2.3.1 Student centric methods, such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences using ICT tools

Response:

The Subject Teacher used different student centric methods with the right blend of ICT tools to transfer knowledge about the subject area towards achievement of Vision and Mission of the Institute.

Faculty members use PowerPoint slides, videos and movies etc. while teaching. Faculty members have created Google classrooms to share the Course pack, study material etc. Separate PC is offered to each faculty member who is equipped with multimedia, software and an internet facility. The campus has Wi-Fi connectivity and high speed (**100 Mbps**) Internet facility. Well-equipped computer lab, Language lab with internet facility is available to the students. The Digital Library is provided to students for referring E-resources.

Classrooms are equipped with facilities like projectors for presentations, audio visuals. All the computers are connected by Local Area Network (LAN). Students are also encouraged to give presentations by using ICT tools.

- Facilities like Wi-Fi and internet keep students connected to huge knowledge.
- Institute has excellent infrastructure in the form of ICT enabled classrooms for making teaching more comprehensive.
