14. Whether AQAR was placed before statutory body ?	No
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	No
16. Whether institutional data submitted to AISHE:	Yes
Year of Submission	2019
Date of Submission	02-Feb-2019
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	Management information system or MIS is a central data repository for not only gathering and storing data but also for analyzing and improving the performance of an organization. A management information system (MIS) at NBNSTIC assists higher authorities for decisionmaking, coordination, control, analysis, and visualization of information about various activities of college. The study of management information system examines the performance of students as well as faculty. The ultimate goal of the use of a management information system is to improve the teaching learning process. NBNSTIC has online system for 1) Monitoring daily attendance of the students 2) Observing the feedback from various stake holders through Google form sharing 3) Monitoring of internal Exam results through Google sheets

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The college is affiliated to Savitribai Phule Pune University (SPPU), Pune and follows the curriculum prescribed by the university. Our academic calendar is based on the timeframe provided by the university. The Heads of all the departments prepare academic calendar and guidelines after discussing the pros and cons of each. This academic committee decides the best methods to successfully implement the curriculum. Commencement and conclusion of academic term, unit tests, oral/ practical examination schedule, mock oral /practical schedule, midterm submission etc. is clearly indicated in the one page academic calendar and made available to the stakeholders and teachers to plan the academics. IQAC ensures effective delivery of the curriculum by properly implementing the plan. A choice of elective subject to be opted in final year is taken from the third year students during their end semester examination. Depending upon the majority of students opting for a particular subject, the elective subjects are finalized and faculties having flair for teaching that subject are allocated those subjects in teaching load distribution. At the end of the term, a subject choice sheet for the next semester is circulated in the department. Based on the experience, choice and previous performance, theory and practical load is distributed among the faculty members so that they can prepare notes and course file of the allocated subjects. Faculties prepare course files for the allocated subjects, which includes subject notes, teaching plan, lab plan, planning of teaching aids, University question papers etc. Course files of all faculties are checked by the HOD to ensure smooth conduction of lectures and practical by the faculty. Laboratory manuals are also prepared for smooth conduction of practical. Timetable for various classes is prepared by the timetable in-charge. Master timetable, Individual timetable, laboratory time table are prepared. All these Timetables are duly signed by the HOD and Principal. Members of Internal Quality Assurance Cell (IQAC) monitor daily attendance of students and conduct of academics. If required, give feedback to the faculty to improve the performance. IQAC takes online feedback about Department, Institute and teachers from students and based upon the feedback, IQAC members give suggestions/guidelines to faculties to meet learner's requirement. In critical cases, it is ensured that the feedback is improved and faculty has adapted himself/herself to cope up with learner's suggestions. College has teacher guardian scheme under which a batch of maximum 20 students is allocated to one faculty (TG) and TG has to take care of those students as if he/she is local guardian/parent/mentor of the student. Unit tests, retests and prelim exams are conducted as per SPPU examinations pattern for the self-evaluation of the students. Mock Oral/Practical sessions are conducted to make student aware about oral/practical examination. Extra lectures are conducted for direct SE admitted students who report late to the institute.

1.1.2 – Certificate/ Diploma Courses introduced during the academic year

1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes

Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
1.Feedback System a.Students: Feedback Taken – YES / NO: Yes Feedback was taken for SE, TE and BE students in January 2019 and August 2019 using electronic feedback system. A google form for feedback about teachers is shared with the students. The teaching process is monitored through online feedback from students and oral feedback from students by Head of Department. Teaching methodology of a faculty is assessed on different set of parameters. Student feedbacks are collected periodically when teaching is in process. Head of the department reviews and discusses with those faculties whose feedback is not up to the mark. This feedback really helps to improve his/her weakness as well as it helps to bridge up the gap between faculty and students. Process of Feedback from Students: 1. After 34 weeks of teaching Feedback about faculty is taken from the students through Google Forms. 2. Each student can give feedback only once. 3. Feedback is collected for all the faculty members according to their teaching subjects and practical. 4.Following evaluation parameters are included in feedback form 1.Preparation for the class and discipline 2.Sharing of study material with students 3. Punctuality and utilization of class time? 4. Board writing and Presentation? 5.Oral Communication 6. Use of Information and Communications Technology (ICT) resources? 7. Methods used for effective and innovative teachinglearning (e. g. brainstorming, discussions, real time examples)? 8. Timely coverage of syllabus and creation of interest in the subject? 9.Discussion on real world applications and contents beyond syllabus 10.Technical knowledge of the faculty 11.Availability of teacher for doubt clearing 12.Timely correction of exam papers and assignments and its feedback sharing Analysis / Suggestions YES/NO: Yes Overall analysis of feedback of faculty is good. Head of the department or IQAC members give suggestions/guidelines to faculties to meet learner's requirement. Based on the analysis corrective instructions are conveyed to respective subject teacher. Actions for Improvements (State in few words): Teachers having very poor feedback are in exceptional cases replaced by the IQAC (Internal Quality Assurance Cell) or if the feedback is average then the parameters wherein the teachers are supposed to improve are analysed, such teachers are counselled by senior faculties from IQAC and the teacher is advised and demonstrated with the methodologies to improve upon teaching learning process. As an example, teachers having problems with oral communication are suggested to undergo the course in English language laboratory to improve upon their oral communication. In critical cases, it is ensured that the feedback is improved and faculty has adapted himself/herself to cope up with learner's suggestions. The faculties are asked to improve upon their preparation for the class, knowledge in the subject and to correlate the subject with real time examples. b.Employers / Industries: Feedback Taken – YES / NO: Yes. Central Placement Cell (CPC) takes feedback from industry. Feedback is taken from recruiters, when they come for campus recruitments by T P cell of the institute. In order to know the expectations of the employer from the graduate engineers

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

2.1.1 – Demand Ratio during the year

2.3 – Teaching - Learning Process

2.3.1 – Percentage of teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. (current year data)

Number of Teachers on Roll	Number of teachers using ICT (LMS, e-Resources)	ICT Toolsand resources available	Number of ICT enabled Classrooms	Numberof smart classrooms	E-resources and techniques used
120	75	25	21	3	22

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

The institute has Teacher Guardian (TG) scheme for counselling the students, which satisfies the mission statement of the institute towards the holistic development of students. Under this scheme, every teacher is assigned a group of approximately 27 students. The TG conducts regular meetings with assigned students. The students can discuss their personal problems with the TG in the meeting and /or he / she can discuss it in person. The parent remains in with TG to know the progress of their ward.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
346	90	1:27

2.4 – Teacher Profile and Quality

2.4.1 – Number of full time teachers appointed during the year

No. of sanctioned positions	No. of filled positions	Vacant positions	Positions filled during the current year	No. of faculty with Ph.D
107	109	0	8	13

2.4.2 – Honours and recognition received by teachers (received awards, recognition, fellowships at State, National, International level from Government, recognised bodies during the year)

Year of Award	Name of full time teachers receiving awards from state level, national level, international level	Designation	Name of the award, fellowship, received from Government or recognized bodies

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The major evaluation reforms initiated by the institution on its own are as follows: The evaluation scheme reforms are comprised of continuous evaluation throughout the semester. The components for continuous evaluation are attendance, understanding of concept, case study, class test, field visit, simulation, home assignment etc. The marks of term work / internal is based on continuous evaluation. The institute has implemented mock practice session through Eexam portal for first year and second year engineering students. The institute conducts unit test/ tutorial / preliminary test and mock practical sessions to make students aware about their preparations and declared the result in eight days. The institute also takes mock presentations of seminar, mini projects and projects. To meet recruiter's expectations institute organizes various programs / events in view of bridging the gap between Institute and Industry. The teachinglearning process was shifted in interactive, project, and group based approach so as to make ease of answering the application based questions by students. Acquainting students with the online examination system, the institute provides practice Multiple Choice Questions (MCQ) through Eexam portal. Ensuring the fulfilment of the parameters of continuous evaluation through completion of term work, conduction of mock practical and oral examination prior to university examinations, conduction of online, in semester and end semester examinations.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

For the qualitative implementation of teaching and learning, the institute plans and organizes teaching learning and evaluation schedule. Academic Calendar: In line with the academic calendar of SPPU, the Institute prepares academic calendar. It comprises of internal, university examinations, midterm submissions, STP, VAP, AMCAT tests, QALR tests, Industrial visits, seminars and guest lecturers etc. Teaching plan of each subject teacher is prepared on the basis of academic calendar and curriculum. Content beyond the syllabus is also planned to meet the objectives of the course. Evaluation process: Attendance Monitoring: Cumulative attendance of students is displayed monthly on the notice board. If needed TG interact with students if his/her attendance is not up to the mark, and the same is also communicated to their parents. Continuous Evaluation: The department monitors the attempt/participation of the students in laboratory work through continuous evaluation process, accordingly the student gets internal marks (Term work marks). Unit Tests and Prelim Examinations are conducted in each term. The examination performance of the

students is monitored. Teacher Guardian counsels the students about the academic performance. Mock online tests are conducted for SE students and results are disclosed to students. Mock practical and oral exams are also conducted and performance of the students is evaluated and informed to all students. University Evaluation: At the end of term, SPPU conducts examination and evaluates the student's performance and offers the marks/ grade for the same. Extra efforts and remedial measures: After each internal test, mock test or university examinations, result analysis is done. Academically weak students are identified and extra sessions are scheduled for them. Head of the department takes a review of the result analysis. Remedial lectures are scheduled for failure students. AMC also takes review of result analysis as well as feedback and suggests corrections needed.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	? Curriculum Development The institute is affiliated to SavitribaiPhule Pune University (SPPU). The curriculum is developed by SSPU Pune and it gets upgraded after every 4 years. Board of studies (BoS) is a body in the University to formulate the curriculum. Faculties are actively participating in the process of design and development of curriculum at various levels such as member BOS, coordinators for subject revision, etc.
Teaching and Learning	For carrying out effective and smooth teaching learning process, every department makes necessary preparations before the commencement of semester. The effectiveness of teachinglearning process is ensured by the members of IQAC. Some of the steps which are followed while implementing theteaching learning process are: • Academic related programs such as Train the

	Trainers (TTT) and Faculty Development Program (FDP) are organized for faculty by the institute and University respectively for different courses. • Course allocation to faculties prior to start of semester • Preparation of departmental Academic Calendar and Teaching Plan • Defining Course learning Objectives and Course Outcomes • Preparation of Lecture notes • Modifying the laboratories to cater for the needs of revised syllabus and new technology • Monitoring the teaching process through Online feedback from students, Oral feedback from students by Head of Department, Academic audit by peer committee, Result analysis for internal as well as external (University) examinations.
Examination and Evaluation	•Internal Mock tests (for Online exam and Practicals), Unit tests and Preliminary examinations (Theory) are conducted at institute level. • Evaluation is done by the respective subject teachers and discussed with students. • External theory examination and practical/oral examinations are conducted by SPPU as per their rules and regulations. • Institute maintains overall analysis of the examination results.
Research and Development	The institution has a central research committee (RC) to monitor and address the issues of research. For developing the research culture, various departments of the institute have signed MOUs with industries. Institute motivates the faculty to undertake research activities through post graduate studies and doctoral studies. It motivates them to publish research papers
Library, ICT and Physical Infrastructure / Instrumentation	The Library is automated with AUTOLIB library management software and the operations of cataloguing, circulation, stock verification have been automated. Online Public Access catalogue (OPAC) enables user to search the books in the possession of the library. Library also provides reprographic services, current awareness services, inter library loan, referral services and book reservation facility.In house/Remote access to epublications is made available through internet, WiFi and Library Portal. A wellequipped Digital Library with 30 nodes having internet connectivity is

		housed in the Central Library for access to epublications.In order to update users about the latest technology, library subscribes to eresource packages of Elsevier ejournal (Science Direct).Reading room is available 24x7 hours. Internet service, Governing Education Management System (GEMS) and WiFi facility has been made available to the faculty and students in laboratory and faculty room.LCD projectors are installed in all classrooms few computer laboratories for online demonstrations of the practical course material. Online eExam portal provides multiple choice question banks for getting command over online examinations. All the departments have well equipped laboratories, as per the norms prescribed by various affiliating bodies. Every department has a multipurpose seminar hall equipped with LCD projector and PA system.
	Human Resource Management	The service rules, Paypackages and other facilities are given to faculty and staff as per norms by SPPU Govt. of Maharashtra. For professional development of the human resources, the institute encourages the faculty and staff to undergo development programs outside the institute, provides technical resources and financial assistance to undertake such development programs. Partial financial assistance is offered to faculty for participating in various STTPs, FDPs, workshops, webinars, seminars and conferences. The facilities like 1) EPF 2) Gratuity 3) GIS 4) EMBF and leaves like CL, SL, Maternity Leave, EL, Vacation are given to faculty and staff as per norms.
