, followed by felicitation of guest. Then Prof. R. B. Bajare, talked about the importance of guest lecture.

The key note address was given by, Dr. Vijay Dhole. He shared his knowledge about Disaster Management. He talked about importance of Prevention and mitigation of Disaster. Finally, question and answer session held by Dr. Vijay Dhole.

A report
on
"Techno legal Aspects and Arbitration in Civil Engineering Projects"

The event Discussion with Civil Students on "Techno legal Aspects and Arbitration in Civil Engineering Projects" organized by Prof. S. V. Dewalkar and Prof. G. S. Patil was started at 10:00 a.m on Friday, 23 Sep, 2022. Mr. Rajnish Bhosale was guest speaker of the event. The event was organized at Civil Engineering Department, Sinhgad Academy of Engineering, Kondhwa. The total no of participants were more than 60.

Organizers: Prof S.V. Dewalkar and Prof. G. S. Patil

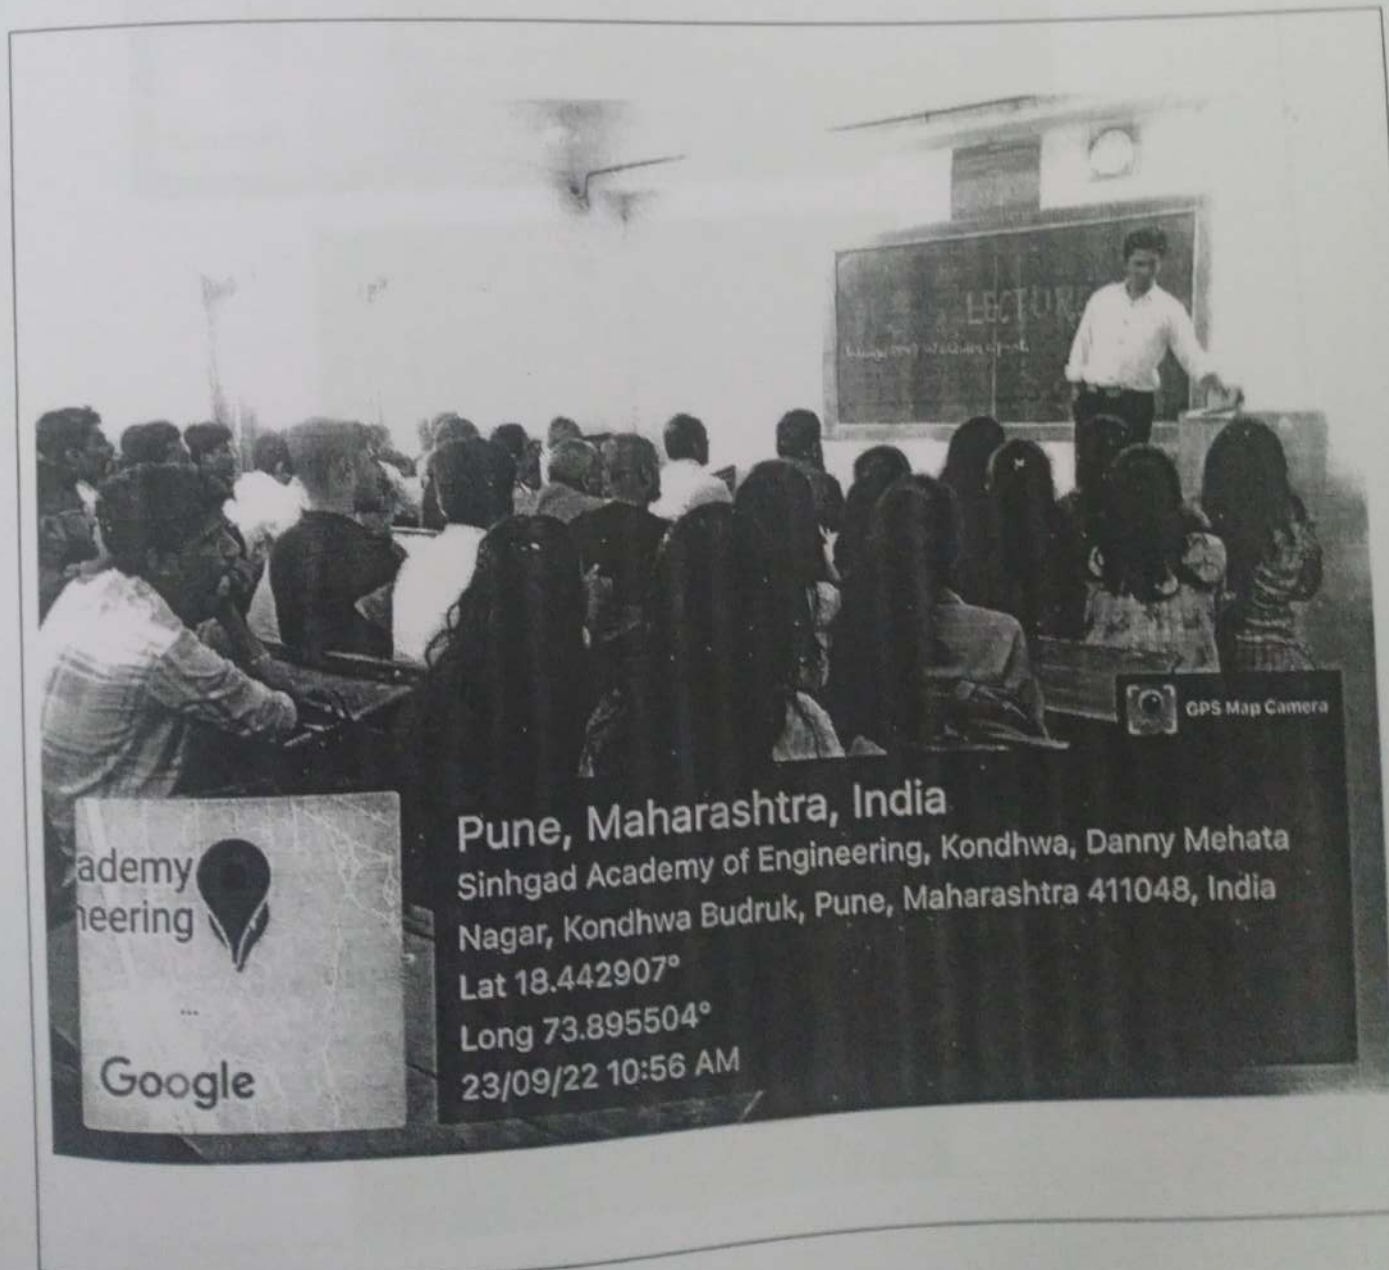

EVENT DESCRIPTION

Discussion with Civil Students on "Techno legal Aspects and Arbitration in Civil Engineering Projects" is an event held in SAE, Kondhwa and executed successfully and speaker was Mr. Rajnish Bhosale. He discussed with the civil students on Techno - Legal Issues in civil construction industry.

It is necessary that civil industry stake holders are knowledgeable enough to avoid the situations of disputes and litigation and are aware of the means of legal recourse and remedies. The resolution of

disputes and litigations starts from understanding the rights derived from statutes and standing for the same, without prejudice. Although, the industry does not possess comprehensive data on pre and live disputes and litigation, but certain sources indicate that about Rs 70,000 crores worth of money, adjudicated as arbitration awards is either pending for appeal or awaiting payment. Thus, disputes & litigation has grown as a major and unavoidable concern among construction industry players.

"Motivation For Students For Higher Studies"

REPORT ON "Motivation For Students For Higher Studies"

Venue: Class Room.

DATE: 14th February 2023

Desire to face the challenge in solving the unsolved problems, i.e., concern over practical problems initiates research; Desire to get intellectual joy of doing some creative work; Desire to be of service to society; Desire to get respectability.

Together with motivation, engagement is viewed in the literature as very important for enhanced learning outcomes of all students. Motivation is seen as a pre-requisite of and a necessary element for student engagement in learning. Student engagement in learning is not only an end in itself but it is also a means to the end of students achieving sound academic outcomes. This is important because authentic engagement may lead to higher academic achievement throughout student life.

Higher education plays a pivotal role in global development, in both the long run and the short run. In the short run, it improves employment opportunities for capable professionals. In the long run, it improves overall lifestyle and even leaves a lasting impression on the civilization.

In an individual's life, higher education can lead to better learning and problem-solving training. This, in turn, leads to better earning potential and employment prospects. The role of higher education at any level can never be overstated.

The Guest invited were alumini student Shivam Jangid ,Hod Of Computer Department Prof. S N Shelke Sir our teachers and SE Students ,who had grab the appourinity to listen the secession.

The event started at 11.00 am. This event started with brief introduction of host Mr. Shivam Jangid by Hod of computer department and further session was handed over to speaker. The speaker started session with higher studies its importance and significance.

Points disused.

1. Acknowledge your resistance and difficult feelings with motivation

It may be helpful to write these feelings or thoughts down and then leave these on the side so you can then study.

2. Do not run away

Avoiding work can make you feel deflated. This is emotionally more draining than having to go through the frustration of reading for your paper.

3. Do not blame yourself for procrastinating now and then

Try to become aware of the habit and gently make yourself to go back to the task sooner rather than later.

4. Try to understand your studying style better

What will make it easier for you to work? We are all prone to pleasant experiences and it is natural that we tend to avoid uncomfortable, dry chores and duties. So try to make your study experience as interesting as possible.

5. Don't question your abilities

Don't put yourself down by comparing yourself to others.

6. Visualise yourself starting

Make yourself sit down and work even if this is for just 20 minutes. See starting as a parallel process like a plane on a runway. You may start slow but you will still take off!

7. Focus on the task at hand

Prioritise the most important tasks and avoid multitasking.

8. Communicate to others any difficulties and/or what you intend to do

This can help you engage with the process and identify the important tasks. Communication / externalisation can help you to commit with immediate goals and you could also find out others points of view and tips.

9. Take a time limited approach in which you schedule your tasks

Ask yourself 'how much can I achieve in the next 2 hours?' instead of 'Can I complete all tasks?' In this way you do not get as easily overwhelmed by the volume of study you need to do.

10. Remember that studying can be challenging and take you out of your comfort zone

Think about the hiking of Mountain Kilimanjaro; it is not easy and can even be uncomfortable but the pleasure comes when you begin to see the view from height, feel the fresh air and when you reach the destination you get a sense of achievement and satisfaction. Focus on the outcome and not the struggle to get there!

This event was made a successful by delivering secession to students.

"Seminar on Higher Studies"

REPORT ON "Seminar on Higher Studies"

Venue: Computer Department.

DATE: 21st February 2023

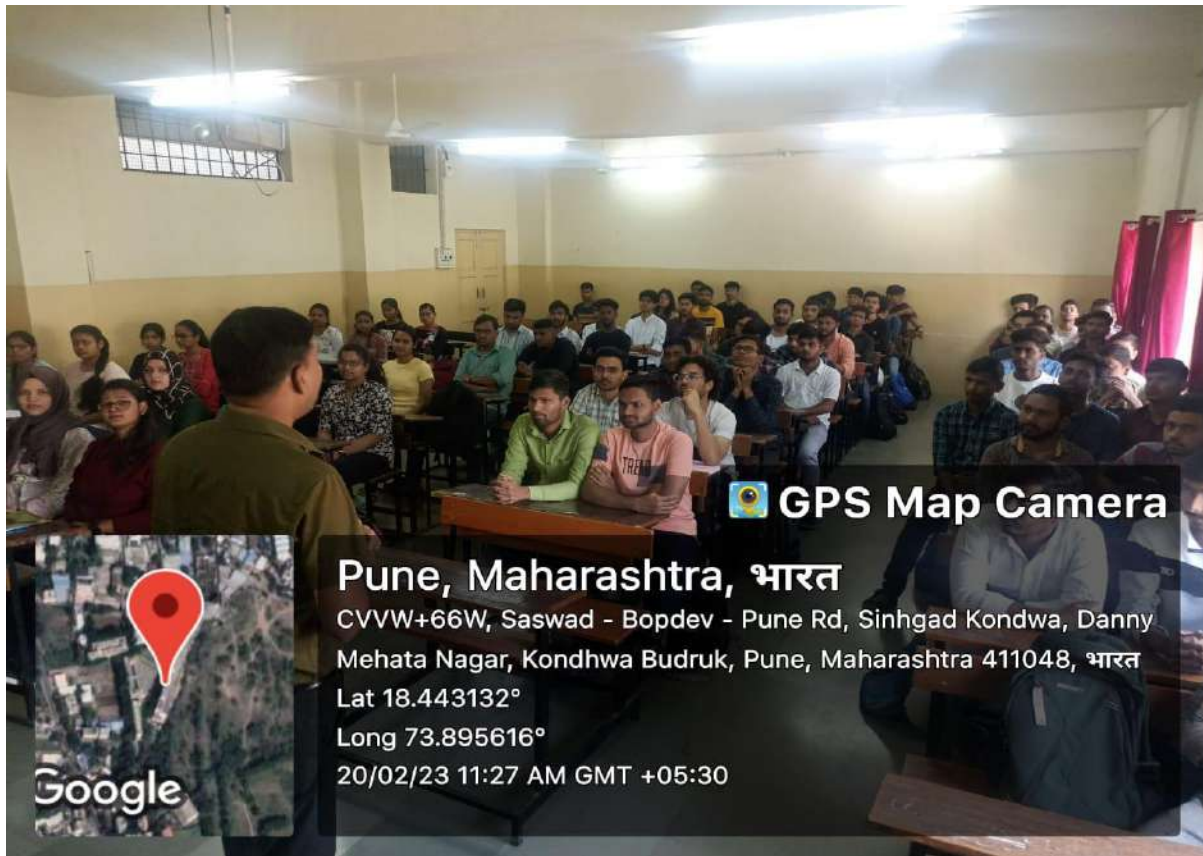

The one day Seminar on Higher Education Studies, inaugurated on 21st Feb 2023 at computer Department, Sinhgad Academy of engineering Kondhwa. The Seminar, which brought together prominent statisticians and policymakers from across the country and abroad, saw deliberations and discussions on the data collection mechanisms such as Administrative Surveys (AISHE) and Household Surveys, Classification of Educational Institutions as well as Educational Programmes and Student Portal. The main objectives of the Seminar were – Sharing the importance of standardization of concept and definition of education statistics;

- Sharing and learning from international experiences of quality, coverage and use of education statistics;
- Managing student portal;
- Classification of Higher Education Institutions;
- Identifying the key issues on the concept, definition between administrative and household.
- surveys on education statistics and identifying the next steps to harmonize the same;
- Making consensus among the different actors working/using education statistics on the concept, definition and other methodological issues.

The Seminar started on 21st Feb 2023 with the auspicious lighting of the traditional lamp by the dignitaries including guest Mr. Shubhash Pol, Business Development Manager, Edwise International, Prof. S.N. Shelke, Head of the Department. In his address, Mr. Pol pointed out that the government uses statistics for development of policy as well as evaluation of their programmes and schemes. However, he added, that there were some gaps in many areas in statistics related to Higher Education (HE) in India. To overcome the problem of under-reporting of statistics by institutions to the regulatory bodies, Mr. Pol suggested that the compliance issues can only be dealt with through legislative support. He even suggested bringing the

AISHE under the framework of the Collection of Statistics Act (2008) to ensure effective and wider collection of statistics. Speaking before him, Prof.S.N.Shelke said that though India was well on its way to achieve the desired number of HE Institutions, a lot of emphasis was required on collection of good data in this sector. In his address, Mr. Pol called the seminar an important and timely event while adding that the HE sector is facing a lot of challenges in the country, especially since the demand for HE has increased manifold in the past two decades. Speaking about the Higher Education Qualification Framework (HEQF), Global University Rankings and University Rankings within India. The Valedictory session for the event was chaired by Mr. Subhash Pol. He was joined on the dais by a host of dignitaries including Prof. S.N.Shelke, Head Of Department, Prof. A.N.Adapanwar, Assistant Professor, Prof. M.K.Ninangune, Assistant Professor, prof.G.S.Nikam Assistant Professor. The Seminar was organised by the department of computer engineering,Sinhgad academy of engineering,Kondhwa,Pune.

SINHGAD ACADEMY OF ENGINEERING, KONDHWA

" Seminar on Soft Skills "

REPORT ON " Seminar on soft skill "

Venue: Class room 128.

Date: 20th Feb 2023

Soft Skills is a very popular term nowadays, used to indicate personal transversal competences such as social aptitudes, language and communication capability, friendliness and ability of working in team and other personality traits that characterize relationships between people.

Soft Skills are traditionally considered complementary of Hard Skills, which are the abilities to perform a certain type of task or activity. Soft Skills are strategic to be successful in personal and professional life then is essential for the students when they try to obtain any kind of job.

Keeping this perspective in mind, the Department of Computer Engineering, had organized a seminar on soft skills. Mr. Nikhil Sakhare, motivational speaker and trainer was invited as the speaker.

The topics covered by him include the following:

1. The universal laws of Success
2. The universal techniques of education
3. Leadership skills.
4. Communication skills.

The speaker had a discussion with the students regarding the presentation of their skills during campus interviews. The students asked their doubts regarding group discussion and personal interviews. The topics for extempore were also discussed with the students.

At the end of the discussion, Prof. S. M. Shelke, Head of Computer Engineering Department, delivered a speech for the vote of thanks.

REPORT ON

“Guest lecture on cloud Computing”

Venue: Class Room.

DATE: 28th February ,2023.

The Department of Computer Engineering, Sinhgad Academy of Engineering, Kondhwa, organized a Guest Lecture on ‘Cloud Computing’, on 28th February 2023, in class room no.131. The purpose of this Guest Lecture was to familiarize students with the upcoming area of Cloud Computing and its applications.

The Guest Speaker was Mr. Zeeshan Lone. He has more than 5 years of experience in the IT field. The students of second year engineering and faculty members assembled by 2 PM at the class room The Guest Speaker Mr. Zeeshan Lone and Prof. S.N.Shelke HOD computer department were welcomed on to the dais. This event started with brief introduction of host Mr. Zeeshan Lone by Hod of computer department and further session was handed over to speaker.

Mr. Zeeshan Lone started his lecture by giving an introduction to Cloud Computing and its basic concepts. He then spoke about the importance of Cloud Computing in the IT field. He elaborated on the different models of Cloud.

He explained what the cloud computing exactly mean in real life. A cloud is a virtualized server pool which can provide the different computing resources of their clients. Users of this system need only be concerned with the computing service being asked for. The underlying details of how it is achieved are hidden from the user. The data and the services provided reside in massively scalable data centres and can be accessed from any connected device all over the world.

He further discussed different types of cloud computing. Also he motivated students that cloud computing enables innovation by alleviating the need of innovators to find resources to develop, test, and make their innovations available to the user community. Innovators are free to focus on the innovation rather than the logistics of finding and managing resources that enable the innovation.

The students actively participated in the event by interacting with Mr. Zeeshan Lone and asking interesting questions on Cloud Computing. The Lecture concluded at 3:00 PM, with thank you note by expressing gratitude to Mr. Zeeshan Lone for taking out time from his busy schedule and making the students aware of the basics of Cloud Computing

Introduction of host Mr. Zeeshan Lone by Hod of computer department

Student interaction and discussion with the speaker

SINHGAD TECHNICAL EDUCATION SOCIETY'S

SINHGAD ACADEMY OF ENGINEERING, KONDHWA

"AWS Awareness and Industry Standards"

REPORT ON "AWS Awareness and Industry Standards"

Venue: Class Room.

DATE: 12th April 2023

Security and Compliance is a shared responsibility between AWS and the customer. This shared model can help relieve the customer's operational burden as AWS operates, manages and controls the components from the host operating system and virtualization layer down to the physical security of the facilities in which the service operates. The customer assumes responsibility and management of the guest operating system (including updates and security patches), other associated application software as well as the configuration of the AWS provided security group firewall. Customers should carefully consider the services they choose as their responsibilities vary depending on the services used, the integration of those services into their IT environment, and applicable laws and regulations. .

The Guest invited were resource person Sourabh Chokkole, Hod Of Computer Department Prof.S N Shelke Sir our teachers and SE Students ,who had grab the appourinity to listen the secession.

The event started at 10.00 am. This event started with brief introduction of host Mr. Sourabh Chakkole by Hod of computer department and further session was handed over to speaker. The speaker started session with Awareness and Industry its importance and significance.

Points disused.

1.AWS responsibility "Security of the Cloud" - AWS is responsible for protecting the infrastructure that runs all of the services offered in the AWS Cloud. This infrastructure is composed of the hardware, software, networking, and facilities that run AWS Cloud services.

2.Customer responsibility “Security in the Cloud” – Customer responsibility will be determined by the AWS Cloud services that a customer selects. This determines the amount of configuration work the customer must perform as part of their security responsibilities. For example, a service such as Amazon Elastic Compute Cloud (Amazon EC2) is categorized as Infrastructure as a Service (IaaS) and, as such, requires the customer to perform all of the necessary security configuration and management tasks. Customers that deploy an Amazon EC2 instance are responsible for management of the guest operating system (including updates and security patches), any application software or utilities installed by the customer on the instances, and the configuration of the AWS-provided firewall (called a security group) on each instance. For abstracted services, such as Amazon S3 and Amazon DynamoDB, AWS operates the infrastructure layer, the operating system, and platforms, and customers access the endpoints to store and retrieve data. Customers are responsible for managing their data (including encryption options), classifying their assets, and using IAM tools to apply the appropriate permissions.

3.Inherited Controls – Controls which a customer fully inherits from AWS.

4.Physical and Environmental controls

5.Shared Controls – Controls which apply to both the infrastructure layer and customer layers, but in completely separate contexts or perspectives. In a shared control, AWS provides the requirements for the infrastructure and the customer must provide their own control implementation within their use of AWS services. Examples include:

6.Patch Management – AWS is responsible for patching and fixing flaws within the infrastructure, but customers are responsible for patching their guest OS and applications.

7.Configuration Management – AWS maintains the configuration of its infrastructure devices, but a customer is responsible for configuring their own guest operating systems, databases, and applications.

8.Awareness & Training - AWS trains AWS employees, but a customer must train their own employees.

9.Customer Specific – Controls which are solely the responsibility of the customer based on the application they are deploying within AWS services. Examples include:

10.Service and Communications Protection or Zone Security which may require a customer to route or zone data within specific security environments.

This event was made a successful by delivering secession to students.

A report on Guest Lecture

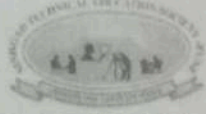

"Universal Human Values & Holistic Development"

The Guest lecture was organized on 26th April 2023 by the Dept. of E&Tc. Dr. Sandeep Patil, very eminent and eloquent speaker guided students of Second- and Third-Year E&Tc about " Universal Human Values & Holistic Development ". Students were excited to know importance of human values & holistic development. Speaker elaborated the Development of a holistic perspective based on self-exploration about themselves (human being), family, society and nature/existence, understanding (or developing clarity) of the harmony in the human being, family, society and nature/existence, Strengthening of self-reflection.

Session was totally motivating and with full of energy.

Overall, it was very insightful and fruitful presentation.

The report on 'Block Chain'

The Guest Lecture on 'Block Chain' was scheduled on 10/05/2023 (Wednesday) at 10:00 am to 1:00 pm for SEIT students. Resource person of this event was Mr. Tanmay Manikchand Jangde. Ms. R.R.Yadav. was staff coordinator for this Guest Lecture. This activity conducted under MOU. Guest Lecture started at sharp 10.00 am in presence of HOD of IT department Dr. Shriram Kulkarni and other staff members. Ms. R.R.Yadav introduced a resource person. After felicitation, Mr. Tanmay sir started with session.

He gave detail explanation about Block Chain technologies to implement mini project. He explained and in detail with some live examples and demo. Tanmay sir explored about the internship as well. Students asked many questions regarding the technical topic and internship. This session was help to students to get guidance regarding internship.

The report on 'More drawing tools using OpenGL'

The workshop on 'More drawing tools using OpenGL' was scheduled on 09/05/2023 (Tuesday), from 10:00 am to 3:00 pm for SEIT students. Resource person of this event was Mrs. Swati Shete. Mrs Poonam Y. Pawar was staff coordinator for this Guest Lecture. Workshop was started at sharp 10.00 am in presence of HOD of IT department Dr. Shriram Kulkarni and other staff members. Mrs Poonam Y. Pawar introduced a resource person. After felicitation, Mrs. Swati Shete started with session.

She gave detail explanation about 'More drawing tools using OpenGL'. She explained tool with live examples and demo. Madam explained about practical applications in OpenGL. Students asked many questions regarding the technical topic and practical. This session was help to students to get guidance regarding 'More drawing tools and applications'.

Subject :- Invitation for Conduction of Guest Lecture on engineers day on 15.09.2022.

Dear Sir,

I am writing on behalf of the Department of Mechanical Engineering of STES's Sinhgad Academy of Engineering. We are pleased to invite you to conduct a Conduction of Guest Lecture on engineer's day on 15.09.2022 for our Mechanical Engineering students.

The program is scheduled 15.09.2022, and we believe that your extensive knowledge and expertise in the field of automotive design and research would be of great benefit to our students.

As a highly regarded industry expert, we are confident that your insights and practical experience will be invaluable in providing our students with the tools and knowledge necessary to succeed in their academic and professional pursuits.

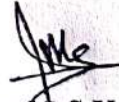

We will provide all necessary arrangements for this course and our faculty member Y K Dhage will also be on hand to assist you and coordinate in any way he can throughout the program.

We look forward to your positive response and confirmation of your availability for the program. Please feel free to contact us if you have any questions or require further information.

Thank you for considering our invitation.

Sincerely,

Mr. Y K Dhage

Guest Lecture on (Industry Orientated Seminar) “Advances in Mechanical Design Engineering”

Resource Person:- Dr. Dattatray Parle

Organized by:- Prof. S S Yevale Sir,

Conducted by: -Prof. Yogesh Dhage

Date:- 15th March 2022.

Department of Mechanical Engineering arranged a Guest lecture on “Advances in Mechanical Design Engineering. Event was conducted on 15th Sept. 2022 in online mode in association with MESA. Dr. Dattatray Parle was the speaker for this guest lecture. He is Technical Lead (Artificial Intelligence) at Nuclear AMRC, Sheffield, England. Dr. Dattatray Parle pursued Ph.D. and M.Tech. from IIT Bombay. Students were enlighten with various aspects of mechanical deign engineering with innovative and latest technologies. Prof. Y. K. Dhage was the coordinator of the event. His indescribable efforts made this event a grand success.

Sessions was very interactive with questions from students. Doubts cleared by speaker. Students were explored with vast area Mechanical Engineering software's were they can build their career in correct direction. Sir has elaborated basic fundamentals with PPT presentation which consists of so many examples, figures & pictures. Students shown deep interest in lecture and assured future work modeling software's.

The session was concluded with vote of thanks by Prof. Y. K. Dhage. All lecture activity supported by Mesa incharge faculty Prof J N Kajale.

NOTICE

All students and staff are hereby informed that Sinhgad Academy of Association Cell, Industry Institute Interaction Cell and Students Overseas Cell has organized an “Japan Tech Innovation Program (Online)”. This webinar will be beneficial for the SAE students for the higher education and Job opportunities in Japan. Details of it are as below:

Date: 10/02/2022

Time: 3.00 PM- 4.30 PM, online Microsoft Teams.

Online event conducted on 10.2.22 by JIWF & CodeTots Japan.

Programs Key Focus:

1. Internship/Job Opportunity
2. Japanese Language
3. Japan Tech & Innovation
4. Exchange Student program with Kanagawa Institute of Technology.
5. Mentor Program from Tech Leaders

CAREER OPPORTUNITY IN JAPAN

WITH AGING AND DECLINING POPULATIONS - JAPAN NEED FOREIGN EMPLOYEES

AT CODETOTS, WE AIM TO DEVELOP STUDENTS' READINESS THROUGH ACADEMIC COURSES, TRAINING WORKSHOPS AS WELL AS OFFERING JAPAN INTERNSHIP & WORK OPPORTUNITIES.

JOIN OUR INTRODUCTION SESSION TO LEARN MORE ABOUT THE PROGRAM

ALL OUR SPEAKERS

ANJANA SHINODA
JAPANESE LANGUAGE EXPERT
Speak like locals, understand Japan culture while learning the space

TAMIKO OHBA
CEO, JAPAN INDIA WOMEN
Contributing to Japan-India Interchange since 2000. Opportunities for students in Japan

SHREYA JAISWAL
ALUMINI - SINGHAD ACADEMY OF ENGINEERING
Professional & Personal life Japan

ABOUT OUR PROGRAM

Prime Focus us :

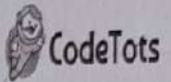

1. Internship & Work Opportunity in Japan
2. Japanese Technology & Innovations
3. Japanese Language
4. Mentorship from Japan Tech Leader
5. Exchange Program with Kanagawa Institute of Technology
